Koch who took as his subject the theme, "Thanksgiving Sacrifices". Miss Caryl Derryberry sang a solo with Mrs. Meyers accompanying at the organ. A collection was taken for charitable purposes.

Wm. Gadeke of Somerset was a business visitor in the city the first of the week.

Mr. and Mrs. Fred Frederickson and son Morton spent Thanksgiving in Keystone at the Louis Sillases home.

SHORT STORIES OF PEOPLE AND THINGS

ITEMS OF INTEREST ABOUT RECENT HAPPENINGS IN THIS COMMUNITY

Mr. Fraser, the evangelist, went to Hershey yesterday morning and gave the sermon at a union Thanksgiving service there in the forenoon.

During the past month only thirty-two automobile licenses have been issued by the County treasurer. This is for 1922 but five licenses have been made out.

The Union Revival came to a close last night with an enthusiastic meeting at the Methodist church. Mr. Fraser left on a night train for his next work which is in Oklahoma.

In the race for the state high school football championship, Kearney defeated Alliance yesterday and Lincoln defeated Cambridge, leaving Lincoln and Kearney the only undefeated teams in the state. The state board of control has arranged for a post-season game between these teams at Kearney next Friday.

James Shaw died at his home at 320 East 8th Street Wednesday evening. He was 83 years old. He leaves to mourn his untimely decease his wife and one daughter besides other relatives. The funeral will probably be held Sunday. Burial will be made in the Fort McPherson National cemetery.

At a meeting of the board of county commissioners last Monday permission was given the villages of Brady and Maxwell to use certain public roads for the construction of a transmission line from Gothenburg. These roads were carefully designated and were selected so as to safeguard the existing telephone and telegraph lines.

The Committee of One Hundred of Lincoln county is congratulating itself since the election that the men endorsed by it were nominated in every instance. The committee now numbers nearly five hundred members and is growing constantly. Its membership consists of those who want the present liquor laws of the state and nation enforced and those who do not want a change made in the liquor laws which will legalize the sale of light wines and beer. It is expected that the membership will reach two thousand before the next election.

Treasurer Souder received an offer the first of the week from the tax representatives of the Burlington railroad saying that road would offer 65% of its 1922 taxes in Lincoln county if they would be accepted and asking Mr. Souder if he would take that partial payment until the courts could decide as to the legality of the

ONE VICTORY FOR NORTH PLATTE IN DUAL FOOTBALL GAME

In a dual game yesterday North Platte won from South Omaha by a 19 to 7 score and the North Platte second team lost to Maxwell, 25 to 9. Touchdowns were made for North Platte in the Omaha game by Wilson, Yates and Reeter. The work of the local team showed up well and especially runs by Shaner and passes by Stroup. This game was the last one of the season and ends a very successful football year for the local grid-sters with but two defeats, one tie and seven victories.

Mr. and Mrs. A. E. Stamp and daughter spent yesterday in Council Bluffs with relatives. Mr. Stamp returned this morning and Mrs. Stamp and daughter will return tomorrow.

Mr. Souder promptly replied that he would not accept anything less than 100% of the railroad taxes of any railroad any more than he would accept it from any private citizen or other corporation. It is not known just what action the company will take under these conditions.

The Lincoln county committee for the University of Nebraska Stadium fund faced a big task when it was given a quota of \$1,500 but it tackled the job with energy. A local committee was appointed and representatives were named in each of the localities in the county where alumni or former students now live. Personal solicitation was the method decided upon and the committeemen were provided with lists of former students of the University. The amount is in sight if those yet to be seen will do as well as those interviewed so far. It will be a wonderful thing for Nebraska to get such a building for the great University.

There is a movement on foot to make R. L. Cochran of this city State Engineer. The appointment lies with the governor and he is being urged to consider Mr. Cochran's name in this connection. The suggestion is very opportune. The place will be vacant after the first of January as the present incumbent has accepted another appointment. Mr. Cochran has been working with the state engineer's office for several years and knows the work. He has the highest credentials and has earned an enviable position as an engineer in the years he has been following the profession. He has a wide acquaintance over the state and this would be an asset in such a position. His ability has been demonstrated in every line of engineering he has undertaken and the governor could do no better than make the appointment and do it now.

MERCHANTS READY FOR HOLIDAY TRADE

STOCKS OF CHRISTMAS GIFTS WERE NEVER LARGER-NOR BETTER

With the close of Thanksgiving festivities preparation for the Christmas holidays has begun. Thanksgiving came later than usual this year and that prompted some merchants to start the holiday advertising last week but the big volume of promotion will begin today. Christmas gifts and giving has come to be quite an institution in this country and the merchant who does not provide for it is more than likely to find himself out of touch with the business world at this season of the year. Months ago the foresighted store keeper made his plans, bought his goods and looked after his stock so he would be prepared. Today he is opening up the merchandise for inspection of his customers. And the day reveals that preparations have never been better made. Advertising campaigns have been planned, clerks have been trained, additional accommodations have been provided and large and varied stocks have been bought. Today they are thrown open to the customers and an inspection shows the prices are not high. The wise buyers will attend to their needs early. There is no advantage in delay and there are many disadvantages. Watch the pages of the Tribune for the offerings of the merchants and give them a chance first.

COMMITTEE OF ONE HUNDRED TO HOLD PUBLIC MEETING MONDAY

A meeting of all members and friends of the Committee of One Hundred has been called for next Monday evening at the Court house. The officers are undecided as to the desires of the membership and seek to secure their co-operation by a conference in which the matter will be gone over in detail. All members from any and all parts of the county are urged to attend. The committee has paid all bills to date and has a small balance in the treasury.

Mr. and Mrs. George Kunkle left yesterday for Haig, Nebraska, where they will make their future home.
