CURRENT SPORTING GOSSIP

FLETCHER'S ALL STAR TOUR IS ABANDONED.

Players Selected Refuse to Go and Have Returned Their Checks. But Promoter Says He's Still Forming New League. $500,000 for the Players.

[illegible] of the country by [illegible] under the management [illegible] Fletcher has been abandoned [illegible] practically all the players [illegible] to go and accepted [illegible] checks back and re[illegible] Fletcher by way of [illegible] commission, which [illegible] some time ago [illegible] the project [illegible] organization [illegible] of third league [illegible] anything else, as now [illegible] are pointing to [illegible] shortly to keep [illegible] players in line for the [illegible] that he will [illegible] in lining up players.

[illegible] that he has secured [illegible] of players from major [illegible] league and will have [illegible] Fletcher also [illegible] to pay some [illegible] players upon [illegible] that he will [illegible] in club on [illegible] contract binding [illegible] the league [illegible] We are sure of four cities [illegible] New York, Boston, Chicago [illegible] The others will be chosen from Pittsburg, Philadelphia, Brooklyn, Cleveland, Cincinnati and Detroit. We will have local capitalists in these cities and new parks will be built regardless of expense.

As it is conceded that the establishment of a major league club with new grounds involves an outlay of $100,000 at the lowest estimate, it is figured that nearly $1,000,000 will be required to put the Fletcher circuit in shape to begin operations, with more than half that amount necessary to secure first class playing talent. No matter how Fletcher arranges his circuit the proposed new clubs will run up against conflicting dates, which means a division of patronage and a falling off in public interest. A flight of this kind, organized baseball leaders say, will involve heavy financial loss for the National and American leagues are prepared for war and have a sinking fund of $100,000 on hand for just such an emergency.

It's an open secret that John Kling, the Cubs' catcher, joined hands with Fletcher some time ago in the scheme to secure the best players for the new league. But since Kling's slump in the world's series it is said that he has decided to stick to the Chicago club. It was originally planned to place Kling at the head of a new club in the Windy City.

Ty Cobb was the only player in the American League to score more than 100 runs this year. He crossed the plate with 106. The other leading run getters in that circuit were as follows: Speaker, 97; Bush, 99; Milan, 90; Walter, 90; Lajoie, 91; Baker, 85; Collins, 83; Crawford, 83; Hooper, 81.

S. C. Hildreth arrived here yesterday from Latonia in advance of his racing stable, including Fitz Herbert, Novelty, Zeus and other noted stake winners who will be scattered at Sheepshead Bay in a few days. Hildreth left Latonia all of a sudden, although the track managers tried hard to induce him to stay. It was said yesterday that Hildreth had come here to make final arrangements to ship Fitz Herbert to England next year. It is not known whether Hildreth has applied to the English Jockey Club for a trainer's license or not.

Herman B. Duryea denies the report that James Rowe will train his horses in England and Frank Rowe next year. Rowe is taking life easy in this city, and his friends believe that he will remain in the employ of James R. Keene next season. Rowe says he prefers America to Europe.

T. C. McDowell, the well known Kentucky horseman, has been appointed a member of the board of stewards to serve at the Jacksonville winter meeting. Joseph A. Murphy will remain in the judges' stand.

George H. Smith, John G. Cavanaugh's right hand man, who again will have charge of the oral betting system of Thomas H. Williams's Emeryville track, has left here for the Coast. He predicts that speculation at this track will greatly increase under the present method of employing stakeholders, and that the racing will be of a higher order of excellence than last year.

Reports from California say that Battling Nelson made a discouraging showing in his fifteen round bout with Anton Lagrave in Frisco Monday night. Lagrave is managed by the veteran Sam Fitzpatrick and is a comparative novice. During the first four rounds the Dane battled, previous and Nelson did all the forcing. But after that when Lagrave realized that the Battler's old punch was missing he displayed more confidence. In the last three or four rounds Lagrave had Nelson backing to the ropes and was the stronger at the finish. All of which seems to indicate that Nelson, unless he improves a lot, will stand a slim chance of beating Wolgast if they ever meet again.

Jack Goodman has asked for a return match with Young Sammy Smith, who beat him the other night, and the wonderful Quaker, like Barkley, is willing. They will probably meet at the National Sporting Club in about three weeks.

When Leach Cross and Jack Dorman meet at the Fairmont A. C. to-morrow night a repetition of their last battle will be looked for. In that affair they knocked each other down repeatedly and Cross was the winner by a fair margin.

Abe Attell, featherweight champion, was matched yesterday to box ten rounds with Pal Moore at the Fairmont A. C. on November 22. The weight conditions call for 118 pounds ringside.

DINNER TO F. K. BURNHAM

In Recognition of His Work in Defending the Harmsworth Cup.

After the success of the Dixie III in the race for the British international trophy the members of the Motor Boat Club of America decided to recognize the service of Vice-Commodore Frederic K. Burnham, and a committee consisting of Albert J. Smith, Henry R. Sutphen and J. Stuart Blackton was appointed to arrange this testimonial. The testimonial will be in the form of a big dinner to be held at the house of the Automobile Club of America, West Fifty-fourth street, to-morrow evening. During the evening there will also take place the presentation to the successful first prize winners of the cups and trophies won at the races held under the auspices of the club during the last season.

As a special feature of the evening's entertainment there will be a moving picture exhibition of the elimination races held at Huntington, the international race held at Bayonne, the International Islands and other pictures of motor boat racing. This will be specially interesting to all who are interested in motor boats and motor boat racing and will be an exceptional opportunity to see the results of the season's complete events.

Harvard Soccer Team Beaten.

CAMBRIDGE, Nov. 2. The Harvard soccer team tried its skill against the General Electric team of Lynn this afternoon and was beaten by a score of 3 to 0. The Lynn people were too skilful for the collegians.

HILDRETH LEAVES LATONIA.

Pari Mutuel System Does Not Suit Him The Results.

LATONIA, Nov. 2. The experience here of Sam Hildreth is now a closed chapter. The horses composing that stable were removed to-day to Sheepshead Bay, and Jockey Schilling, Hildreth's rider, left with the stable. Hardly had Hildreth's horses left when the horses of Richard Carman were led into the same stalls.

The explanation given for Hildreth's sudden departure is that he did not like the pari mutuel betting system in vogue here. The summaries:

PRINCESS DIRECT PACES FAST.

Beats Who Knows in Straight Heats on the Speedway.

Thomas B. Leahy's black mare Princess Direct, 2:14¼, paced a splendid race at the matinée which members of the Road Drivers Association held on the upper Speedway stretch yesterday afternoon. The mare started in the champion class with Christopher Hackett's almost invincible black gelding Who Knows, 2:11¾, and she won the race in straight heats in 1:03¾ and 1:08½, which was the fastest time of the day.

A strong south wind greatly retarded the speed of the horses and Charles Weiland's brown gelding Inner Guard, 2:06¾, who started alone in the A. A. A. trotting division to lower Lady Worthy's time, 1:08¾, trotted the first heat in 1:07 and the second in 1:08. Mr. Weiland protested, feeling sure that the timers had made a mistake, but the judges remained firm, whereupon Mr. Weiland withdrew his horse for the remainder of the season. Those who know Charlie, however, are looking for him to turn up bright and early next week and win in his class.

Harvard Bumping Races.

CAMBRIDGE, Nov. 2.—In the Harvard dormitory bumping races this afternoon the Claverly crew bumped Thayer and Russell bumped Dunster. Dana Drayton. The following five crews will race to-morrow on the Charles for the dormitory championship: Randolph, Claverly, Brentford, Mount Auburn and Russell. The race will be over the Henley distance, one mile and 550 yards. The Randolph crew is the favorite. Their stroke, L. S. Chanler, '14, is a good one. He stroked the Eton crew last year when it won the Queen's plate.

WILLIAMSTOWN, Mass., Nov. 2.—Under the direction of Capt. Bobby Wallace of New York the first varsity basketball practice was held at Williams to-day. Mason, Hale, Oakley, '11, and Lewis, '13, other prominent substitutes, will report at the close of football practice.
