MAY ISSUE $50,000,000 BONDS.

I. C. C. Grants Permission to New York Central Railroad.

WASHINGTON, Sept. 15.—Authority was given the New York Central Railroad Company to-day by the Interstate Commerce Commission to issue collateral trust bonds for $25,000,000 and refunding and improvement mortgage bonds for $25,000,000.

The trust bonds are to be known as ten year 7 per cent. collateral gold trust bonds, to be secured by a trust agreement to be entered into between the railroad and the Guaranty Trust Company of New York. The bonds are to be redeemable at the option of the railroad on any interest day, March 1 or September 1 of every year, at 105 per cent. of par value and accrued interest.

As security for payment of the trust bonds, the company is authorized to issue the mortgage bonds and place with the trust company 75,000 shares of the first preferred capital stock and 110,000 shares of the second preferred capital stock of the Reading company.

U. S. ISSUE OVERSUBSCRIBED.

Secretary of Treasury Says Preliminary Reports Indicate.

David Houston, Secretary of the Treasury, announced yesterday that subscriptions for the 5¾ per cent. treasury certificates of indebtedness of series T. M. 1—dated September 15, 1920, and maturing on March 15, 1921 and the 6 per cent. treasury certificate of indebtedness of the series T-8 1921, dated September 15, 1920, and maturing on September 15, 1921, closed at the close of business yesterday, the date of issue.

Preliminary reports received from the twelve Federal Reserve Banks indicate that the combined issue, which was for $400,000,000 or thereabout has been oversubscribed and that the total subscriptions approximate $475,000,000.

GRAIN MARKET.

Wheat was irregular yesterday, shorts covering in December and pressing March. Both deliveries opened higher and soon advanced to the day's best levels, but sold off when foreign bids seemed lacking. The pressure in December, however, was checked, bears covering on belief that Tuesday's decline in that delivery had gone too far in view of the improved milling demand and the probability of large orders from Europe. Exporters were reported as having worked some grain for foreign intercsts, which served to help prices, but figures as to how much was sold were lacking. Another factor which encouraged covering was the better tone in the Argentine markets, which was taken to indicate that more rains were needed. Still another influence which benefited the Chicago market was the buying in Canada. Cash prices were firmer.

WHEAT—In the local cash market No. 2 red and No. 2 hard were quoted at $2.67½, c. i. f., track, spot.

CORN—In the local cash market No. 2 yellow corn was quoted at $1.59½, c. i. f., New York, ten days' shipment.
