HARVARD TRAMPLES ON BOSTON COLLEGE

Whitney Strikes Out Twelve Men and Crimson Wins by 7 to 0.

PASSES HURT HOME TEAM

NEWTON, Mass., June 16.—A week ago Boston College beat Harvard 3 to 1, but to-day the Crimson came back with a vengeance, winning 7 to 0 behind the fine pitching of Wilmot Whitney.

Whitney, who has had a bad hand, struck out twelve members of the local team and allowed only two hits. One of these was a double that followed Whitney's hitting Gildea with the ball in the fourth. Otherwise Boston College did not get beyond first base, which was occupied by three home players in all.

Gill, the left hander who beat Harvard at Cambridge, was hit only five times, but three of his four passes were worked into runs. In the first inning he ticketed the first two men and then Shortstop Manley with an easy play ahead threw wild to third base, two men scoring. Later a hit by Harte put Harvard ahead, 3 to 0. A pass, a sacrifice and a hit, together with an error by Fitzgerald gave Harvard a run in the fourth. In the seventh three more visitors made the rounds on Coolidge's single, Abbot's double, Flynn's muff of Harte's fly and a dropped ball at the plate by Dee.

Harvard played an errorless game. Mahan's arm is better and with Whitney's showing to-day the Crimson will go to New Haven the first of the week confident of winning its annual series. The score:

SALLEE QUITS CARDINALS.

Packs Grip and Goes Home After Argument With Huggins.

The thunderclouds of yesterday were not the only depressing influences in Miller Huggins, the midget manager of the Cardinals. Slim Sallee has sulked out on the faithful club of the National League. Sallee packed his grip yesterday morning and left town without notifying Huggins of his departure. He told some of his teammates he was going home to St. Louis.

Huggins admitted yesterday that Sallee had taken French leave. The manager of the Cardinals also declared that he had suspended the lanky southpaw indefinitely for his desertion.

"Sallee found fault with the hotel where we stay here," said Huggins. "He objected to both the food and his room, but he didn't come to me with his complaints. I cannot understand his action. He has not been drinking this season and he has been a great help to the club. His loss will be a serious blow.

"I intend to make an example of Sallee," Huggins continued. "For some reason he does not care to play with St. Louis. Well, he will play with my club or nowhere, if I have my way. I will not sell him and I will not trade him. No, I will not say that Sallee has been tampered with by any one. There has been a lot of newspaper talk recently that he was coveted by the Giants, but in justice to the New York club I will say that I have never received a proposition and have not discussed Sallee's case with Manager McGraw or any other official of the Giants."

Chinese Beat Trinity.

HARTFORD, June 16.—In the commencement game here this afternoon Trinity's baseball team was defeated by the Chinese University of Hawaii, 5 to 1.

LONG TOM HUGHES HURLS NO HIT GAME

Only Three Pirates Get on Base, Two on Walks and One on an Error.

WAGNER WHIFFS TWICE

BOSTON, June 16.—Long Tom Hughes did not allow the Pirates a hit or a run to-day, while the Braves got two tallies because of passes to Maranville.

Only three visitors reached first base, two on passes and one on an error. Tom was in great fettle. The visitors rapped the ball into the air when they connected. Wilhoit camped under several long flies. The locals had only three assists. Wagner struck out twice, being the third out in the final session on three swings.

The Rabbit walked in the opener and advanced on a single by Snodgrass. Wilhoit's pop fell into Kantlehner's mit and when the latter threw over Wagner's head Maranville scored. Harmon passed the Rabbit in the eighth and he went to third on another hit by Snodgrass, scoring on a double steal. The score:

COLLINS BANGS THE BALL.

He Gets Single, Double and Triple and White Sox Win.

CHICAGO, June 16.—In a heavy hitting game in which both teams used three pitchers the White Sox defeated the Boston Red Sox, 7 to 4, to-day. Chicago took the lead with three runs in the fourth, when Schalk doubled and scored later on a wild pitch. The visitors tied the count in the eighth at 4 all, but the White Sox came back in their half of the inning with three more tallies, enough to win. Eddie Collins featured with the stick, getting a single, a double and a triple. The score:

BOSTON (A. L.)	ab	r	h	p	a	e	CHICAGO (A. L.)	ab	r	h	p	a	e

TIGERS BEAT ATHLETICS.

Cobb Fails to Make a Hit, but Team Makes Win, 4 to 3.

DETROIT, June 16.—The Tigers defeated the Athletics here this afternoon by a score of 4 to 3. Rain fell almost continuously during the game. Mack used two pitchers, while Detroit's selection, Dubuc, went through. Each team registered eight blows. Cobb failed to get a hit, and was struck out once in four times up. The score:

HOADLEY SIDE LOSES IN POWER CO. FIGHT

Appellate Division Gives New Jersey Receiver Right to Vote Stock.

WAR SWELLS ASSETS

Through a decision yesterday by the Appellate Division reversing a ruling of the lower court the control by Joseph H. Hoadley and his relatives of the American and British Manufacturing Company, which is manufacturing war munitions, is endangered. The decision gives a New Jersey receiver of the International Power Company, which owns the majority stock of the munitions concern, power to vote the stock for the election of officers of the American and British company in the interest of the creditors he represents.

The order reversed by the Appellate Division continued the Hoadley regime in control through permitting Charles H. Ridder, New York receiver of the International Power Company, to vote the stock to continue the present officers. George W. Hoadley, brother of Joseph H. Hoadley, is president of the concern.

The New Jersey receiver, Gen. Wilbur F. Sadler of Trenton, who is head of the New Jersey National Guard, was appointed in December, 1914, in proceedings brought to dissolve the International Power Company because through the management of Joseph H. Hoadley, the president, it had become insolvent. Before the New Jersey receiver could get possession of the New York assets an action was brought in this State in behalf of the Hoadley management for the appointment of a receiver and Mr. Ridder, who was appointed, took charge of the only asset of the International Power Company of substantial value. This was 12,558 shares of preferred and 10,337 shares of common stock of the American and British Manufacturing Company. As a result of the company's war orders this stock has been increasing rapidly in value during the period of the dispute between the two receivers. The papers in the case show that the net earnings of the company for 1915 were $279,651, more than double the earnings of 1914, and that the earnings for the present year will be still greater. It is stated that an order of $1,000,000 from the Bethlehem Steel Company has been held in abeyance awaiting the outcome of the present litigation.

The Appellate Division decided that the New York receiver cannot hold the only valuable asset of the alleged insolvent concern for the benefit of the New York creditors alone and said: "It will be an unseemly administration of the law in different States if the receivers appointed in these different States were to contend for the possession of the assets for distribution among the creditors of their respective States, and furthermore the Constitution of the United States requires equity in the distribution of the assets."

Justice Smith, writing the opinion of the Appellate Division, said that whether the present officers are reelected will be determined by the New Jersey receiver, who now gets power to vote the stock, but "it will not be presumed that the management is to be so far changed as to interfere with present contracts or in any way obstruct the progress of the work."

BLISS-FOOLE MERGER NEXT.

Plan to Unite Big Machinery Concerns.

Steps to unite the E. W. Bliss Company, the Foole Engineering and Machine Company and several munitions companies were reported in the financial district yesterday.

From those who are in close touch with the negotiations now being carried on it was learned that plans for the consolidation of the Bliss and the Foole concerns were being considered, but it was denied that a munition company merger was being thought of. The consolidation when effected, it was said, would be one of a number of machinery manufacturing companies.

The Bliss company has outstanding $4,848,600 6 per cent. bonds, $1,250,000 8 per cent. preferred and $1,250,000 common stock. On the latter issue the company paid dividends amounting to 20 per cent. in 1915 and is paying now at a higher rate.

The company showed net earnings for the year ended December 31 last of $5,432,101, after payment of the preferred dividends. This was equal to 435.56 per cent. on the common.

The Foole company has $500,000 in bonds and $3,000,000 in capital stock. President Brady has estimated that the company will show net profits of $3,000,000 on more than $17,700,000 in contracts, after providing for the cost of machinery and new plant.

From interests concerned in the consolidation plans it was learned that the merger would be a combination of machinery manufacturing companies covering the railroad, locomotive, arsenal and shipbuilding fields.

TENNESSEE COPPER PROTEST.

Objection to Reports of Extra Dividend—None Planned.

After a special meeting of the executive committee of the Tennessee Copper Company yesterday the following statement was issued:

"The directors keenly deplore the frequent dissemination of unauthorized and unwarranted information regarding the affairs of the Tennessee Copper Company. The rumors spread in the financial district that the company expects to increase its dividend are wholly unwarranted and unauthorized. There had been no discussion by the directors regarding the payment of any special or extra dividend. No director presumes at any time to speak for the other members of the board.

"The regular meeting of the board of directors for the discussion of a dividend will be held next week, but it can be positively stated that no extra dividend will be declared. The company suffered by reason of the fire at Copper Hill, destroying almost entirely its new trinitrotoluol plant and raw materials in connection therewith, which plant was constructed for the purpose of performing its contract with the Russian Government.

"The question of the responsibility of the fire insurance companies has not yet been decided.

"The situation regarding the contract with the Russian Government is unsettled."

Consolidated Exchange.

Weakness marked the closing dealings on the Consolidated Stock Exchange yesterday. In the early dealings the market showed a waiting attitude with aggressive trading at a minimum. Stocks having Mexican property interests were specially waited for a cue. Mexican Petroleum for a time was decidedly strong. After opening at 105, which was ¼ of a point under its closing quotation on Thursday, it touched 104⅞ and then advanced 2 points to 106⅞. It broke, however, in the afternoon to 104 but closed at 104¾.

Crucible Steel was also firm for a time. It opened at 85⅛, ⅛ of a point above its closing the night before, and later on touched 87½. Then it broke sharply, getting down to 84½ and closing at 84¾.

American Beet Sugar opened on an overnight drop of 1¾ points, its initial price being 90. From there it rallied, touching 92⅞, but it closed at 90⅝. United States Steel common opened at 86⅝, an unchanged price from Thursday's closing, but that proved its highest, and it got down in the afternoon to 85⅝, closing at 85⅞. Reading after opening at 104⅝ advanced to 105⅝, but then declined to 103¼, closing at 103⅝.

FIND MILLS & GIBB SURPLUS $921,473

Accountants Report Assets Are Substantially in Excess of Liabilities.

CALLED "CONSERVATIVE"

The preliminary balance sheet of the white goods jobbing and importing house of Mills & Gibb, as prepared by accountants for the receivers, was modified yesterday. The accountants report that the excess of tangible assets over current liabilities is $921,473.

According to the accountants, advances to President William T. Evans amounted to $795,841.77, and advances to W. H. Evans amounted to $142,928.45, a total advanced of more than $938,770. Under advances to W. T. Evans the report shows that $213,989 was to cash account, $135,259 to private account, $142,628 to Terrace Court apartments, $132,269 to building account, $95,553 to 175th street lots, $13,975 to the Montclair Art Association and $2,067 to individual underwriter's account.

The balance sheet shows total assets amounting to $5,074,977, against total liabilities of $5,383,211, leaving an excess of liabilities over assets of $308,235. Total tangible assets are disclosed as $4,074,976 and total current liabilities as $3,153,503. Thus the excess of tangible assets over current liabilities is $921,473.

Speaking on behalf of President Evans, Frank E. Lawrence, his attorney, made the following statement last night:

"The statement which has been made by the accountants concerning the affairs of Mills & Gibb as of May 12, 1916, showing an excess of tangible assets over current liabilities amounting to $921,473.22 is, as it states, only a preliminary balance sheet. It is to say the least an extremely conservative statement.

"For instance, in the neighborhood of half a million dollars is deducted from the actual cost of the building on Fourth avenue erected by the concern and occupied exclusively by it.

"Also $500,000 is deducted from the value of the merchandise on hand to reduce it to a liquidating basis, which is understood to mean to meet the cost of selling it; but this amount is lessened by one-half, that is $150,000, which is added to the assets in case a reorganization is effected and the business is continued as a going concern.

"As to the indebtedness of Mr. Evans, stated to amount to a total of $878,770.22, certainly a third of that amount, perhaps more, consists of interest charged at the rate of 6 per cent. while the company has been borrowing money at 5 or 4 per cent. In this connection it is to be remembered that Mr. Evans has indorsed all the notes of the company now outstanding to the amount of over $2,000,000, and as security for his indebtedness to the company he has conveyed for its benefit all of his real estate and much other property, all which, taken together, he acquired at a cost exceeding $1,100,000 and which will certainly yield a very substantial sum."

Federal Judge Mayer has authorized Joseph B. Martindale and J. Harper Poor, receivers of Mills & Gibb, to accept the offer of W. L. Andrus of 137 Riverside Drive to purchase the country place of William T. Evans at Sippan Point, Conn., consisting of seven acres, for $70,000, payable $40,000 cash and $30,000 mortgage. This was a part of the real estate transferred to the receivers on May 18 by Mr. Evans.

THE METALS MARKET.

Many anxious sellers of small lots of copper had further depressed the market for prompt and July shipment at 27@27½ in the middle prices is nominal at 27@27½ in the middle prices is nominal at 27@27½ in the middle prices is nominal
