

# RETURNS FROM PRIMARY ELECTION

## Heyward Leads in the Race For Governor.

## LATIMER RUNS AHEAD FOR THE SENATE

The Vote Was Fairly Heavy and Returns Incomplete Up to the Hour of Going to Press. But the Subjoined Figures are Approximately Correct.

Returns from the Tuesday primary up to Wednesday midnight, and nearly complete, indicate that in the Senatorial race Latimer leads, with Evans a close second. In the race for Governor, Heyward has a good lead with Ansel or Tolbert in the second place.

A practically official count, up to 4 a. m. Thursday gives the following totals: Ansel, 15,331; Heyward, 34,921; Tolbert, 13,813; Tillman, 13,724; Timmerman, 4,787.

Nearly complete returns in Senatorial race up to 4 a. m. Thursday give Elliott 10,396, Evars, 14,714; Hemphill, 11,523; Henderson, 11,291; Johnstone, 11,365; Latimer, 19,244.

The vote for Attorney General and Comptroller General shows a total as follows: Gunter, 37,539; Stevenson, 33,897; Brooker, 13,528; Jones, 19,222; Sharpe, 15,295; Walker, 22,466.

It is impossible to say exactly how the other races stand, though Gunter seems certainly nominated for attorney general.

The election was not characterized by disorder at any point in the State so far as known.

In the congressional races the votes reported are as follows:

First District—Bacot, 1,475, Legare 2,903.

Second—Bellinger 2,211, Croft 2,350, Thurmond 1,887.

Third—Aiken 1,879, Graydon 808, McCalla 990, Prince 647, Rucker 275, Smita 1,425, Stribling 1,624.

Fourth—Johnston 5,193, Wilson 2,911.

Fifth—Finley 3,389, Floyd 379, Strait 985, Wilson 721.

Seventh—Lever 2,350, McLaughlin 671.

### THE VOTE FOR GOVERNOR.

	Ansel.	Hey ward.	Tal. bert.	Till- man.	Timmer- man.
Abbeville (15 out 23)	639	286	711	289	42
Aiken	21	283	711	334	271
Anderson	1639	366	133	167	155

### Six Negroes Killed.

Van Buren, Ark., Special.—Six negro laborers are known to be dead and others are missing in a wreck of a work train west of here in Indian Territory. The train left here in the morning to distribute new steel along the Kansas & Arkansas Valley division of the road. Near Illinois station the engine left the track and was overturned with several cars of steel rails. Many of the laborers were caught under the rails and crushed to death.

### A Bad Earthquake.

Washington, Special.—The War Department received a cablegram from General Chaffee, at Manila, reporting the occurrence of a serious earthquake on the island of Mindanao. Twenty persons were killed by falling walls, the victims all being Moros. The Americans in the vicinity escaped and the dispatch says there was no reports that any of the soldiers occupying that part of the island sustained any injury.

# SOUTHERN INDUSTRIAL

## Virginia Banks.

M. A. Kendall, West Virginia's State commissioner of banking, has issued a bulletin showing the condition of all the State banks of the State at the close of business on July 16, 1922. This list does not include the national banks which report their condition on call to the comptroller of the treasury. For this reason the totals given by Commissioner Kendall do not represent the entire banking interest of the State, national banks being strong not only in Wheeling, but also in Parkersburg, Huntington, Charleston, Clarksburg, Fairmont, Grafton, Martinsburg, Elkins and several other commercial centers of the State. The 112 banks reporting have total resources of \$49,465,163; loans and discounts, \$25,339,691; deposits, \$31,017,267; surplus and undivided profits, \$2,753,367. There are nine banks in the State—State banks only—outside of those in Wheeling, having deposits of \$500,000 or more.

## Industrial Miscellany.

A steamer 275 feet long recently purchased by the Texas Oil & Transit Co. is now being converted at Philadelphia into a modern tank steamer with a capacity of 20,000 barrels of oil. When completed the boat will be placed in service between Port Arthur and New Orleans to aid the company to fill large contracts for Texas oil at many points on the Mississippi river. The company already operates a tug with five barges carrying 30,000 barrels of oil a month.

The values of mineral products of British Columbia to close of 1921 were: Gold, \$30,716,096; silver, \$16,534,554; lead, \$9,622,689; copper, \$8,869,546; other metals, \$51,878; coal and coke, \$54,157,315, and building stone, bricks, etc., \$2,850,090, a total of \$172,241,938. Of this, \$20,085,780 represent the products of the mines during 1921, an increase over 1920 of \$3,742,029.

A Chattanooga dispatch reports that the Southern Cottonseed Crushers' Assurance Association is being organized to insure cotton-oil property against fire; capital \$200,000, surplus \$100,000.

The Farmers and Merchants' Bank at Snyder, Okla., has been incorporated, with \$5,000 capital. The incorporators are Clark and Ella V. Seton, C. P. Risdon, M. Burke and Ed. Hartman of Perry.

The Citizens' State Bank of Chyenne, Okla., has been incorporated, with \$10,000 capital. The incorporators are J. A. Mays, C. M. Rossen and J. N. Cook of Elk City, G. F. Turner, L. L. Collins and J. H. Kendall of Chyenne.

L. S. Covington of Rockingham and others propose to establish a new bank at Monroe, N. C. Among those interested are W. S. Lee, J. E. Stack, D. A. Houston, F. B. Ashcraft, E. C. Winchester, W. A. Lane and J. D. McRae.

The Citizens' National Bank of Jacksonville, Texas, has been approved by the comptroller of the currency; capital \$50,000. The incorporators are W. P. Devereaux, Jacksonville; C. F. Moore, W. H. Sory, J. P. Goodson, F. A. Fuller.

The South Georgia Building & Investment Co. has filed application for a charter at Fitzgerald, Ga. L. Kennedy is attorney for the petitioners.

The Citizens' Bank of Custer City, Okla., capital \$5,000, has been incorporated by J. W. Walter, L. G. West and Frank Merrell of Weatherford.

The State Bank of McHenry, Miss., has been incorporated, with \$15,000 capital. The incorporators are J. P. Carter, W. M. Connor, F. W. Foote, E. Bauer, J. F. Bennett, Jr.

The City National Bank of Norman, Okla., capital \$25,000, has been approved. The incorporators are D. B. Wynne, John G. Lindsay, S. E. Price, John Weighton and Z. T. Kerby.

The First National Bank of Gunter, Texas, capital \$30,000, has been approved. The incorporators are John Hardie, H. C. Sperry, C. B. Holk, E. E. Richardson and Jacob Housinger.

The Kingwood National Bank of Kingwood, W. Va., has organized by electing officers as follows: President, I. E. Robinson; vice-president, James W. Flynn; cashier, S. H. White.

R. P. Rentz of Swainsboro, Ga., proposes to open a new bank at Dublin, Ga., with \$50,000 capital. It is understood that George Rentz of Swainsboro and J. D. Smith of Dublin are also interested, and application will be made for a charter immediately.

The Arkansas Mutual Fire Insurance Co., of Little Rock, Ark., has filed articles of incorporation. The officers are Frank Carl, president; Dan W. Jones, vice president and attorney; C. S. Collins, secretary; Ben W. Green, treasurer; W. A. Worthington.

The Atlanta Trust & Banking Co., has organized at Wilmington, N. C., by the election of officers as follows: President, Matt J. Heyer; cashier, Mitchell F. Allen; directors, A. B. Lynch, D. McEachern, L. B. Rogers, R. H. J. Ahrens, J. G. L. Gieschen, R. R. Bellamy, I. M. Bear, B. Solomon, Matt J. Heyer, John H. Kuch and C. W. Yates.

The Dublin Cotton Oil Mill of Dublin, Ga., is now under the management of Mr. W. Butler of Wrightsville. Mr. Butler fills the vacancy made by the death of Mr. B. Aycock.

The People's Bank of Wallhalla, Ala., has been chartered with \$40,000 capital. The incorporators are W. A. Strother and F. S. Hollman.

The Homestead Oil Co. of Granite, Okla., has been chartered, with a capital stock of \$1,000,000. The incorporators are J. H. Greene of Dubuque, Iowa; I. P. Elmer and H. D. Badgley of Chicago, and T. J. Milner of Granite. Mr. F. K. Borden, district manager of the Southern Cotton Oil Co., which is now erecting a large plant in Fayetteville, N. C., reports good progress being made upon the erection of the plant. The plant when in operation will be among the best equipped in the South.

# IT IS ACTIVE AGAIN.

## Mount Pelee Violently Eruptive Once More

## PEOPLE THOROUGHLY FRIGHTENED.

The News from Neighboring Islands is to the Effect That Rumbling Noises and Detonations are Heard in the Direction of Martinique, While Showers of Ashes Continue to Descend.

Pointe-A-Pitre, Island of Guadalupe, By Cable.—This entire port has been covered with a cloud of fine dust since 5 o'clock Sunday morning and the populace is panic-stricken. Fine ashes are falling continually in a slight drizzle. Semi-darkness is over the sea and the ships in the harbor seem to be enveloped in a cloud of smoke. Advice from Basse Terry assert that since daybreak today the entire island has been covered with a cloud of dust coming from the southeast, the direction of the island of Martinique. The population of Basse Terry is greatly alarmed.

## INDICATIONS OF VOLCANIC ACTIVITY.

Roseau, Ronnancia, B. W. I., By Cable.—A thick mist has enveloped Roseau and its neighborhood and dust is falling.

St. John, Antigua, B. W. I.—Many very loud detonations were heard here from 9 o'clock to midnight.

Basse Terry, St. Kitts, B. W.—A series of loud reports was heard here last night from 7 until 9 o'clock.

A severe eruption of Mont Pelee, Martinique, was reported to have occurred at noon, August 21. This report was brought to Castries, Island of St. Lucia, by officers of the French steamship Dahome. This eruption was followed by total darkness for five miles away from the volcano.

A dispatch received from St. Thomas, D. W. I., August 26, said that between 10 o'clock in the morning and 3 p. m., August 25, clouds of dust were seen in the direction of Monte Pelee, island of Dominica. Detonations were heard and there were light showers of volcanic dust on the island. The following message was received from Dominica:

"Since 2 p. m. today (Tuesday) prolonged rumbling noises in quick succession have been heard from the southward. There is every indication that Monte Pelee is in violent eruption."

A dispatch from Paris, dated August 28, said the latest dispatches received at the Ministry of the Colonies from Fort-de-France, island of Martinique, dated August 25. They made no mention of the reported eruption of Monte Pelee. The Paris dispatch said also that the cables to Martinique both north and south continued to be interrupted. Efforts made to communicate by cable direct with the island of Martinique have proved unsuccessful. Telegraphic communication with that island from New York is still interrupted.

Roseau, Dominica, B. W. I., By Cable.—The thick mist which enveloped Roseau Sunday, was taken, as it approached, for a rain storm. The dust is still falling, although, lightly, but during the night the quantity of dust which fell here was greater than upon any previous occasion since the first eruption of Mont Pelee. At nightfall a dark cone-shaped cloud emitting electric flashes rose in the South but it was gradually obscured by the mist caused by the falling ashes. Rumbling noises and a few detonations were heard during the night of the 30th. The people here are quiet. No news has yet reached here from Martinique.

## News From the Strike.

Wilkesbarre, Special.—Jacob Smith, a coal and iron policeman in the employ of the Kingston Coal Company, was held up by two unknown men Sunday while he was on his way to one of the collieries of the company to relieve an officer. His assailants took his revolver away from him and then gave him a severe beating.

## Tramway Employers in Switzerland Strike.

Geneva, By Cable.—All the employes of the tramway of the city struck because the manager of the electric workshops, who is an American, dismissed 42 men employed in the shops and offered them positions as conductors. It is feared the strike will extend to employes on the steamers on Lake Geneva.

Tamaqua, Pa., Special.—Only one disturbance was reported in the Panther Creek Valley Sunday. While Joe and Albert Kutzek, non-union men, were leaving church they were attacked by a number of foreigners and compelled to return to the church for safety. After remaining there for some time they succeeded in escaping. This afternoon officials of the switchboard notified Major Gearheart that strikers were interfering with their passengers at Summit Hill. Company E. of the Twelfth Regiment, was sent to the scene and succeeded in restoring order. Tomorrow a large force of soldiers will patrol the valley and protect non-union men while on their way to work.

## A Washery Pump House Dynamited.

Scranton, Special.—The pump house of the National washery at Minooka was blown to pieces Sunday by dynamite. Manager Sharkey says no damage was done the washery and that work will proceed. It is not known who placed the dynamite. The West Ridge and Marvina collieries are preparing to start up this week. The Oxford colliery in West Scranton had added a powerful search-light to its weapons of defense. The Oxford is now turning out 400 tons of coal a day.

# ORDERED TO SHOOT.

## Latest Developments in the Great Coal Strike.

Philadelphia, Special.—Having exhausted every other means for preserving the peace and in protecting the non-union men from violence on their way to and from the mines, Brigadier General Gobin, in command of the troops now in the coal fields, has issued an order that the soldiers shall shoot any person detected in throwing stones or other missiles and that if any mob resist the authority of the troops that they shall freely use their bayonets and butts.

The Panther Creek valley has been in almost continual turmoil this week and the troops stationed there have had a difficult time in protecting the lives of workmen. Tonight the situation in that valley has improved considerably and it is hoped by the military authorities that the lawless and abusive language directed toward the soldiers will now cease. The other sections of the coal regions are comparatively quiet.

A mob gathered at the Dorrance colliery, near Wilkesbarre, early in the day, because it was rumored the colliery was about to start work. The crowd soon scattered, however, when it was found that the rumor was incorrect.

The general strike situation remains unchanged. There is some coal being shipped, but the quantity is so small compared with the normal shipment that it has little or no effect on the market. The fuel now coming to market is principally washery and loose coal.

## Killed by a Mob.

Monroe, Mich., Special.—Walter Lemerand, lately from Toledo, O., came home and found a man, a Frenchman named Jos. Labarge, also of Toledo, in the house with his wife. A quarrel ensued, Labarge finally running from the house. An officer attempted to arrest him, when he ran down Third street, a crowd pursuing him. The cry "assaulter" was raised and the mob began to shoot. Labarge ran into a cornfield, where he was surrounded and shot dead, a bullet penetrating his heart.

Mrs. Lemerand said: "The man was sitting in the parlor with me when my husband came home. There was nothing wrong." Mrs. Lemerand said that she and Labarge had planned an elopement.

An autopsy was performed on Labarge's body. Two men whose shots killed Labarge are known, but no arrests will be made until after the inquest.

## Brief Mention.

Devices to attract congregations to church are spreading from sectarianism to a business like aestheticism. There is a place of worship where tiny bouquets of flowers are at the close of every morning service handed to each lady member of the congregation. During service the flowers decorate the altar and the pulpit. The parish, it seems, mainly consists of houses without gardens, and flowers, therefore, cannot be grown to any great extent.

As an instance of the care which the present curators are asking of Stonehenge a correspondent mentions the experience of a party of collegians who paid a recent visit there. They were told that the taking of provisions near the stones is prohibited for this reason: It is believed that the presence of fragments of food would attract rodents, whose possible burrowing would be a menace to the stability of the stones.

Hundreds of horses and thousands of cattle in the Hawaiian Islands never take a drink of water. They live on the upper altitudes of the mountains, where the cattle run wild from the time they are born until they are sent to the slaughter house. Except possibly for two or three months in the rainy season there are no streams or pools of water in any part where the cattle roam, but everything there grows a recumbent, jointed grass, known by the native name of mania. This is both food and drink.

The Newcomer Lumber Co. of Jacksonville, Miss., has been chartered, with a capital stock of \$100,000. The incorporators are D. J. Batchelder, Jr., C. E. Newcomer and I. D. Newcomer.

The Kerr Furniture Co. of Greenville, S. C., has been chartered, with a capital stock of \$6,000. The officers of the company are J. S. Kerr, president and treasurer, and J. S. Stark, vice-president.

## Two Hundred Killed or Wounded.

Willemstead, Curacao, By Cable.—Advices of an official nature which have reached here from Caracas, Venezuela, are to the effect that a severe fight occurred yesterday between government forces and the advance guard of the revolutionary army under General Matos. The revolutionists were commanded by Generals Zollo and Vidal. They made an attempt to occupy the town of Taguay, but, after a fight of five hours, they abandoned the field to the government forces. Two hundred of the revolutionists were killed or wounded.
