CURB MARKET.

Dealings in curb shares were yesterday more active and a firm undertone was shown in many issues. The trend of prices, however, was irregular and at the close changes were mixed and narrow. General Asphalt was more active and, although offerings were heavier, it held steady and closed with a small gain. Simms Petroleum lost almost a point on light trading.

Business in the miscellaneous group again included a large number of issues, but the turnover in an individual stock was small. Chicago Nipple, which recently made its appearance, was well bought while some steels showed losses. North American Paper reacted on profit taking.

Foreign Government bonds were dealt in on a moderate scale and changes were irregular. Belgian notes were slightly lower.

Total sales and range of prices follow:

POULTRY, DRESSED—Supplies of fresh killed poultry are not large, though considerable delayed shipments, both dry and iced, are still out. Demand for fresh fowls continues slow, but little warrant for any changes in quotations. Fresh broilers, 1½ to 2 lbs. each, in good demand and firm, but smaller broilers, 1 to 1½ lbs. each, rather slow and irregular. Old roosters quiet. Dressed Long Island ducks in good demand and steady. Large squabs held about steady. Very little movement in frozen poultry, but fancy grades held firmly. **FRESH KILLED**—TURKEYS—Young or old, 48@50c.
