GOOD-LOOKING GLASSES

It is no longer a hardship to wear glasses. Modern styles are very becoming, and they can with a view of suiting the individual. Even if this were not so, it would be unwise to neglect the precious organs of eyesight. Take care of your eyes. Have them examined, and if you need glasses, wear them.

Live Upon Ever Clean Rugs

As recently as last fall, your rugs were taken up and cleaned. Yet they are packed, once more, with dirt. Tap your shoe on any rug and see the dust arise.

Daily that gritty dirt, laden with germs, is tracked in from the streets. Tramped under foot, it settles deeply into rugs, out of reach of hand sweeping, to grind off nap and menace health.

The bother and expense of frequent outdoor cleanings once excused its accumulation in rugs. Present standards of cleanliness do not.

For it is now easy, with The Hoover, to beat out all such nap-wearing, disease-bearing grit from rug depths.

At the same time, this efficient cleaner also sweeps up stubbornest litter, erects crushed nap, revives dimmed colors, and powerfully cleans by air suction.

The Hoover does all this in one rapid, dustless operation, guaranteed to prolong rug life and to clean thoroughly. Its air-cleaning attachments also permit dustless "dusting" of upholstery, portieres, etc.

Why not live amid cleanliness the year around, enjoy better health and preserve your rugs from wear? Repeatedly a Hoover thus saves its cost.
