#### Arrived.

Ship Columbus (pkt), McCurren, Liverpool, via Fayal, Jan 22d, with mdse and 160 passengers, to D & A Kingsland & Co. For 20 days after leaving Liverpool, the C encountered continued heavy westerly gales, sprung mainmast head, foreyard and cross jack yard, and lost a suit of sails; put into Fayal to refit and replenish water and provisions; Jan 7th, Elias Warren Cooke, seaman, fell overboard from the C, and was drowned.

Ship Acme (ptk), Williams, Havre, Dec 20, with mdse and 161 passengers, to S D Ricketson & Co. Dec 30, lon 25, during a violent gale, lost fore topmast and fore topmast staysail; at same time was struck by a heavy sea, which started the fore channels, knocked the bulwarks on one side, and split the stem, opening the wood ends from the knight-heads down to the copper, causing the vessel to leak very much. After pumping sixteen hours, found she was gaining on us, and four feet water in the hold. The ship was then put before the wind; the chain cables, anchors and everything forward moveable, was conveyed aft, and the vessel three feet by the stern. Having taken in the leak and the third day being moderate, we succeeded in stopping and battening the seams and lashing the bows for head to the westward, after having run about 1000 miles to the east. During the month of January we experienced a succession of westerly gales; twice had to put the ship before the wind to caulk and stop the leak; the last time we were 48 hours without water. During the whole voyage we never stopped, except a few minutes at a time, when we were obliged to keep her under easy sail, in order to keep the water.

WHEN HUMAN LIFE IS IN PERIL, WHO WOULD stop to question? Hunterian Dispensary, number three Division street, established A. D. 1826, by Dr. Hunter, who from an experience that very seldom falls or the lot of any one physician, is enabled to warrant a perfect and lasting cure, in any and in all cases. This is the one place in this city where his great remedy, Hunter's Red Drop, can be obtained, a medicine never known to fail in curing the very worst forms of disease of a private nature. The Dispensary is so arranged that the person calling will see no one, but the doctor himself, who is in constant attendance, in his private rooms, ready and willing to give relief to all who may give him a call. DR. RALPH, AUTHOR OF THE "PRACTICAL FRIvate Treatise," &c.—Office hours, 9 to 11 A. M., 3 to 9 P. M. (Sunday excepted)—No. 88 Greenwich street. It has been a matter of surprise to some, that any one of responsibility and of professional attainments should devote his attention to diseases when people of every description pretend to cure so easily. If, however, the one thousandth part of the miseries these people bring upon society were known, a very different opinion would be formed. And it is not only the present misery and dejection, preying on the mind as well as the body, that is depicted, but some are of such a nature as to affect posterity, and even to destroy the reproductive faculty altogether. It is a fact that, when not properly treated, they may remain so dormant in the constitution as to appear in no other way than in their effects upon posterity; yet, if properly understood, are most easily and speedily removed. From the uncommon medical advantages the author has enjoyed, and a very extensive and long practice in this speciality, he has made no rule for publishing that many cases can be cured in as many days as they had existed years; and that, in any stage of certain diseases, or their consequences, as well as the deplorable effects resulting from early improper habits, he can insure such certain, safe, and radical cures as can be obtained from no other source in America. Those who apply in the earlier stages, will be surprised at the ease and rapidity of the cure.

DR. COOPER, 14 DUANE STREET, BETWEEN CHATham and William streets, has, for the last eighteen years, enjoyed a most extensive practice in private diseases. He can cure the most aggravated cases of this disease, and mild cases cured in two to five days. Dr. Cooper's skill in curing chronic obstructions, in from one to three weeks, is pre-eminent. Constitutional debility, brought on by a secret habit, indulged in by young men—this, when too frequently indulged in, begets dyspepsia, weakness of the limbs and small of the back, confusion of the intellect, and aversion to society. A cure warranted in every case, or no charge. No mercury used.

DR. WARREN IS CONFIDENTLY CONSULTED ON Diseases, from 18 years practice, 3 of which were in hospital. Dr. W. is enabled to guarantee speedy cures, without mercury. See his diploma in his office, No. 1 Mott street, adjoining Chatham square, with the first names in surgery and medicine this country ever produced.

DR. MORRISON IS CONSULTED CONFIDENTIALLY on certain diseases, which a practice of thirty one years enables him to cure without mercury. Recent cases cured in four days. Nervous debility, consequent upon self-abuse he invariably cures. See his London diploma in his private office, 204½ Fulton street. No fee till cured.

CARD.—DR. DE LANEY, AUTHOR OF THE PRIVATE Medical Guide, &c., can be consulted on all diseases of a delicate nature, diseases of the skin, manhood's debilities, impediments to marriage, and diseases of females. Unwilling to publish boasting self-recommendations, he offers to those who had no proof of his professional ability before, every guaranty for a perfect, safe, and speedy cure, that may be desired. Office 5 Lispenard street, near Broadway.
