Parties going to the Dakota Hot Springs for pleasure or health can add to the attractions there by purchasing one or more lots that have just been platted and put on the market. The prospects are good that such investments will prove profitable. Quite a number of cottages are being built there this year by people who make annual trips to the place. One of Lincoln's residents, who recently returned from the Springs, purchased a site for a cottage and will erect a cottage thereon for his family's future use. We understand a building boom has been inaugurated in the place by the location there of South Dakota's Soldiers' Home and M. E. college. Work is now in progress on both buildings.

SOCIAL AND PERSONAL.

Mr. and Mrs. Frank Sheldon threw open their elegant home to the young people last evening in honor of Miss Katie Miller of Lafayette, Ind., the visiting sister of Mrs. A. G. Beeson. Dancing was the feature of the evening, a petit printed card of ten numbers being provided for the purpose. The floors were cleared of furniture and canvassed for those who wished to indulge in this amusement, and the great broad verandas were dimly lighted with Chinese lanterns for those who wished to intersperse their dancing with quiet tete-a-tetes in cool, sequestered nooks. It goes without saying that any social affair which has Mrs. Sheldon for a hostess is notable for its supreme elegance. The favored guests were Messrs. F. H. and W. G. Preston of Omaha, Joseph Mason of Hannibal, Mo., Will and Chas. Clark, Elmer Henkle, Robt Muir, Oscar Runke, Frank and Charles Burr, H. R. Nissley, Hal Young, John Stout, John West, Lew. Lincoln has long been noted for its elegant drives, its even streets and now that over ten miles of street paving has been completed our reputation for fine highways will not be equaled in the state. Apropos of this reminds us that while at Frank Graham's livery the other day we noticed several very nice rigs leaving. With the customary curiosity of a reporter, we asked the ever-smiling Frank whether they were livery rigs or the property of boarders. "No, sir," replied the gallant horseman, "they belong to my string of livery. You see livery business in Lincoln these days ain't what it used to be. In former years people were satisfied with most anything, so long as the rig held together and the horses could go faster than a trot. Now-a-days the people want stylish outfits, and here's where they get them." And just then in came a new phaeton worth \$900 and a double carriage, horses and all costing \$600. A look about the stable convinces one that Mr. Graham certainly has the largest and finest line of rigs in the city, and a few moments in the office shows that he is doing an immense business and has the patronage of Lincoln's best people. When you want a buggy, and one in which you'll enjoy a ride, call on Frank. He can fix you with anything you want, from a saddle horse to the most stylish outfit extant. The finest luncheons in the city are served at all hours at Carder's European restaurant, 934 P street. Drive out to Cushman park Sunday and get one Brown's famous dinners.
