The Letter Box

December 21, 1922

Editor, Tribune:—
Mayor Evans, in his letter, takes exception to my statement, that officers of the city of North Platte, had violated the law prohibiting any such officers, having any interest, direct or indirect, in any contracts of the city. I made that statement advisedly and knew whereof I wrote.

Sec. 4069 of Comp. St. of Nebr., for 1922 reads in part as follows: "No officer of any city shall be interested, directly or indirectly, in any contract to which the corporation, or any one for its benefit, is a party; and such interests in any such contract shall void the obligation thereof on the part of such corporation."

I repeat that this statute has been violated by city officers, during the past year. The violation occurred when certain members of the city council sold materials for use in paving the streets of our city. I need mention no names at this time. I know the facts however and I feel sure the mayor does also. These materials were not sold direct to the city, but the contractor and if one will read the above statement of the law, it will be noted that this is a violation thereof.

I am not charging that the city was robbed in these sales, but I do say this law was violated. The object of such law is plain. To what point this violation will lead, no one can tell. It would be a hard matter for a member of a city council, or even his fellow councilman to condemn any material sold by a councilman to the city or one holding a contract with it.

Let me submit a concrete illustration. No members of the school board sell coal. But suppose one of them did and he made a contract, either direct or indirect, to furnish all the coal for the city schools. Were he so minded, would it not be easier for him to sell inferior coal at high prices, than it would be for an entire stranger?

Personally, so far as I know, the paving of our streets has been creditably done, and also within both the estimated and contract price. I sincerely wish that as much could be said concerning the Court-house.

Let us put the best of the ability, energy and intelligence of our citizens into a "clean-up" of our county affairs. It is not North Platte's problem alone. It is the problem of the entire county. The officers who are mostly under fire, or suspicion, came more largely from parts of the county outside of North Platte. But that makes no difference. It appears that the affairs of all good citizens of the county, should be joined together to put the affairs of the county in order. Are we equal to the task?

Sincerely yours,
WM. E. SHUMAN.

Roland Locke who is attending the University of Nebraska arrived Friday evening to spend the holidays in the city with his parents, Mr. and Mrs. A. M. Locke.

Donald Newton who is attending the University of Nebraska at Lincoln came home Friday to spend the holidays with his parents Mr. and Mrs. C. M. Newton.

Mrs. G. S. Thompson returned Saturday evening from a two months visit with relatives in Philadelphia.

WEATHER CONDITIONS

Friday, Saturday, Sunday and Monday were delightful winter days, seeming more like fall or spring days. The temperature ranged between 50 and 60. Forecast for North Platte and Vicinity Fair tonight and Wednesday; somewhat colder to-night. Highest temperature yesterday 60, a year ago 41, lowest last night 36, a year ago 20. Sunset today 5:21 p. m., sunrise tomorrow 8:07 a. m.

McQUAY-NORRIS PISTON RINGS

Lengthen the life of your motor

Automobiles, trucks, tractors, engines and pumps that work in the dust of country roads and fields depreciate faster than motors operated in cities. Dust wears down piston rings and lets gas and oil work past them.

pistons, McQuay-Norris Piston Rings increase its power, decrease carbon troubles, and usually save enough fuel and oil to pay for themselves. No matter where you plan to have your car overhauled, it will pay you well to order them. Ask for the genuine McQuay-Norris rings.

We Carry a Complete Service Stock

J. S. Davis Auto Co. North Platte, Nebr.

\$125

LEAK-PROOF—an exclusive two-piece design, preventing loss of gas and compression. Gives equal pressure at all points on cylinder walls. For all piston grooves except top, which should have Superoyl. Each ring packed in a parchment container.

\$100

Superoyl—Keeps lubricating oil out of combustion chamber. Collects excess oil on each down stroke of piston and empties on each up stroke, which ordinary grooved rings cannot do. Each ring packed in a parchment container.

50c

JEFFY-GRIP—a one-piece ring. Non-butting joint, which can be fitted closer than ordinary step cut—velvet finish—quick seating. "Seats in a jiffy." To keep them clean and free from rust, each ring is packed in an individual glassine envelope.

Snap Rings—of the highest grade. Raised above the average by McQuay-Norris manufacturing methods. Their use insures all the satisfaction possible for you to get from a plain snap ring. They are packed twelve rings to the carton and rolled in waxed paper.
