City Intelligence.

ANNUAL STATEMENT OF THE MAYOR.—In the Common Council, last evening, the Mayor presented a statement of the several sums of money necessary to be raised by tax the next fiscal year, for the various purposes contemplated by the city charter—except for the support of Common Schools—the Board of Education not having yet determined the amount that may be required. When his honor estimated the amounts to be raised the present fiscal year, (which was submitted to the Board on the first of January,) he fixed the several sums without considering the fees, fines, &c., which would be received, there being at that time no just basis upon which such estimate could be founded. It is now evident that at the rate of the amount received already from various sources during the last municipal year, there will be on the 1st of September next (the commencement of the next fiscal year) a surplus in the treasury exceeding $76,000, and, according to estimates, the sum to be received from the same sources during the next fiscal year, will be $66,000. These two amounts have been deducted from the amount which otherwise would have to be raised on the whole city—thus reducing the entire amount to be raised for all purposes, except for Common Schools, to the sum of $170,661 01.

THE PUBLIC CRIB.—At the meeting of the Common Council, last evening, the salaries of the first and second assistant City Clerks were increased, respectively, from $600 to $750; and from $300 to $500 per annum.

A FIRE.—About half past seven o'clock on Sunday evening, a fire occurred in the eating and boarding-house of Joseph Connor, 137 Avenue D, which originated in the fourth story, being occupied as sleeping apartments. The promptness of the firemen prevented much damage from fire. There was, however, as is usual, considerable damage by water. The two sergeants and platoon of men from the Eleventh district, and Captain Russell and platoon of men from the Thirteenth district, were present.

NEW BIBLE HOUSE.—We learn that the American Bible Society have purchased the lot of ground lying between Fourth and Third avenues, and Astor place and Ninth street, and design to erect a new Bible House there as soon as practicable.

RESCUED FROM DROWNING.—On Saturday night, about eleven o'clock, a man who was insane, by the name of James Smith, an emigrant, jumped in the dock at the foot of Grand street, and would inevitably have been drowned, but for the exertions of policeman Acker, who rescued him, and had him taken to the public house of Mr. Hanfield, near the ferry, where medical aid was obtained. He recovered in the course of the night. Credit is due to Mr Hanfield for the generous and feeling manner with which he acted on the occasion.

A DEAD INFANT FOUND.—About six o'clock yesterday morning, a dead infant was found on the corner of Henry and Rutgers streets, by officer Barrat. The Coroner was sent for.

FOUND DEAD IN BED.—Yesterday morning, an infant son of Mr Peter Mason, residing at No. 196 Eldridge street, was found dead in his bed; his death having, as is supposed, been caused by suffocation, in being overlaid by its parents. Coroner Ives was notified to hold an inquest.

FOUND DEAD—SUSPICION OF MURDER.—Yesterday morning, about quarter past three o'clock, a young woman named Mary Ann Noble was found dead at 149 Anthony street. There appeared to be some mystery connected with the sudden death of the deceased. A man named Dominick Gibion, residing at the same place, was arrested by Assistant Captain Tierty, under the charge of having caused her death by administering poison. It appears that Mary Ann died suddenly on Sunday night, under the symptoms of having been poisoned, and it becoming known that she was the principal witness in a case of highway robbery, recently committed on the Five Points, it was supposed that she had been poisoned by Gibion, who is a relative of one of the parties now in custody for committing the robbery. The Coroner was immediately notified, and held an inquest upon the body. Dr. Liddel held the *post mortem* examination, and, after a short inspection, could find no trace of poison in the stomach. Other evidence was adduced showing that no person but the friends of the deceased had administered any medicine to her during her illness. The jury rendered a verdict of death by inflammation of the lungs, caused by intemperance. On the rendition of the verdict, the accused was discharged.

CELEBRATION IN WILLIAMSBURG.—Grand preparations are being made at Williamsburg, for the celebration of the recent city charter. The programme of the procession is admirably arranged, and promises a very splendid display. It will be participated in by the Governor and Lieutenant Governor of the State of New York—the Mayor and Common Council of New York, Judge and Sheriff of Kings county, Mayor and Common Council of Brooklyn, with the Military and Fire Departments, the school and other societies of Williamsburg, accompanied by bands—all political displays being forbidden. The procession will halt at the corner of Grand street and Union avenue, where a very elegant collation will await them—the most visible, if not the most piquant feature of which will be a very fine ox roasted whole, which, when served up, will weigh some thirteen cwt. He was paraded, handsomely dressed, through the streets on Monday, preceeded by a band. Captain Tait's company of artillery will fire a salute of one hundred guns, at the corner of Grand street and Union avenue, at ten o'clock. The procession will form at twelve in Bedford avenue. The finale of this grand display will be a splendid ball and supper, at the Equestrian Institute, which will afford the ladies their share in the enjoyments of the happy occasion.

Mails for Europe.

$50,000 of Property Saved—Phœnix Safe triumphant.—New York, 30th Jan., 1852—Messrs. Pierce & Valentine, 122 Water street. Gents:—It affords me much pleasure to inform you that, at the fire on the 28th inst., on the corner of Nassau and Liberty streets, the Phœnix Safe, purchased of you on the 18th of December, proved itself to be a Safe in reality. Although it was exposed for fifteen hours to the most intense heat that could be produced by the burning of any building, besides falling from the third story, it was found, on opening it, to have preserved its entire contents from the slightest injury whatever from heat. The only perceptible change was in the leather bindings of the books, which were warped with the hot steam.
Respectfully yours, NICHOLAS K. OATLEY.
The Safe referred to in the above letter of N. K. Oatley, Esq., is now at our store, No. 122 Water street, where it can be examined; together with the books and papers is so effectually preserved from the disastrous fire.
PIERCE & VALENTINE.

$1,000 Reward will be paid to any person detecting misrepresentations as to the number of certificates sworn to, documents, affidavits, or error in any of the following statements:—Sixty-three certificates were sworn to before Isaac B.
