No. 140 Water street, New York.

A SEASONABLE STANZA.—
Spring, Summer, Winter, all are gone,
Through leafless trees the cold winds moan;
And, in warm sack or roquelaire,
Refuge we seek from wintry air.
Yet all in vain; we shake, we sneeze,
We cough, expectorate, and wheeze;
And nothing else will help or serve us,
Except your candy, Mrs. Jervis.
Mrs. Jervis's Cold Candy, sold by Mrs. W. JERVIS, 366 Broadway, and by druggists generally.

RHEUMATISM, COLDS, BRONCHITIS, MERCURIAL diseases, stiff joints, salt rheum, eruptions of the skin, &c.—E. J. CARROLL'S, Medicated Vapor, Sulphur, and Iodine Baths, 45 Barclay street, have for the past 26 years, been most successfully used as a remedial agent for eradicating the above complaints from the system.

HIGHLY IMPORTANT.—WE STOP THE PRESS TO announce that, if it is intended to employ mouse or rat power for spinning yarn, as has recently been done in France, the animals must be procured at once; for such is the mortality among these tribes, created by Lyon's Magnetic Pills, that it is not expected there will be one left in the spring. Owing to a similar devastation amongst the insect tribe, occasioned by Lyon's Magnetic Powders, it is believed that bed bugs, cockroaches, ants, fleas, and all the biting, stinging, crawling nuisances that infest our houses, will soon be placed hors du combat. The consumption of the pills and powders increases so fast, that this must necessarily be the ultimate result. Principal depot, 450 Broadway.

ALEXANDRE'S PATENT ARTIFICIAL LEECHES.—Principal depot, 23 Maiden lane, New York. These leeches have been approved of and adopted as one of the greatest surgical inventions of the age, by all the practitioners to whom they have been introduced. To mention only the names that are the most universally known, we shall refer, in New York, to Professor Valentine Mott; Doctors J. P. Parrish, Rabineau, &c.; and in Paris, to Velteau, Ricord, Bricheteau, &c. Such names may dispense with a longer list. These leeches are safer, cleaner, and cause much less pain to the patient than the repulsive natural leeches. They are inalterable, and, if used with proper care, everlasting; so that a box of $15, or even of $6, is worth ever 500 leeches. We therefore request the reader to take notice of this invention, which is invaluable to the farmer, the doctor, to every head of a family. LAMBERT ALEXANDRE.
