W W Keeling guarantees every bottle of Chamberlain's Cough Remedy and will refund the money to any one who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for the grippe, coughs, colds, croup and whoopingcough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.  
 The claim of ether cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employe of Bartlett & Dennis Co., Gardiner, Me. He says: "I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I had heard of without permanent help, until one day I was in the drug store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured: My lung and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines." For sale by W W Keeling  
 The Advertiser and St Louis Globe Democrat both one year for \$1.75
