MISCELLANEOUS.

CHICHESTER'S FLAX AND HEMP MACHINERY.—This system of machinery for pulling flax and breaking and dressing flax and hemp, meets the hearty approval of all who have adopted it, or witnessed its operation and it is now confidently offered to the public as the only thorough and efficient means of overcoming the many difficulties which have hitherto obtained in this department of manufacture. The machinery is simple and durable, rapid in the accomplishment of its work, requiring but few hands and little power to operate it, leaving the flax and hemp line in better condition than has been attained by machinery heretofore. Any one desiring machinery for breaking and dressing flax can be seen on exhibition at the Crystal Palace at the Machine arcade. All business information in regard to the machinery, terms of sale, &c., can be had by applying to J. Ripley & Cameron, 68 Pine street, New York, or Lewis B. Chichester, Patentee, Brooklyn city.

FRENCH MECHANICAL LAMPS.—JUST RECEIVED, a new invoice of carcels, moderators, studio lamps, from the most costly work to the plain style. Being manufactured by my house in Paris they are warranted. Bronze candelabras, clocks, the best rape oil, cheaper than sperm. Lamps cleaned and repaired.
H. DARDONVILLE, 145 Broadway.

HOUGHTON'S MAGNETO-ELECTRIC MACHINES for medical purposes. (Patent applied for.)—These instruments are self-operating, without acids or liquids of any kind, and combine all the powers and facilities that can be desired by the practitioner of medicine and surgery, producing an agent of great value for the cure of a very numerous class of diseases, and are the only ones now offered to the public, constructed and arranged according to scientific principles, expressly for medical purposes, that can always be relied on to give the influence desired for the cure of rheumatism, neuralgia, headache, toothache, swelled joints, cholic, cholera, epilepsy, sea sickness, and very many other diseases. Manufactured and for sale by
CHARLES SANFORD, No. 38 Cedar street.

HELVETIA AND LAFAYETTE GOLD MINING COMpany. (Located at Grass Valley, California.) organized July 7, 1852, is now in full title of successful operation; the mines are opened, being worked, and highly productive; its mill is of great power, complete in all respects, and now working with the most satisfactory results; and its prospects for future success, founded on actual experience, are of an unusually flattering nature. There was taken out previous to Dec. 20, 1852, upwards of $160,000; and the yield of the mine is steadily increasing with each successive report.

Dividends payable quarterly—in October, January, April, and July, at the office of the company in Grass Valley, and at the agency office in New York.

A few shares, and copies of the by-laws and charter, together with further particulars, may be obtained upon application to
