# SALE OF THIRD AVE. ORDERED

*IT'S TO BE HELD ON COURT HOUSE STEPS ON SEPT. 2.*

**The Road and Rolling Stock to Go First, and if Enough Isn't Realized the Stocks and Bonds of Various Subsidiary Companies Will Be Put Up.**

The decree of the United States Circuit Court directing the sale of the Third Avenue Railroad in the foreclosure suit of the Central Trust Company was filed yesterday. The sale will be held at the north main entrance of the County Court House on September 2, 1909, unless unforeseen exigencies make a change of date necessary.

The sale is made expressly subject to the lien of the first mortgage of $5,000,000 made by the Third Avenue road to the Farmers Loan and Trust Company under date of July 1, 1887. The claim of the Central Trust Company amounts to $37,560,000, with interest, bringing the total to $40,381,173. The Central Trust Company's suit was based on the Third Avenue road's default in the payment of interest due January 1, 1908, and of the instalment of rent due October 13, 1907.

The decree provides for two distinct divisions of property to be sold, the first being the real estate, rolling stock, improvements, appurtenances, &c., and the second the following stocks and bonds, of which the equity of redemption is claimed by the New York City Railway Company and its receiver, William W. Ladd:

Twenty thousand shares of the capital stock of the Union Railway Company of the aggregate par value of $2,000,000; 16,711 shares of the capital stock of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, par value $1,671,100; 11,287 shares of capital stock of the Dry Dock, East Broadway and Battery Railroad Company, par value $1,128,700; 86 shares of capital stock of Kingsbridge Railway Company, par value $8,600, and a subscription on behalf of the Third Avenue Railroad for the balance of its authorized capital of $1,000,000; 357 second mortgage $1,000 income bonds of Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, par value $357,000; 9,925 shares of the capital stock of the Yonkers Railroad Company, par value $992,500; 5,000 shares of the capital stock of the Westchester Electric Railroad Company, par value $500,000; 2,483 shares of the capital stock of the Southern Boulevard Railroad Company, par value $248,300; 12,000 shares of the capital stock of the Tarrytown, White Plains and Mamaroneck Railway Company, par value $300,000; 100 second mortgage $1,000 income bonds of the Forty-second Street, Manhattanville and St. Nicholas Avenue Railway Company, par value $100,000; 1,003 second mortage $1,000 income bonds of the same road, par value $1,003,000.

Only in the event of the other property being insufficient to meet the trust company's claim are these stocks and bonds to be sold.

If all the property should prove insufficient to meet the trust company's claim the purchaser will be required to supply the deficiency. The purchaser will also be required to assume all pending contracts and all other obligations both in contract and in tort. A prospective bidder must deposit with the special master $200,000 in cash in a properly certified check or in receivers' certificates or the trust company's mortgage bonds to the face value of $250,000. To bid on the stocks and bonds specifically enumerated above $100,000 must be deposited in cash, check or receivers' certificates or $150,000 face value of the trust company's mortgage bonds.

## *SUDDEN CALL FOR GOLD.*

**$3,500,000, Nearly Half Coin, Taken Unexpectedly for Export.**

The foreign exchange market was thrown into a flurry yesterday by successive announcements of gold exports aggregating more than $3,500,000. Of this nearly half was in gold coin, on which the profit was thought to be too low. Notwithstanding the large shipments, cables scored a slight advance yesterday, opening at 4.88@4.8805 and closing at 4.8805@4.8810. The engagements of gold are $2,000,000 coin and $1,000,000 bars by the National City Bank, $300,000 bars by the Chase National and $250,000 by the Anglo-South American Bank. Announcement was made of the destination of but one shipment, that of the Anglo-South American, which will be sent to Buenos Ayres on the 20th. It is known that $1,500,000 coin is going to Rotterdam and $1,000,000 bars to Paris, and it is believed that directly or indirectly some of the money will find its way to Vienna and even to Bremen.

### The New Dodd-Mead Building.

Babb, Cook & Welch, as architects for Dodd, Mead & Co., have filed plans for the new eleven story and basement fireproof loft and store building to be erected for the firm as owners at the northeast corner of Fourth avenue and Thirtieth street. It is to be of the Renaissance type, with façades of brick trimmed with limestone, fronting 74 feet on the avenue and 90 feet on the street. It is to cost $200,000. The upper floors are designed for various fellow publishing firms, the owners retaining the first two floors and basement as their own headquarters.
