FRISCO INTERESTS REACH COMPROMISE

B. F. Yoakum and Speyer & Co. Hold a Conference on Receivership.

WILL ACT IN HARMONY

Bankers Said to Have Dropped Demand for Two Men on Board.

The order of the war declared by Speyer & Co. against Benjamin F. Yoakum over the Frisco receivership relief considerably yesterday after James Speyer had conferred with his St. Louis counsel, Frederick W. Lehmann, here.

Benjamin F. Yoakum and the head of the Speyer firm talked it over for a long time at a prominent downtown club. The conference appeared to be entirely harmonious and at its close it was universally that Speyer & Co. had compromised its demand that one or both of the rescalled Yoakum receivers be ousted and a Speyer man substituted.

It was accepted that both the Yoakum and the Speyer sides had agreed to act in harmony on the plan of asking the court merely for the appointment of a third receiver, friendly to the Speyer firm.

Speyer & Co., it is understood, has agreed to drop its objection to Benjamin L. Winchell, president of the road, and Thomas H. West, a Yoakum director, the present receivers.

Speyer & Co. has previously held that it is fighting for a principle in railroad management in this country, that no management that has been responsible for the failure of a road should be allowed to continue in charge of it in the receivership.

Wall Street interpreted the change of front on the two receivers yesterday to indicate that what Frederick W. Lehmann had to say to the bankers regarding the position he took in the receivership proceedings did not leave to the bankers an entirely consistent position to make a fight on the two receivers then appointed.

Although Speyer & Co. have steadily maintained that a receivership was not necessary, that they were not consulted about it and were opposed to it, it was reported from St. Louis that Mr. Lehmann joined in the request of the Yoakum faction before Judge Sanborn for the receivership.

It was said that Mr. Lehmann himself moved for the appointment of a receiver. When no one man could be found for the receivership that met the approval of the court Mr. Lehmann asked for the appointment of a board of three men. Judge Sanborn said he would take the matter under advisement.

In view of this position of the Speyer firm at St. Louis, as represented by Mr. Lehmann, the bankers could not oppose with consistency the action of the court which was virtually agreed to then. The compromise thus lost to the Speyer firm in favor of Mr. Yoakum on the day of the receivership therefore, in the opinion of the financial community, has had to be gracefully accepted and a compromise for a third receiver agreed upon. Speyer & Co. hold that a third receiver will adequately protect their interests.

Hans Winterfeldt of Speyer & Co. left conference of the bankers with their counsel late in the afternoon to announce that Speyer & Co. had no statement to make on the compromise beyond the fact that they "are taking all measures possible to protect their bondholders."

At the office of Benjamin F. Yoakum it was said that Mr. Yoakum had left the city in view of the wedding of his daughter to-day and would have to be excused on Frisco affairs. Frederick W. Lehmann could not be seen.

The representative of a very large interest in the bonds of the Frisco said yesterday of the compromise between Speyer and Yoakum parties for a third receiver:

"Harmony in this affair is the thing we want, not discord. We need a good deal of discord to bring out the facts. I am in favor of five receivers, Mr. Speyer, Mr. Strong of the Bankers Trust, Mr. Albert Strauss of J. & W. Seligman & Co., a representative of the foreign holdings and another."

Benjamin L. Winchell has resigned the presidency of the Frisco because of his appointment as receiver. The executive work of the road will be in the hands of W. G. Nixon, vice-president.

COPPER MARKET UNCHANGED.

May Production Figures Reported—Concessions No Inducement to Buyers.

With a continued scarcity of orders for copper metal yesterday producers contented themselves largely with comparing their output figures for the month of May with those of the preceding period.

The Anaconda Copper Mining Company produced 25,800,000 last month, against a loss in April and 25,750,000 in May last year. Output of the company for the first five months of the year totaled 114,700,000 pounds, compared with 128,550,000 in 1912, and 113,700,000 three years ago. With a gain of about 2,000,000 pounds in April was shown in production, there was no increase in the tonnage of ore produced. The increase in copper output was due to more perfect climatic conditions which enabled exceedingly smooth smelter operations.

Phelps, Dodge & Co. turned out 12,[illegible] pounds of copper in May, against [illegible] pounds in the preceding month. With four exceptions it was the largest production in the history of the company. Of this total the Copper Queen Mine contributed [illegible],021 pounds, against 7,079,600 pounds in the preceding month. The Moctezuma Mine in Mexico produced 1,895,881 pounds, comparing with 2,735,240 pounds in April. The Cananea Mine produced 2,001,633 pounds, against [illegible],517, while from custom ores [illegible] a yield of 1,141,584 pounds, against [illegible] pounds in April.

The Nevada Copper Company produced [illegible] pounds, comparing with 2,312,000 pounds in April. Vice-President Channing, who was [illegible] at the property for the past [illegible], telegraphed the local office [illegible] June operations should reach [illegible],000,000 pounds output.

The market yesterday was exceedingly [illegible] as regards actual sales. It was impossible to buy copper at the 15¾@15⅞ cents [illegible] of the big producers. The [illegible] report that 1,500,000 pounds had [illegible] on Monday at 15¾ cents cash [illegible] that no scramble ensued for the tonnage in question. The market has become exceedingly dull without any purchasing power apparent at the moment. As expressed by a producer, the market is nominally quoted 15⅞ cents asked; nothing doing.

BIGGER BUSINESS LAST YEAR.

International Nickel Company Retires All Its Bonds.

The fiscal year ended March 31, 1912, was a good one for the International Nickel Company, according to its annual report. The balance for the common stock after the payment of dividends on the preferred was equal to 11.79 per cent. and the entire bonded indebtedness of the company was retired.

The earnings of the constituent companies for the year was $6,802,886, as compared with $5,019,703 the year previous, and the total income was $6,929,107, against $5,088,966 for the year ended March 31, 1911. The net income was $6,386,799, as compared with $4,866,413. The balance left for the common stock after the payment of the preferred dividends was $4,485,550, against $2,047,211 the year previous, and $3,191,049 was paid in common dividends, against $2,142,412 last year. The surplus was $994,501, against $903,799, making the total profit and loss surplus $4,921,409, as compared with $3,938,093 the year previous.

President A. Monell in his report to the stockholders said that the business for the year had shown a satisfactory growth and that the demands for the products had been the best in its history. All indications point to a satisfactory business for the present year. The plant is being kept up to a high standard of efficiency and its capacity is being enlarged.

At the annual meeting of the stockholders the number of directors was increased from twelve to fifteen by the election of Seward Prosser, W. A. Bostwick and James L. Ashley.

The company has assets of $54,140,707, against $34,999,355 last year, of which $44,485,044 is cost of construction and property account and $4,442,664 is cash.
