State of Trade.

An important sale of real estate consisting of property in the neighborhood of Washington Place was made by W. H Franklin to-day. The prices of the property were much less than they would have commanded in former years—but were still high if we take into consideration the present and prospective state of business, rate of money, &c. The new directions given to trade by the completion of the Boston and Albany road, must seriously effect the value of real estate, and prevent the realization of rents that will pay an interest on the value. The sales were as follows :—

EXCHANGE HOTEL—The proprietor of this establishment, at the commencement of a new year, returns his thanks to his friends and the public for their liberal support, since it was first opened for their accommodation in July last; and he hopes still further to merit it by making all those who sojourn at the Exchange as comfortable, at least as at any other hotel in the Union. He takes this opportunity of cautioning the public against the unfounded rumors put afloat by interested persons about the extravagant charges said to have been made at his hotel, by assuring them they are now what they always have been, $2 per day.

Attached to the hotel is a large concert and ball room, which will be set for such purposes upon as reasonable terms as any in the city. F. BOYLEN, Proprietor.

HUTCHINGS' STOMACH BITTER.—For Dyspepsia assisting Digestion, Weakness Loss of Appetite Nervous Disorders and Night Sweats.—The leading principle of this medicine is to strike at the origin of said diseases; being selected from nature's great vegetable emporium, it is at once a sovereign and harmless remedy. Half a wine glass has been known to give immediate relief. It is also a very pleasant bitter. The following is from Dr. E. G. Ludlow. No. 634 Broadway:—

I have used your bitters, in cases of impaired digestion, where veg table tonics were indispensable, with a beneficial result. The articles of which it is composed are very judiciously combined, and I have no doubt will prove so vicable in the cases for which you have recommended it.

Yours, &c. EDWARD G. LUDLOW.

From David Earl, proprietor of the Bank Coffee House, No 39 Pine street:—

Dear Sir—I see you have brought your Stomach Bitters before the public. You may refer any person to me for its good qualities. I was so weak, owing to debility from dyspepsia, or some other complaint, that I did not know what to do.—Your Bitters cured me. You will recollect I felt grateful, and sent you a bottle of my medicine, viz: a bottle of old port. I gave some of your bitters to a friend, who was suffering as I was, and she tells me it had the same effect upon her as on me.

Yours truly, DAVID EARL.

THE GREAT FIRE OF 1835, and general destruction of books, papers and money safes, produced the great and valuable discovery of a composition which is a non conductor of heat, and has been applied to the Salamander Iron Safes, as patented by E. Wilder. Since that time many tests have been made in furnaces, and in burning buildings, and in no instance have they failed to protect the contents.

The public are most positively assured that every Safe made by Wilder, and sold by the subscriber, will be equal to any that have been tested.
