The committee retired, and, after a few moments, returned, and reported the following resolutions, which were unanimously adopted:—

Resolved, That Assistant Alderman Denman, your candidate for Alderman, is too well known to every voter in the ward to need any recommendation from this committee to their favorable notice. His acts in the board of which he is now a member speak for themselves, and are duly appreciated by his entire constituency.

Resolved, That your Candidate for Assistant Alderman, James Moore, is also well known as one of our most esteemed citizens and the workingman's friend. Never having been known in the political field as a candidate, he has only to be tried to satisfy every intelligent voter that he is just the man for the people.

Resolved, That your candidates for Assessors, Constables, School Officers, and Inspectors of Election, are selected from the most intelligent and capable men in the ward, and are all well known, and their talents appreciated by every voter in the ward; and the simple mention of their names is sufficient guaranty for the success of the ticket.

Resolved, That we will report to old Tammany on the evening of the 6th of November next, a majority of at least 400 for our whole ticket.

The hearty cheers (which fairly shook the old Democratic Wigwam) having been given for the whole ticket, the meeting adjourned. ALEXANDER SMITH, Chairman.

RAILROAD.

MICHIGAN SOUTHERN RAILROAD SUBSCRIPTION.—For the purpose of extending this road westwardly from Hillsdale, Michigan, its present termination, to Chicago, Illinois, the Board of Directors have opened books for $200,000 (in shares of $100 each) additional stock. This will be applied to the construction of the division from Hillsdale to Coldwater (30 miles), and the section from Laporte to Michigan City (13 miles).

Eight per cent per annum dividend will be paid on this stock, semi-annually, in the city of New York, out of the current earnings of the road—which dividend is made a first and preferred charge on the present stock. It will also receive such additional dividend as the earnings of the entire road will warrant.

The road is now completed, and in full operation from Toledo and Monroe, at the foot of Lake Erie, to Hillsdale (68 miles), and its earnings will insure the means to pay the above dividend on the new stock issued for its extension.

The plan adopted by the company is, to finish the road continuously, in divisions, from its present terminus, and bring the same into use as fast as finished, and thus add to its business and income.

This road connects the head of Lake Erie with Chicago at the head of Lake Michigan, by a direct and continuous line. At Toledo it connects with the line of railroad from Buffalo along the south shore of Lake Erie to Toledo (now being constructed), and will thus present the shortest rail route from the Lake shore, between Buffalo and Toledo. At Chicago, it will connect with the Illinois and Michigan Canal, and with the Chicago and Galena Railroads; and, when finished, will constitute the main and direct route between the Western and Northwestern States, and the Atlantic cities and seaboard.

Subscription books will be found at the office of WINSLOW, LANIER & CO., No. 52 Wall street, where parties are invited to apply, and where they will be furnished with a statement of the condition and prospects of the road, with maps, &c.

Ten dollars on each share is required to be paid at the time of subscribing. The remainder to be paid in moderate instalments, as the work progresses. GEORGE BLISS, President.

Committee of Directors—Charles Butler, Joel Rathbone, Edwin C. Litchfield, John Stryker, and George Bliss.

Dated October 19, 1849.

STAMP AND LABEL PRINTING PRESS, FOR MERchants, Druggists, Seedsmen and others.—The subscribers manufacture, and have for sale a little apparatus calculated to print Labels, Stamps, Cards, &c., with any kind of hand stamp new in use, cut in wood or metal, or with ordinary type or stereotype. The construction is so simple that it may be understood at a glance, and readily used by any person. Printing with it is effected by laying the paper on the surface, and then simply bringing the handle to a horizontal position, the action of which not only effects the inking of the type or stamp, but the distribution of the ink and the printing. It is compact in appearance, and forms an ornamental appendage to the counter or office, occupying a space of only five inches by nine inches. The price, complete, with ink fountain and roller, is ten dollars.

NO BUBBLE—BUT TO SAVE YOURSELF TROUBLE, send for Twelvetree's pamphlet, teaching how to do as much washing in one hour, at an expense of six cents, as by the antiquated plan can be done in a day—requires no lye, no machine, no rubbing, improves the color, and does not injure the clothes. Beware of counterfeits. Read,

From the Mother's Magazine, for February, 1849:—"We have great delight in testifying to the correctness of the advertisement respecting Mr. Twelvetree's Washing direction. We confess we were agreeably surprised at the result of the process. The linen was rendered beautifully white in its color; and as no rubbing was required, the washing which formerly occupied 12 hours, was over before breakfast. The readers of this Magazine, and all who desire home to be comfortable on washing days, will hail the discovery with delight, and we advise them no lose no time in sending to Mr. Twelvetree's for the plan."

Send a dollar bill in a letter to Mr. Twelvetree's room, 23, No. 30 Nassau street, New York, and you will receive the pamphlet by post, in a sealed envelope, or call and see testimonials and specimens of washing.
