ABOUT PEOPLE AND THINGS

CURRENT COMMENT ABOUT PEOPLE AND THE THINGS THEY ARE DOING HERE.

The completed plans and specifications with estimates for the new Lincoln County Court House should be here within a short time now. Architect Berlinghof has written that he has been delayed in getting some of the estimates on the smaller lines but that the work is progressing nicely and will be ready on schedule.

Superintendent Littell told us the other day about his trip to Idaho and back through Yellowstone Park. His descriptions of the roads in the mountains were such that we decided right then and there that we would walk when we go west again. He told of the beauties of the scenery and we felt that we would like to go out to Idaho and live.

Ground is being turned this week for the new Standard Oil Co. Service Station at the northwest corner of Sixth and Locust. This ground was bought by the Standard Oil Co. several years ago and has been vacant since. The new building is said to be one worthy of the company which is building it. No announcement as to who will run the station has been made. It is to be completed within sixty days.

Another room is being added to the new building which has just been completed by the S. & R. Service Station at the corner of Sixth and Locust. It connects the Economy Grocery and Dedmore's. It is to be occupied by the Vesta Battery station which is in the room facing north but has moved on account of lack of room. The new building will be one story and in the same architecture as the other rooms of the building.

R. L. Cochran, returned Wednesday from several weeks visit in the west. He and Mrs. Cochran went to Los Angeles where Roy attended the Elks national convention as a delegate from North Platte lodge. They went to Portland, Seattle and Pocatello. Here Mrs. Cochran will visit until next week with her mother and sister Roy came on home to attend to important business matters. He is especially enthusiastic about the treatment of the delegates while on the coast and told of the trips both in California and in the north-west, which were arranged for the entertainment of the Elks.

Central Labor Union was distributing notices on the street yesterday telling the public to beware of anyone who claims to be connected with the American Federation of Labor and who is soliciting advertising. Particular attention was called to some men who are supposed to be headed this way and who are selling space on a "Friends of Labor" poster. It is fitting that any organization whose good name is endangered should warn the people against those who are irresponsible and attempting to do harm. The merchants here appreciate such service on the part of Central Labor Union.

The County Agent says: "The best method for treating smut is by floating the grain in formaldehyde solution. If the grain is stirred or agitated under the water or allowed to fall through the water it floats all of the smut balls, together with other trash to the top and prevents the smut balls from breaking and spreading the spores through the treated grain. Machines are made for this purpose but the work can be done by hand for small amounts of grain. If elevators do not care to operate one of these machines at cost for the purpose of getting better wheat, the farmers might buy one co-operatively for each neighborhood."

The concert to be played tonight by the Chamber of Commerce Band is unique in one particular at least. Every number of the program was written by Karl L. King. Mr. King has charge of a band at Fort Dodge, Iowa. At one time he was bandmaster for Sells-Floto and later for Barnum & Bailey. It is customary for a composer to confine his writings to marches or waltzes or overtures or some other style or movement in music but Mr. King has broken all rules and has written masterpieces in most of the different departments. Those who hear the concert tonight and give close attention, will place Mr. King among the leaders in modern band composition.

The new game and fish laws say that "it shall be unlawful for any person over 16 years of age to hunt or fish without first having procured the proper license. Any person means boy or girl, man or woman. A license costs \$1.00 and can be procured of the County Clerk for one dollar. It is good for the year. Every person in the fishing party must have a license. A man must have a license and his wife must have a license and each of his children over sixteen years of age must have a license. If the family goes hunting or fishing. The state is full of deputy game wardens and prosecutions and convictions are of almost daily occurrence in Lincoln County. Four men were convicted Monday of this week and four again on Tuesday. The best way is to get the license and then it will be on hand when wanted."

Arvilla Whittaker wishes to announce that the Specialty Shop is well stocked with D. M. C. threads in all the new, beautiful shades; also new stamped articles in linens, muslin and flannel, and linens by the yard. 508 Locust street. Leo Sheedy returned to Cheyenne yesterday after attending the funeral of his brother Wm. Sheedy.

NEW LAWS GO INTO EFFECT

ACTS PASSED BY THE LAST LEGISLATURE GO INTO FORCE THIS WEEK.

The laws passed by the last legislature may be classified as those which state when they shall be in force and those which do not. Those which do not carry an emergency clause become operative three months after the legislature closes. That was July 28. So all the laws are now in force except those which have been held up pending the referendum vote. The road laws have many changes including the auto laws and the much talked-of lens law. There are many changes in the statutes regarding procedure in courts and legal matters. The game and fish laws have been changed in many ways and they are now in force.

One of the laws which went into effect this week is that regarding the legal age of girls. It is now 21 instead of 18. No longer can a young lady get a license to wed without the consent of her parents, if she is under 21. She cannot sign legal documents until she is as old as her brother must be when he can sign them.

It will be necessary for the law abiding citizen to find out what changes have been made in the laws and to note those with which he is likely to come in contact or he may violate them without intent.

Miss Ruth McClanahan of Beatrice is visiting for two weeks at the homes of her uncles John and Luther Tucker.

Derryberry & Forbes has presented a kitchen range to the cabin at the Campfire girls' camp. Simon Bros. made and gave them a hot water reservoir and the whole thing is set up ready for use. The cabin still needs some kitchen utensils and chairs and tables. These would be welcome donations from anyone.

Don't fail to attend the two day choice of the house sale of any spring silk dress, suit or coat at \$25.00 at Block's.

Word was received here last night from Ocala, Fla., of the sudden death of Thos. P. Sheahan. Mr. Sheahan was a brakeman on the Union Pacific here and left last spring for Florida on account of his health. He leaves a wife and step-daughter. He is a brother-in-law of John Frederici of this city. No arrangements have yet been made for the funeral.

Clay Moore and Albert Grey who were picked up here by Chief Spillner Wednesday were taken to Julesburg, Colo., yesterday by Colorado authorities. Wednesday morning one of the boys entered the Stack & McGovern grocery store and displayed a pocketful of nickels and dimes asking for big money in exchange. Mr. Stack suspicioned the boy and after exchanging his money called the chief. Mr. Spillner held the boys and later received a telegram to be on the lookout for them. They stole \$10 from a Julesburg pool hall. Colorado authorities identified them yesterday and removed them to Julesburg. Both boys are about seventeen years of age.

NORTH PLATTE DAY AT PLATTE RIVER ROUND-UP WILL BE A BIG EVENT

The management of the Platte River Round-Up and Pioneer Days Exhibition which is to be held on the old John Bratt ranch northwest of Sutherland has suggested that one day be designated as North Platte Day. The Chamber of Commerce has been asked to take up the matter and at a meeting held yesterday it was discussed. The full board was not present on account of some of the men being out of town on vacations, but the sentiment of those who attended was that North Platte give the Exhibition its support and go the limit in attendance. It was proposed to take the Chamber of Commerce Band and as many citizens and members of the Chamber of Commerce as could get away and make an excursion to the ranch. Leaving here at nine o'clock in the morning the scene of the celebration could be reached by ten or a little after. The return could be made at any time that it would suit the convenience of the different parties. No definite action was taken but it is probable that it will be worked out at the next meeting.

SIDNEY BOOSTERS TO MEET THE AMERICAN LEGION TEAM IN A GAME SUNDAY.

The North Platte American Legion Ball Team plays the Sidney Boosters Sunday and Monday at the Fair Grounds. Sidney has an all starred ball team and every man is an ex-leaguer. They are no doubt the fastest team in the state and the fans will get a real treat in watching the way they handle the old apple. Tottenham and Fussell will do the twirling for the locals.

Mr. C. F. Rhine of Salina, Kan. arrived here Monday to visit his sister, Mrs. M. J. Trego, 209 E. Second. Mr. Rhine is acquainted with a number of the local musicians as he played with the local band during the County Fair in the fall of 1917. He is a good solo cornet player.
