A Fact that cannot be denied.—Whitehurst's Daguerreotypes, taken at his gallery, 349 Broadway, are not surpassed by those of any other daguerreotypist in the country. The most sceptical will endorse this assertion, after looking at the five hundred portraits of noted men and women upon the walls of his celebrated gallery.

Sunday Reading.—While sitting cozily, reading the Herald, and curiously meditating upon time and eternity, the church, or raising the old Nick, think if you require a Daguerreotype which will hand you down to posterity in the world, while the original stops among the dead men of earth; if so, call on Holmes, 249 Broadway.

MONEY MARKET.

SATURDAY, March 27—6 P. M.

There was an active demand to-day for most of the leading fancy stocks, at a slight improvement on prices current at the close yesterday. At the first board, New Jersey Zinc went up ¼ per cent; Reading Railroad, ¼; Harlem, ¼. Long Island fell off ¼; Morris Canal, ⅛; Nicaragua Transit Company, 5; Canton Company, ¼. The decline in Nicaragua is just what we expected; and we should not be astonished to see a still greater depreciation. This transit company may in time be moderately profitable, and pay a good dividend on the *actual* amount of capital invested; but we have no faith in the enormous dividends calculated upon, or the large amount of money represented to be employed in the company. Those who realize at present prices, will do well; those who do not touch it at anything like current rates, will do better.

The receipts at the office of the Assistant Treasurer of this port, to-day, amounted to $137,249 93; payments, $42,775 43—balance, $2,628,117 25.

The exportations of specie from this port, during the past two weeks, and for the year, up to the 27th instant, were as annexed:—

SHIPMENTS OF SPECIE FROM PORT OF NEW YORK.	
Ship Havre, Havre, American halves	$5,000
Brig E. Watts, Cuba, Spanish doubloons	10,200
Brig Almatia, Hayti, American gold	1,365
Ship Patrick Henry, Liverpool, American gold	60,000
Steamer Asia, Liverpool, French silver	83,000
Do. do., English do	973
Brig Oronoco, Venezuela, doubloons	9,000
Steamer Washington, Bremen	42,287
Total, March 13 to March 27	$211,825
Previously reported	6,862,957
Total for 1852	$7,074,722

The shipments lately have been quite limited; but the aggregate since January 1st, 1852, has been much larger than during the same period in 1851. The total exportation of specie from this port, during the first three months of 1851, was $4,642,851, against $7,074,722 for the same time this year.

The Schuylkill coal trade for the week is not large. The Reading Railroad brought down, for the week ending on Thursday, 24,524 tons, and for the year, 343,734 tons; corresponding time last year, 419,136 tons. The Schuylkill Navigation Company brought down for the week, 14,398 tons, and for the season, 21,516 tons. The Lehigh navigation was frozen over during the last spell of cold weather, but is expected to be in operation about the first proximo.

The usury laws have been abolished in Louisiana. A law has also been passed, exempting homesteads to the value of $1,000, besides $250 worth of furniture, the library, &c., from seizure for debt.
