CUTTING AND CURLING.

WHAT is the reason every body is flocking to PHALON'S Fashionable Hair Dressing Saloon? We can explain it. His inimitable style of Hair Dressing, giving an air of *haut ton* to the person, has deservedly won for him the reputation of being the first artist in the city.

He has, at some expense, introduced a new feature in the science of hair dressing, by keeping over 200 new brushes, none of which are used a second time without cleaning, thus securing to each of his customers a comfort, instead of a nuisance, found in every shop. Call and try the system, which commends itself.

☞ SIGNED OVER!!!

To an endless eternity, by all who witnessed the pale and ghastly object, caused by spitting blood, and a most violent cough, with night sweats, a hoarseness and sound of the voice, indicating an alarming state of disease: my clergyman was plain with me, and stated that I had but a few days to live; my sister, who was my anxious care taker, made inquiry where she would be most likely to obtain the most certain relief, she was told of *Dr. Swayne's Compound Syrup of Wild Cherry*, a medicine in general use throughout the United States for the cure of coughs, colds, consumption, spitting of blood, influenza, palpitation of the heart, whooping cough, tickling or rising sensation in the throat, bronchites, asthma, weakness of the nervous system, or impaired constitution from any cause, and to prevent persons from falling into a decline. She was informed if this medicine failed to effect a cure, my life was hopeless. *Dr. Swayne's* Syrup was then procured, and the first bottle gave relief, and by the time I had commenced the fifth bottle, my cough had left me, and my strength so much improved, that I was able to take the fresh air, and in a short time I entirely recovered my former health. For a corroboration of the truth of the above statement, you can call on my sister, who lives in Juniper street, one door below Race, Philadelphia.
