SHIPPING NEWS FROM ALL PARTS OF THE WORLD

MOUNTED ON HORSE, HE DIES BY HANGING

Gen. R. D. Simms Ties Noose About Limb, Then Spurs His Horse.

WAS IN FAILING HEALTH

Served as Captain in Spanish War and Became National Guard Brigadier.

ASHEVILLE, N. C., March 31.—County authorities cut down to-night the body of Gen. Richard D. Simms, aged 52, of Washington, D. C., a patient at a local sanitarium, from a roadside tree, where it had been found hanging some hours after life was extinct.

Gen. Simms's horse was found nearby and officials said he apparently had ridden under the tree, knotted the rope around his neck, tied the other end to a limb and then spurred his horse out from under him.

WASHINGTON, March 31.—Richard D. Simms was for many years purchasing agent for the District of Columbia, resigning in 1905 to become treasurer of the Capital Traction Company. He served as Captain in the Spanish-American War and in 1918 reached the rank of Brigadier-General in the District National Guard.

MEAT FAMINE FACED BY CHICAGO PEOPLE

Strike of 900 Stock Handlers Halts Butchering.

Special to THE SUN AND NEW YORK HERALD.

CHICAGO, March 31.—Complete shutdown of the slaughtering departments of Packingtown brought Chicago to the verge of a serious meat shortage to-day, as more than 900 striking stock handlers met and cheered the utterances of speakers who urged them to "stick to the finish."

Butchering ceased in the union stock yards and 15,000 workers were forced out of employment. Stock yards workers to the number of 50,000 are expected to be out before the end of the week if no settlement is reached.

Meanwhile the burden of the walkout threatened to descend to the ultimate consumers, as dealers in a scramble for the fast diminishing stock of fresh beef and other meats bid higher and higher prices.

Already prices have jumped from $1 to $2 a hundred pounds wholesale on beef and from 28 to 35 cents a pound wholesale on pork loins. In a few days the Chicago market will be drained of meat supplies. May and July lard jumped 18 cents to-day. Virtually no pork was offered in to-day's market.

HEROIN AND COCAINE WORTH $112,000 TAKEN

Two Men Arrested in Raid on Bronx Office.

A supply of heroin and cocaine, said by detectives of the drug squad to be valued at $112,000 and sufficient for the demands of all the addicts in the United States for three months, was seized yesterday in The Bronx. With the seizure the police announced the arrest of Charles Berthel, aged 41, a manufacturing chemist, who said he lived at 1770 Grand Concourse, and James M. Rumsch, whose address was given as 1271 Hoe avenue.

After an investigation the detectives said they trailed Berthel from his office to the freight yards of the New York Central at Mott Haven and arrested him as he was about to receive a package containing $32,000 worth of drugs from Rumsch. A raid on an office in Lincoln avenue, The Bronx, followed, where, according to the detectives, the remainder of the drugs, 295 grains, was found.

INLAND MARINE LINE FORMS.

Will Operate Cargo Carriers on Barge Canal and Lakes.

Organization of the Inland Marine Corporation of Syracuse to operate lower than rail rate freight routes by steamboats and barges through the New York Barge Canal to the Great Lakes and the Mississippi, was completed yesterday by consolidation of the Shippers' Navigation Company, Inc., of Syracuse—the first freight barge canal line—and the Long Island Barge Company, a subsidiary of R. Lawrence Smith, Inc., of New York.

The corporation will operate a fleet of fifty-seven cargo carriers, ten steamboats and forty-seven consorts.

VOTES FOR DAYLIGHT SAVING.

Rhode Island House Committee Reports Bill Favorably.

PROVIDENCE, R. I., March 31. — The Judiciary Committee of the Rhode Island House voted this afternoon to report favorably to-morrow the proposed State daylight saving act. It will come up next Wednesday for action. The Senate has not yet considered the measure.

In this city to-morrow afternoon the Board of Aldermen will receive from committee a favorable report on a proposed municipal daylight saving ordinance.

EUROPE.

PARIS

LOFTS & WARNER, No. 139 Mount Street, Berkely Square, London, W. 1.

FOR SALE, patented invention in the dentistry line for manufacturers of dental instruments. Letters to ALEX STANOWSKY, Dentist, Passage 7a, Rotterdam, Holland.

WOMEN AT MEETING ACCLAIM JOHNSON

Article X. Denounced and Candidates Assailed.

For an hour and a half Senator Hiram W. Johnson of California exhibited his best metaphorical pyrotechnics to an audience largely of women who went to Carnegie Hall last night at the call of the women's division of his Presidential campaign organization here. Cries of "Hooray for Hiram!" echoed loudly and frequently through the auditorium and an outburst even more often rose from his audience as he attacked his favorite aversions—Article X., the present "autocratic administration," "international bankers," "the coy candidate," meaning Herbert Hoover, or "those who garb themselves in the raiment of Theodore Roosevelt."

Interjected through his address, devoted mostly to retearing the League of Nations to shreds, were numerous other assaults upon possible candidates for the Republican nomination. But his audience chuckled at these, whereas they wildly cheered his denunciation of the "iniquitous Article X." and his promise that he would, if he received the power, remedy the cost of living by "finding the profiteer, bringing the farmer nearer to the markets, stopping speculation in the necessities of life, ceasing our mad adventures in Europe, revising the tax system and ending the system of log-rolling appropriations."

When Senator Johnson concluded and clasped up his brief case, a resolution endorsing his candidacy was read and adopted. Mrs. Belle de Rivera, first president of the New York Equal Suffrage League, presided. Other speakers were Mrs. Margaret Crumpacker, chairman of the woman's division of the Johnson campaign, and James L. Wilhoit, who explained it was a "poverty stricken campaign." "That is the only charge against Johnson," he declared.

Airplane Tester Dies After Fall.

John M. Foot, tester for a College Point airplane company, died in the Nassau County Hospital yesterday afternoon from injuries he suffered earlier in the day when an airplane equipped with a new stabilizing device which he was trying out fell at Roosevelt Field, Mineola. The monoplane fell from a height of 1,000 feet.

APPROPRIATION BILL PASSED AT ALBANY

Sage Predicts Doubling of Budget in Ten Years.

Special to THE SUN AND NEW YORK HERALD.

ALBANY, March 31.—Prediction that the State budget will rise from its expected total of $115,000,000 this year to double that amount within ten years was made in the Senate to-day by Henry M. Sage, chairman of the Senate Finance Committee, in answering an attack on the budget by James J. Walker, the Democratic leader.

The Senate and Assembly passed the annual appropriation bill to-day carrying a total of $74,998,603 for maintaining the various branches of the State Government.

Senator Walker criticised the Republicans for failure to give any consideration to recommendations of the State Reconstruction Commission named by the Governor, especially those designed to consolidate the 187 departments, boards and bureaus into a cohesive governmental scheme under eighteen department heads, with the Governor in executive authority.

Senator Sage's reply termed the Reconstruction Commission's scheme a series of "delusory notions." He declared that "a combination of departments calling the present departments bureaus would make no dent in the total appropriations."

"We must stop spending what we haven't," warned Senator Sage. "I am afraid the reckoning will come within two years. The school teachers tell us they must have salary increases from the State amounting to $25,000,000 this year, otherwise our school system will collapse. This increase would be a very good start to doubling our budget within ten years, no matter how silly that prediction may sound.

"The teachers tell us they now receive less than bricklayers, plumbers and the like. That is true, but we must remember that we must be careful in fixing salaries by statute because when the readjustment comes and bricklayers, carpenters and mechanics are not going to be getting such big wages in two years the salaries fixed by law will remain. When the time comes that the State cannot collect the taxes because business has gone to pot what will you do about it?"

NOTICE TO MARINERS

THE SUN AND THE NEW YORK HERALD'S Ship News Office is adjacent to the Barge Office at the Battery. Telephone **1572**—Broad.

CLOSING OF MAILS.

Transatlantic Mails.

THURSDAY, APRIL 1.

The corrected reading of the barometer (reduced to sea level) at New York on Wednesday, March 31, 1920, at 8 AM, as reported by the United States Weather Bureau, was thirty and three-hundredths (30.03) inches. This closely approximates seven hundred and sixty-two and seven-tenths (762.7) millimetres. Captains of all vessels now lying in or near the ports of New York and Brooklyn can advantageously use the above official data for observing whether their own barometers require any considerable correction or adjustment.

Wind at Sandy Hook, 8 PM, SW, 14 miles; hazy; light sea. At City Island at sunset, W, light breeze; partly cloudy; smooth sea.

FOREIGN WEATHER CABLEGRAMS.
