$25,000,000 COMES IN BRITISH GOLD COIN

Largest Shipment of Precious Metal Ever Received Here From London.

STILL MORE EXPECTED

The largest shipment of gold from London to New York that has yet come in was deposited yesterday at the Assay Office—$25,000,000 in English sovereigns consigned to J. P. Morgan & Co. Perhaps because the coming of the shipment was not as widely heralded as others have been, or simply because lower New York has become used to seeing trucks bearing vast fortunes roll through its streets, the crowd was not as large as the ones that jostled to get a peek at the first big importations.

This is the fourth consignment that has come to New York from Great Britain by way of Canada. These shipments have amounted to about $85,000,000. It is rumored that another shipment of $25,000,000, also for J. P. Morgan & Co., will arrive to-morrow. It was said that there were no securities in the shipment yesterday.

Gold in 1,000 Boxes.

The gold in 1,000 wooden boxes, each containing about $25,000 in English sovereigns, arrived at the Grand Central Station early in the morning. The boxes were loaded onto twenty-three large trucks of the American Express Company. Each van had several guards seated inside and there was a small arsenal of arms to each man. Alongside rode policemen, who kept the curious from getting too close.

After the vans arrived at the Assay Office, the crowd grew to good proportions, but was kept at a distance by policemen.

The unloading of the vans took a good part of the afternoon. The boxes were put by bored assay office employees onto trucks and rolled up the runway into the building.

The coins are to be melted. Then the bars will be sent to the Philadelphia mint, where the gold will be made into United States money.

Arrangements for the shipment of this gold were made before the completion of the $500,000,000 Anglo-French credit loan, but it is not believed that the loan will cause the shipments to cease, at least for a time. On the contrary, it was rumored yesterday in foreign exchange circles that there might soon be a shipment of $250,000,000 to pay for ammunitions and to stabilize exchange.

Day's Receipts $28,000,000.

Another deposit of $3,000,000 in English coin by the Guaranty Trust Company brought the deposits at the Assay Office up to $28,000,000 for the day. The National Bank of Cuba also received $1,200,000 from Havana.

Gold is now flowing into the country from all sides, although the main sources are British. There is a continual stream of gold arriving at San Francisco from Australasia, which is expected to continue till February. The latest figures on gold imports are given in the Federal reserve bulletin of September 17. From January 1 to September 17 the gold imports amounted to $252,000,000. Recent importations, it is believed, increases this total to more than $300,000,000. J. P. Morgan & Co. have received on the present gold movement from Ottawa and London a total of $138,000,000 since May 28.

The imports of gold through the principal customs districts from January 1 to September 17 were as follows:

Maine & c	$60,041,000
New York	34,416,000
Alaska	2,694,000
San Francisco	35,878,000
Washington	4,881,000
Buffalo	4,315,000
St. Lawrence	106,654,000
Other points	3,882,000

Stockholders at Annual Meeting Act With Management.

Contrary to expectations, the annual meeting of the stockholders of the American Locomotive Company, held in this city yesterday, was harmonious. It had been expected that Isaac M. Cate, the minority stockholder who has so vigorously attacked the officials of the company for alleged mismanagement from time to time, would be present at the meeting and at least question the officials regarding the annual report for the past fiscal year. Mr. Cate did not appear, but it was said that he was represented by counsel. There was no opposition to any of the propositions put forward by the management.

Leigh Best, vice-president of the company, was elected a director to succeed William M. Barnum. The directors were reelected. There were 291,181 shares of stock voted at the meeting.

Customs Receipts Yesterday.

The total receipts for duties at the Custom House yesterday were $676,979.51, of which $329,798.35 was for merchandise withdrawn from bonded warehouses and $347,181.16 for recent importations.

BUSINESS TROUBLES.

Bankruptcy Petitions.

LEXINGTON SALES COMPANY, INC.—A petition in bankruptcy has been filed against the Lexington Sales Company, distributor of automobiles at 239 West Fifty-sixth street, by these creditors: Leslie Montgomery, $3,010; Samuel B. Howard, $207, and Federal Printing Company, $106. It was alleged that the company permitted a judgment to be taken against it by the Motor Car Equipment Company for $148, on which the assets were sold on August 24. The company was incorporated in December, 1914, with capital stock $10,000, and had a branch in Philadelphia.

GILMAN B. SMITH, Sr., trading as Gilman B. Smith Company, manufacturer of novelties at 45 Greene street, has made an assignment to Gilman B. Smith, Jr. A petition in bankruptcy was also filed against him by these creditors: Freund & Behr, Inc., $550; Henry J. Ramford, Baltimore, $2,000, and J. Feldman Company, $246. The business was started in 1906.

HARRY KLEINMAN, shoe dealer, at 57 Second avenue, has made an assignment to Archibald Palmer. A petition in bankruptcy was also filed against him by these creditors: Parker Holmes & Co., $50; Powell Shoe Company, $173, and Marshall N. Thayer, $335. Liabilities are $1,000, and assets $5,000. He was treasurer of the Cloak and Skirt Makers Union from 1910 to 1914, and started the shoe business in December, 1914.

AARON LIEBLEIN—A petition in bankruptcy has been filed against Aaron Liebleln, clothing manufacturer, at 140 Stanton street, by these creditors: D. Schultz & Son, $353; S. Kornberg, $134, and Hyman I. Josephson, $91. Liabilities are $7,500 and assets $2,000.

EDWARD HEALEY, SR., of 42 Barrow street has filed a petition in bankruptcy, with liabilities $2,957 and no assets.

Bankruptcy Schedules.

MORRIS L. EDMAN, manufacturer of blouses at 105 Franklin street, has filed schedules showing liabilities $27,262 and assets $18,897, consisting of stock $8,000, machinery $1,500, and accounts $9,397, of which $4,500 have been assigned.

Assignments.

KLINE'S CANDY STORES, INC., with offices at 8 West Fortieth street, and stores at 131 Nassau street and 1742-1744 Nostrand avenue, Brooklyn, has made an assignment to Frederick A. Smith. The company was incorporated in May, 1915, with capital stock $100,000. W. E. McCarthy is president.

MORRIS LANDAU, wholesale dealer in diamonds and jewelry, at 21 Nassau street, has made an assignment to Leon Fischer. He began business in 1906.

LIEBE YAGODA, grocer at 24 Attorney street, has made an assignment to Nathan Mandel.

SOON TO OFFER ITALY'S $25,000,000 OF NOTES

Issue Will Be Sold at Par—Anglo-French Envoys Again Discuss New Credit.

Discussions between the two Anglo-French loan envoys who have remained here and leading bankers continued yesterday. While bankers said that there was nothing to say regarding the conferences it is believed that the envoys and the bankers were considering the matter of additional credits. It is probable that the new credits will take the form of bankers' acceptances drawn on a syndicate of bankers in this country by banking syndicates formed in London and Paris. This was the form of the new credit being considered before Lord Reading sailed for Great Britain, but it was said by him that nothing definite would be done along this line until he had made his report to the British Government in person.

It was learned yesterday at the offices of Lee, Higginson & Co. that the $25,000,000 6 per cent one year notes of the Italian Government would soon be offered to the public at par by that firm and a syndicate of bankers. The notes will be convertible into one year 6 per cent. bonds of the Italian Government, the bonds in turn bearing the privilege of conversion for ten year 5 per cent. bonds. This is said to be Italy's only loan made outside of that country.

Total imports to Italy from the United States in the year ended June 30, 1915, amounted to $184,819,683, as compared with $74,235,012 in 1914. Of the exports to Italy in the past the wheat was valued at $66,530,000 and the cotton at $47,776,000.

Foreign exchange rates were generally easier yesterday. Demand sterling declined to 4.68½, as compared with 4.69¼ on Monday, in spite of yesterday's gold arrival. Cables were also easier, closing at 4.69¼, against a previous close of 4.69¾. Francs dropped to 5.85¾ for checks and 5.84¾ for cables, against 5.85¼ for checks and 5.84½ for cables on Monday. Italian lire declined from 6.35 to 6.38, while rubles remained unchanged at 14.70.

Marks were unchanged at 82¾ for sight drafts and 82½ for cables. Austrian kronen declined to 14.70, against a previous close of 14.75.

The American Bank Note Company has secured the contract for the engraving of the $500,000,000 Anglo-French loan bonds.

GERMAN WAR LOAN GROWS.

$1,894,000,000 Paid in Cash Up to October 15.

BERLIN, via London, Oct. 19.—Up to October 15 the sum of 7,576,000,000 marks ($1,894,000,000), or 62.6 per cent. of the instalments on the third German war loan had been paid in cash, according to the Overseas News Agency.

The news agency adds that the terms of the subscriptions called for the payment of only 30 per cent. of the total amount of the loan by October 18.

EX-GOV. ODELL SUES CITY.

Action for $1,490,974 Brought as Receiver of Contractor.

Ex-Gov. Benjamin B. Odell, Jr., as receiver of the Thomas B. McNally Contracting Company, filed a suit in the Supreme Court yesterday against the city of New York to enforce the payment of $1,490,974 as the alleged balance due on Contract 2 of the Peekskill division of the new aqueduct system. The suit discloses the difficulties under which one of the largest contracts for the new aqueduct was carried to completion. Although the work is done and payment has been recommended by the aqueduct engineers the Comptroller has refused to pay. Mr. Odell asks for $497,747 as the balance due on the contract price of $4,223,574 and for the payment for extra work, making the total amount claimed.

Contractors here were surprised when McNally, who was an obscure Pittsburg contractor, got the contract, especially when investigation showed that his company consisted of himself, his wife and a clerk. The contract called for the completion of the work in forty-five months, but McNally met so many unexpected difficulties in the way of quicksand and glacial rock that many extensions were obtained. McNally's money was gone before the work was fairly under way. He then borrowed and, as his troubles continued Justice Tompkins appointed ex-Gov. Odell and William E. Paine receivers.

U. S. TRADE BALANCE AT NEW HIGH MARK

Total of $44,000,000 for Last Week Is $7,000,000 Above Former Figures.

N. Y. RECORDS BROKEN

WASHINGTON, Oct. 19.—A balance of trade in favor of the United States of nearly $44,000,000 is the record of foreign commerce for the week ending October 16. This is the highest mark yet set and is seven millions more than the next highest week's showing since the week ending September 4.

The Department of Commerce made public to-day the figures for the thirteen leading customs districts of the country, which report 91 per cent. of the foreign trade business. New York, the largest in returns, showed imports of nearly $20,000,000, on which duties were collected of $2,650,318, and exports of $44,367,858.

The figures show a favorable balance of $43,912,598 on merchandise transactions in the thirteen districts.

Following is the records by weeks since September 4:

Week ending.	Imports	Exports	Excess of exports.
September 4	$31,454,457	$69,071,198	$37,616,741
September 11	26,921,167	33,303,708	6,382,541
September 18	29,826,149	65,249,883	35,423,734
September 25	32,278,127	59,796,833	27,518,706
October 2	31,774,909	67,749,331	35,469,722
October 9	32,366,039	67,744,937	35,380,297
October 16	29,782,055	72,694,653	42,912,598

Cotton exported during the week ending October 16 amounted to 146,661 bales, making the total since August approximately 958,145 bales

BIG JUMP IN NEW YORK.

Two-thirds of a Week's Exports Consist of Military Goods.

Aided by large shipments of war stores the export trade of the United States from the port of New York is jumping to figures never approached before. In the last two weeks the exports from this port were valued at more than $76,184,169. Figures compiled by the foreign trade department of the National City Bank for the week ended October 9 show that of $34,215,760 exports, $21,306,182 consisted of military goods.

The exports of explosives for the week of October 9 are headed by $2,594,268 worth of cartridges and ammunition, as compared with $122,639 for the same week of last year, while $1,021,939 worth of gunpowder and $1,762,697 worth of smokeless powder were shipped. Passenger automobiles valued at $1,017,647 were exported, compared with $161,174 for the same period last year, and automobile trucks worth $1,183,325, of which none was shipped in the same week last year. Other exports and their value were: Aeroplanes, $114,104; copper ingots, $2,658,416; empty projectiles, $65,875; leather and leather goods, $1,427,777; lead and nickel, $492,616; chemicals, including nitrate of ammonia, rosin, caustic soda, spelter and zinc, $997,352; brass, copper, iron and steel manufactures, $2,743,709; railway materials, $1,057,453; military goods, India rubber goods, tents, tin plate and wire goods, $1,632,537.

Export business yesterday was placed by the Custom House at $15,882,585, so apparently the figures for the present week will surpass even those for each of the last two weeks.

Flour worth $989,889 was shipped last week, compared with $506,511 in the same week last year; $410,551 worth of metal working machinery, compared with $84,489 in the corresponding week of 1914; $770,371 worth of shoes, $218,395 worth of typewriters, compared with $57,424 worth in the same week last year.

Moving pictures exports jumped from $25,098 in the week of 1914 to $144,531 in the week of October 9 of this year, due probably to the fact that many prominent moving picture actors have gone to the front.

New Colorado Fuel Directors.

At a meeting of the stockholders of the Colorado Fuel and Iron Company, J. B. McKennan, general manager, and W. B. Dickson were elected directors. W. B. Dickson is secretary and treasurer of the Midvale Steel and Ordnance Company and was vice-president of the United States Steel Corporation up to a few years ago.

Thomas Taggart Goes Free.

INDIANAPOLIS, Ind., Oct. 19.—For lack of evidence the case against Thomas Taggart, Democratic national committeeman, charging conspiracy in Marion county election frauds, was dismissed here to-day. Mayor Bell of Indianapolis was acquited of the same charge last week.

DENIAL OF BETHLEHEM PLAN TO ISSUE STOCK

Idea Not Even Discussed by Directors—Shares Advance to 500.

Denial was made yesterday that the Bethlehem Steel Corporation was planning to ask its stockholders to authorize the issuing of 1,500,000 additional shares of stock to be exchanged for the present outstanding stock on a basis of ten shares of the new for one share of the old stock. A man who is closely in touch with the affairs of the company said:

"There is absolutely no foundation for the report. Up to the present this matter has not even been discussed by the board of directors.

"Prominent officials of the company have been approached by certain bankers who have requested that such action be taken because of the high price at which the company's stock is now selling, but there are others who are equally firm in their convictions that it should not be done.

"Whether any plan of this character or any other calling for readjustment of the Bethlehem capitalization will be undertaken later on, I am not in a position to state at present."

The report that the Bethlehem Steel Corporation had completed negotiations for the taking of the Pennsylvania Steel Company was also denied. It is understood, however, that the negotiations will soon be completed.

Charles M. Schwab was here yesterday with E. T. Stotesbury of Philadelphia, who is a director of the Pennsylvania Steel Company.

Bethlehem Steel common, chief favorite among the war brides, got out of the 400 class for a short time yesterday and for the first time in its history sold at 500. The advance to a new high record was made on comparatively light trading, only 1,800 shares of stock changing hands. It opened at 499, as compared with a close of 493 on Monday. Soon after 1 o'clock 200 shares changed hands at 500 a share. The stock closed at 491¼.

On January 2 of this year Bethlehem Steel common was quoted at 46¼. The highest price at which it sold in 1914 was 46¾, and the lowest 29½.

TO HEAD INDUSTRIAL COUNCIL.

J. Mayhew Wainwright Chosen—Insurance Counsel Picked Also.

ALBANY, Oct. 19.—J. Mayhew Wainwright was elected to-day permanent chairman of the State Industrial Council, recently appointed by Gov. Whitman as an advisory body to the State Industrial Commission, which is the administrative head of the State Labor Department. The council is composed of the members representing employers and employees, and the law required that the chairman should be chosen from the outside.

Leroy A. Lincoln of Buffalo was appointed by Superintendent Jesse S. Phillips as counsel to the State Insurance Department at a salary of $5,000. Mr. Lincoln, who was an influential member of the recent Constitutional Convention, is a son of Charles Z. Lincoln, who was legal adviser to Govs. Morton, Black and Roosevelt.

Exchange Seat Brings $72,000.

The sale of a Stock Exchange seat for $72,000 was announced yesterday. This is an advance of $2,000. It is the highest price paid for a seat since 1912, when memberships changed hands at $74,000. The highest price ever paid for a Stock Exchange seat was in 1905-06, when sales at as high as $96,000 were made. The record low price for a Stock Exchange seat was paid in 1871 and was $2,750. During the time when the Stock Exchange was closed on account of the war, a seat was sold for $34,000.

No Foreign Harvester Dividend.

The directors of the International Harvester Corporation, the foreign Harvester company, have again passed the common dividend, due on October 15 last. Cyrus H. McCormick, president of the corporation, issued the following statement: "As European conditions have not improved and the resulting effect on the corporation's export trade is still unfavorable the directors have decided that no quarterly dividend on the common stock will be paid for the October 15 quarter."

American Glass Income Better.

The American Window Glass Company in its report for the year ended August 27, 1915, shows a net income of $1,973,616, as compared with a net income of $1,710,427 in 1914.

FORECLOSURE SALES.

SUPREME COURT, COUNTY OF NEW YORK.—CHARLES M. CANNON, as Substituted Trustee under the will of John W. Quincy, deceased, Plaintiff, against THOMAS F. CONNERY, Junior, et al., Defendants.

In pursuance of a judgment of foreclosure and sale, duly made and entered in the above-entitled action and bearing date the 11th day of October, 1915, I, the undersigned, the referee in said judgment named, will sell at public auction, at the Exchange Salesroom, No. 14-16 Vesey Street, in the Borough of Manhattan, City of New York, on the 20th day of October, 1915, at 12 o'clock noon on that day, by JOSEPH P. DAY, Auctioneer, the premises directed by said judgment to be sold, and therein described as follows: ALL that certain lot, piece or parcel of land, with the buildings and improvements thereon erected, situate, lying and being in the Borough of Manhattan, City of New York, in the County and State of New York, known and distinguished as lot number four hundred and fifty (450) Pearl Street in the 12th Ward of the City of New York, and bounded and described as follows: BEGINNING at a point on the southerly side of one hundred and thirty-sixth street distant two hundred and thirty-three feet four inches easterly from the southeasterly corner of One hundred and thirty-sixth street and Seventh Avenue, and running thence southerly parallel with said Seventh Avenue and part of the way through a party wall ninety-nine feet and eleven inches to the centre line of the block between One hundred and thirty-fifth and One hundred and thirty-sixth streets; thence easterly along said centre line of the block, sixteen feet and eight inches; thence northerly and parallel with Seventh Avenue, ninety-nine feet and eleven inches to the southerly side of one hundred and thirty-sixth street; and thence westerly along said southerly side of one hundred and thirty-sixth street, sixteen feet and eight inches to the point or place of beginning.

Together with the appurtenances and all the rights and interests of the parties to this action of, in and to the said premises.

Subject to the state of facts shown on a survey of said premises as in possession made by George C. Wallerich, City Surveyor, dated May 1, 1902, as to blue points of which is in possession of the plaintiff's attorneys and may be examined by intending purchasers.

Dated, New York, October 13th, 1915.
