CITY BONDS IN GREAT DEMAND.

The Income Tax Sends Price Up Several Points.

The almost unprecedented rise in New York city bonds since the first week in October and especially in the last few days is one of the most noticeable effects of the income tax law. A steady demand for the bonds has sent them to high prices that has not, however, served to bring any more upon the market out of the hands of investors.

Holders of the bonds, tax free, are keeping them as a rule, and the sales are in moderate amounts. The most trading is in the temporary receipts for the 4½s of 1963, the recent issue.

The bonds were issued at slightly above par. Their low price was 99⅝. Last week they sold around 103. The bidding for them because of the income tax sent the price to 105¼ yesterday and the day before. There was a moderate recession before the close.

The 4½s of 1957 sold yesterday at 105¼, as compared with 104 the day before, 103 last week and 100, the low price of the year. Other issues of New York city are strong, as well as the issues of high class municipalities in the present desire to secure income tax exempt securities.

FINANCIAL NOTES.

On November 1 the Guaranty Trust Company will begin the redemption of outstanding forty-five year 5 per cent. bonds of the Interborough Rapid Transit Company to the amount of $7,620,000. With the premium of 5 per cent. on each bond and the accrued interest the total amount disbursed will be over $29,000,000.

The Canadian Ford Motor Company has passed its dividend, giving the unsettled business condition in Canada as the reason.

The Lawyers Title Insurance and Trust Company are issuing a chart of the income tax law showing in condensed and classified form the provisions of the law for ready reference.

The Northwestern Gas Light and Coke Company, now a part of the Public Service Company of Northern Illinois, has sold to Lee, Higginson & Co., N. W. Halsey & Co. and Russell Brewster & Co. a new issue of $336,000 of its 5 per cent. notes due September, 1917. The syndicate has disposed of the entire issue, which is a direct obligation of the Public Service Company of Northern Illinois and is secured by a general mortgage on the properties of the North Western Gas Light and Coke Company.

The Eastman Kodak Company has declared a regularly quarterly dividend of 1¾ per cent. on the preferred and 2½ per cent. on the common stock, and an extra dividend of 5 per cent. on the common stock, the same as three months ago.

It was announced yesterday that $7,000,000 of the $30,000,000 first and refunding 5 per cent. bonds of the Interborough Rapid Transit offered by a banking syndicate three weeks ago had been disposed off.

The Greene Cananea Copper Company has declared a dividend of 1 per cent. a share on the stock, payable on the 25 cents a share have been paid from January, 1912, to May, 1913, when they were suspended on account of troubles in Mexico, where the company has many properties.

The New Jersey Title Guarantee and Trust Company has issued an illustrated book dealing with the financial affairs of the institution, its history, &c. The book is issued by the bank on the twenty-fifth anniversary of its establishment.

DAIRY PRODUCTS MARKET.

BUTTER.—Yesterday there was no reason for advancing price on the highest grades of butter, but on those grades under an extra there was a weaker feeling and lines were off ½c. Accumulation of undergrades from seconds down is alarming and some of this butter, although undesirable, will be forced into the cooler. Even the cut of ½c did not move the large quantities on hand. The weaker feeling on fresh stock reached held and while there was no change in extras firsts were off ½c. There is a limited supply of State dairy and this holds its own, while process is easier and is off. Siberian butter is in strong competition with parking stock and holds the trade down. Quotations are: Creamery, extras, 32@33; firsts, 27½@30c; seconds, 24@27c; held extras, 30@31c; held firsts, 27@29c; State dairy, best, 30@31c; good to prime, 27@29c; Process extras, 28@29c; firsts, 24½@27½c; Imitation creamery, 23@25c; Factory, fines, 24@25c; firsts, 22@23c; seconds, 20@22c; Packing stock, No. 1, 23@24½c; No. 2, 22@22½c; No. 3, 20½@21½c.

CHEESE.—There was not much snap to the trade yesterday, although colored specials were a trifle higher. This was the only change in the quotations. Jobbers are doing a little more freely than early in the week, but the impression prevails that the bottom has been reached. Fresh cents are pressed for sale because the held stock cannot be moved at a profit. There is report of some Canadian cheese coming across the line at a little under State prices, but there is not enough of this to affect the market. No advance is looked for before the holidays. Quotations are: Colored specials, 15¼@15½c; uncolored specials, 15@15¼c; State, colored, average, fancy, 15@15¼c; undergrades, 12¼@14¼c; Dairies, best, 15¼c; common, fine, 14@14½c; twins, best, 15¼c; common, fine, 14c; State skims, held specials, 12½@13c; fair choice, 11@12c; fresh skims, 12@12½c; choice, 10½@11½c; poor to fair, 8@10c; full skims, 11@8c.

EGGS.—Fine fresh stock continues to be scarce and sells readily on arrival. Even the undergrades are being well cleaned up and there is no accumulation that embarrasses. Distributers report a good consumptive demand and speculation in held stock is evident at every turn. There was a reported sale of four cars yesterday of the April held stock as high as 26c. Swift & Co. are heavy holders of eggs in various parts of the country and it is reported that they propose to hold their fine stock for 30c. This price is predicted freely by receivers. Refrigerator stock is moving freely more in a speculative than a consumptive way. So scarce were seconds yesterday that they were put up 1c, making the outside price 2c higher than the day before, but the inside price ½c better. Prices follow: Extras, dozen, 35@37c; extras, firsts, 32@34c; firsts, 30@32c; seconds, 27@28c; dirties, No. 1, 24c; No. 2, 18@23c; checks good to choice, 20@21c; nearby hennery whites, fine to fancy, 39@40c; gathered whites, fine to finest, 30@35c; State and Western whites, 32@40c; browns, 35@40c; mixed, 30@35c; Refrigerator, special marks, 28c; firsts, 27@27½c; seconds, 26@26½c.

LIVE POULTRY.—Quotations were made early yesterday morning on a basis of fowls 14@16c, about 2c less than the week before. This low price was foreshadowed early in the week when it was found that the supply would be probably 130 cars for the week. After quotations were made trading was brisk. Turkeys remained the same as the previous week, while ducks are higher. There were unloaded yesterday twenty-seven cars by freight and some express stock. Express did not bring any more than freight stock because the quality was not up to it. The spurt on Long Island ducks sending them up to 21c had been foreshadowed all the week. These are remarkably scarce. Other spring ducks would not bring over 19c. Quotations follow: Chickens, nearby fancy, 15½@16c; Leghorn cockerels, 14@15c; fowls, 14@16c; old roosters, 11½c; turkeys, mixed, 18c; Spring ducks, 18@21c; Western, 18c; Geese, 14c; Guinea fowls, per pair, 65c; Pigeons, pair, 20c.

DRESSED POULTRY.—Receipts about equal those of last week. Up to yesterday supplies were fairly liberal and there are accumulations which will probably have to go into the freezer or be carried over for another week. While the market is unsatisfactory it was not enough so to change quotations. Dressed poultry does not fluctuate as do butter and eggs. There is a reasonably good call for fancy fowls weighing up to 5 lbs., but the medium sell slow. Scalded chickens when fancy in fair demand, while those that are of irregular quality are dull. Old roosters sell slow. There is a scarcity of Western Long Island and nearby ducks. Plump dressed turkeys are in demand but prices are a trifle easier than the day before. The average turkeys are weak. Squabs and guinea hens unchanged. Quotations are: Turkeys, old, fresh killed, 20@22c; Spring broilers, 3 to 4 lbs., $2@$2.50; Philadelphia broilers, 1½ to 1½ lbs. each, 25@26c; Western milk fed, 21½@22c; corn fed, 17c; Box packed Western fowls, dozen in box, 60 lbs., 19½c; under 30 lbs., 13c; Iced fowls, dry picked, 5 lbs., 18½@20c; 3 lbs. and under, 16c; scalded, 16½@17c; old roosters, 13c; squabs, prime white, 10 lbs. to dozen, per dozen, $4@5; 5 lbs., $4; 6 to 6½ lbs., $2.50; dark, $1@2; Ducks, spring, 19c; Guineas, spring, 3 lbs. to pair, per pair, $1.15@$1.25.

Live Stock Market.

THURSDAY, October 30.

Receipts of beeves were 1,703 head, including 2 cars for the market. No trading in live cattle. The feeling was rated steady. Dressed beef unchanged in price.

Receipts of calves were 24 head, all for the market. Trade very limited for lack of stock, prices steady. Common to prime veals sold at $8@$12.50 per 100 lbs.; common grassers at $4@$5. Dressed calves in moderate demand at steady prices, or at 14@18½c per lb. for city dressed veals and 11@16½c for country dressed.

Receipts of sheep and lambs were 6,940 head, including 14½ cars for the market. Sheep were steady; lambs firm to 10c higher quality considered. Common to prime sheep sold at $3@$6.75 per 100 lbs.; culls at $2.50@$3; good to prime lambs at $7.40@$7.75; culls at $5.50; a few yearlings at $8. Dressed mutton steady at 9@10½c per lb.; dressed lambs firm at 10½@12½c.

Receipts of hogs were 1,595 head, all of which were consigned direct to slaughterers. No trade in live hogs. The feeling was rated steady. Country dressed hogs steady at 9@12c per lb.; roasting pigs at 14@17c.

TICKETS FOR MILEAGE BOOKS.

Pennsylvania Railroad Plans to Aid Night Travellers.

The Pennsylvania Railroad will inaugurate a system on November 1 by which patrons of its road may exchange mileage coupons for regulation tickets at passenger ticket windows, thus avoiding the inconvenience of leaving mileage books in the hands of conductors on overnight trips.

The new rule will at first be put into effect only at the Pennsylvania station, Pittsburg, and at East Liberty station. If it is found to be satisfactory to travellers the railroad will extend the rule to other stations out of which there is a heavy night travel.
