David said—"Keep thy tongue from evil and thy lips from speaking guile; depart from evil and do good; seek peace and pursue it"—Psalms 34:13, 14.

Robert R. Lee said—"Remember that we are one country now. Do not bring up your children in hostility to the government of the United States. Bring them up to be Americans."

April sales of Sears Roebuck & Co. and Montgomery Ward & Co. totaled \$22,070,272.00. How much of this represents a loss to the merchants of North Platte because they did not advertise their goods and prices to the people of this vicinity? North Platte retail merchants have the goods, they have the prices and should make the sales instead of letting the mail order houses do it. But some of them do not let the people know about their goods and their prices.

"Business is simply organized service," says one writer. He asks us to think it over and the more we do the more the truth of the saying impresses itself upon us. Formerly business was cut throat competition and only a few business men survived. Now they have come to realize that there is no lowest price but that someone can go lower. A business whether that of the retailer, the farmer or the manufacturer is entitled to a fair amount of profit on the investment, the amount depending upon the amount of service rendered. Imitation does not kill the value of the original. Business men should try to meet the service of their competitors and the question of price will take care of itself. Business is simply organized service administering to the imperative needs of humanity.

In the removal of W. C. Shelver, North Platte has lost an earnest booster and a good citizen. He has at all times stood for what is right and fair as he saw it and that is more than most of us do. He has had to antagonize some of the men for they have not at all times done the right thing and it was his duty to keep them lined up. To those on the outside he has appeared to be an intelligent official, who had the interests of the company ever in mind and who was doing his best to work for those interests. And Mrs. Shelver will be missed by the ladies of the city. She was as active in church, club and social work as her health would permit and made many warm friends here. The Tribune wishes both Mr. and Mrs. Shelver the best of success and many good friends in their new home.
