

A MOTORMAN'S LIFE.

Full of Hardships, Exposure and Constant Danger.

The Great Strain on a Man's Nerves Sufficient in Itself to Wreck Him in a Short Time—The Experience of a Well-Known Motorman.

From the Cincinnati, Ohio, Enquirer.

The life of a motorman is not a bed of roses. He is subjected to many hardships especially in the winter when he is exposed to the cold and snow. Even in the summer he must bear the intense heat which beats down upon him. Considerable nerve and self-possession is necessary in a good motorman, for the lives and limbs of his passengers are at stake. One of the best known electric motormen in this city is William Frazer, who is at present running a car on the Cumminsville electric line. He is not only well known to his fellow employees but to the people who travel on his car. Mr. Frazer is a young man about twenty-six years of age and resides with his wife and child at 144 Betts Street, Cincinnati, O. About a year ago Mr. Frazer was taken with serious stomach troubles. He bought several kinds of medicine which were recommended to him, but none of them seemed to give him even temporary benefit. An enthusiastic admirer of that famous remedy known as Dr. Williams' Pink Pills for Pale People told him to try them. Frazer was almost discouraged, but took the advice. To a reporter of the Enquirer he said:

"I can most heartily recommend Dr. Williams' Pink Pills. They are all that is claimed for them, in fact they advertise themselves better than any medicine I ever saw. I was seized some time ago with a bad attack of indigestion. My stomach hurt me nearly all the time and I could not digest my food. The pain was almost unbearable and I found nothing that would give me relief. I confess that when I bought the first box of Pink Pills I hadn't much confidence in their efficacy because I had tried so many things without success that I was almost discouraged. Before I had taken one box I was decidedly better. Two boxes cured me entirely. While I have been under the weather from other causes my indigestion has never returned. If it ever should I know just what to do. I have so much confidence in the efficacy of Pink Pills that if I ever get real sick again with any disorder I shall use some of them. It is a pleasure for me to assure you to testify to the excellent qualities of these Pink Pills. They not only tone the stomach but regulate the bowels and act as a mild cathartic."

Mr. Frazer's testimonial means something. He speaks from personal experience and any one who doubts that he received the benefits stated can easily verify the assertion by calling on Mr. Frazer or seeing him some time while he is on his car. Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (shipped in loose form by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

"What is the most convenient and economical way to travel in America?" inquired the visiting Englishman. "On a pass," replied Trotter, dryly.—Harper's Bazar.

FATTENING HOGS COSTS ONE CENT.

The editor recently heard of a farmer fattening hogs at less than one cent a pound. This was made possible through the sowing of Salzer's King Barley, yielding over 100 bu. per acre, Golden Triumph Corn, yielding 200 bu. per acre, and the feeding on Sand Vetch, Teosinte, Hundredfold Peas, etc. Now, with such yields, the growing of hogs is more profitable than a silver mine.

Salzer's catalogue is full of rare things for the farmer, gardener and citizen, and the editor believes that it would pay everybody a hundred-fold to get Salzer's catalogue before purchasing seeds.

IF YOU WILL CUT THIS OUT AND SEND IT WITH 10 CENTS POSTAGE TO THE JOHN A. SALZER SEED CO., LA CROSSE, WIS., they will mail you their mammoth seed catalogue and 10 samples of grasses and grains, including above corn and barley. Catalogue alone, 5c postage. (K)

CONGRESSIONAL.

Condensed Report of the Past Week's Proceedings.

The senate was not in session on the 2d. In the house the senate free-coinage substitute was referred to the ways and means committee. The army appropriation bill was reported. The president transmitted the correspondence in regard to the Italian lynchings to the house and this about wound up the work of the sitting for the day.

WHEN the senate met on the 4th the tariff bill was reported from the finance committee, with a free silver substitute. Chairman Morrill made the report, stating that a free silver amendment had taken the place of the original bill and adding, amid laughter, the closing phrase of official procedure of Massachusetts, "and may God save the commonwealth." Mr. Quay made two attempts to have the bill re-committed, but it went over under objections. The substitute agreed to by the finance committee is in the exact words of the silver substitute for the house bond bill already passed the senate. Among the bills favorably reported was that granting a pension of \$200 a month to the widow of the late Gen. Walter Q. Gresham, and \$100 a month to the widow of the late Gen. Thomas Ewing. Mr. Allison reported back the pension appropriation bill. In the house Mr. Dingley, chairman of the ways and means committee, reported back the senate free coinage substitute for the house bond bill, with the recommendation that the house non-concur and insist on its bill. Mr. Crisp, representing the minority, gave notice that the minority will ask the house to concur. The District of Columbia bill was then debated until adjournment.

THE sensation in the senate on the 5th was the speech of Senator Vest in ridicule of the secretary of agriculture, in which the senator severely criticized the practice of furnishing costly flowers from government greenhouses for the receptions at the executive mansion and referred to the "bugle blasts" from the secretary of agriculture as to the congressional extravagance in distributing seeds. "The trouble is," said Mr. Vest, "that the secretary of agriculture is a monomaniac on the gold standard." The resolution to distribute appropriation bills among the several committees was debated at some length, during which Mr. Teller, of Colorado, took occasion to refer to the success of the bond issue. The senate substitute for the Cuban resolution was reported from the foreign affairs committee. The house passed a bill making prize fighting a misdemeanor punishable with not less than five years' imprisonment. At three o'clock debate commenced on the silver bond bill, and before adjournment Mr. De Armond (Mo.) introduced a resolution for the recognition of the Cubans as belligerents.

The credentials of Senator-elect Foraker, of Ohio, were presented on the senate on the 6th. A resolution of Senator Thurston (Seb.) was agreed to directing the secretary of state to send to the senate copies of all laws, regulations and decrees of Germany, France, Belgium and Denmark which discriminate against the introduction of American cattle. Mr. Turpie then addressed the senate in favor of the election of United States senators by popular vote. Mr. Morgan (Ala.) offered an amendment to a resolution of Mr. Quay to recommit the tariff silver bill. It instructs the finance committee to add a provision deducting ten per cent. from custom duties on goods imported in vessels of the United States, or of the country producing the imported article, provided that the countries exporting such goods shall provide by law that silver bullion, the product of the United States mines, shall be admitted to coinage on equal terms with gold. The Catron house bill to prohibit prize fighting in the territories passed the senate. In the house the senate free coinage substitute for the house bond bill was debated five hours in the afternoon and for three hours at the night session. No other business was transacted.

WHEN the senate met on the 7th Mr. Frye (Me.) was unanimously elected president pro tem. A resolution was agreed to calling on the secretary of the treasury for certain information in the event of the passage of the pending tariff bill. The resolution contemplating a reform in handling appropriation bills by distributing them among the several committees was taken up and adopted. Adjourned until Monday. When the house met a tilt took place between Mr. Taibert (S. C.) and Barrett (Mass.) over words used by the former the day before in which he justified secession, but the matter finally quieted down. At the night session the bond bill was further debated.

PEARL BRYAN'S MURDERERS.

Excitement at Cincinnati Increases—The Three Suspected Arraigned in Court.

CINCINNATI, Feb. 8.—Although it is just one week since the decapitated body of Pearl Bryan was found near Fort Thomas, Ky., there was more excitement yesterday over the tragedy and in the Kentucky suburbs than on any previous day. Scott Jackson and Alonzo Walling, the suspects, who were roommates while attending the Ohio dental college, were confessing against each other all day. They were examined separately and together. When they are confronted face to face with each other's confessions they call each other liars and exhibit murderous feeling. All efforts have been directed to finding Pearl Bryan's head. In the series of confessions Jackson says Walling carried it in a valise to the Covington suspension bridge, and he thinks Walling threw it in the river, or he might have carried it with him to his home at Hamilton and thrown it from the Miami bridge at that place, but Jackson says he did not go with his room mate on these trips and cannot tell just where he left the head.

St. Louis Priests Object to a Visit from Satolli During Lent.

St. Louis, Feb. 8.—Thirty-seven priests of this diocese out of 80 present at the recent conference of the clergy in Kenrick seminary, called by Archbishop Kain for the purpose of making arrangements for the reception of Cardinal Satolli in St. Louis, strenuously opposed his visit during the Lenten season. When a banquet was proposed as one of the features of the entertainment a very large minority voted against it. It is said the archbishop has now decided to cut the banquet down to a Lenten dinner and in other ways modify the whole affair.

Timothy Healy Bolted.

DUBLIN, Feb. 8.—The quarterly meeting of the council of the Irish National federation was held here yesterday. The proceedings were private, and the meeting lasted for seven hours. It was reported after the meeting that it had been very contentious, and that, after several divisions by vote, Timothy Healy and 28 of his supporters left the room.

Rattlesnakes, Butterflies, and ... ?

Washington Irving said, he supposed a certain hill was called "Rattlesnake Hill" because it abounded in—butterflies. The "rule of contrary" governs other names. Some bottles are, supposedly, labeled "Sarsaparilla" because they are full of... well, we don't know what they are full of, but we know it's not sarsaparilla; except, perhaps, enough for a flavor. There's only one make of sarsaparilla that can be relied on to be all it claims. It's Ayer's. It has no secret to keep. Its formula is open to all physicians. This formula was examined by the Medical Committee at the World's Fair with the result that while every other make of sarsaparilla was excluded from the Fair, Ayer's Sarsaparilla was admitted and honored by awards. It was admitted because it was the best sarsaparilla. It received the medal as the best. No other sarsaparilla has been so tested or so honored. Good motto for the family as well as the Fair: Admit the best, exclude the rest.
