Dear Sir: A man said: Send me 25 gallons. Generally I use 24; don't think it'll be enough. Had 7 left. Ordered 9 more for another job; 16 for the job: Had 6 left.

This comes from Messrs W A & F Bower, Methuen, Mass. They add: This has been our experience all this year.

New agents always have to go through it. After a little, they learn to guess better.

Little Isabella.

Isabella, daughter of Mr. and Mrs. W. W. Brooks, was born February 2, 1901, and died February 5, 1905. While she was past four years of age, God saw fit to keep her in a helpless condition. Never was she able to put her little feet forward and make one step or look upon father or mother or to enjoy the pleasures allotted to little children.

While Isabella was loved and cherished by loved ones, God has spared her to fulfill His purpose here. Her mission has been fulfilled. He has called her hence to His happy home in heaven, to take her soul from its afflicted dwelling place here to Him, where there will be no more pains.

May her loved ones feel that she is far better off with God than here to suffer as she did, and may it be a pleasure to look forward to the time when they will behold her in all her beauty.

But why should we weep, Since death claims all for its own;

For soon we will join lost ones And we too in paradise shall bloom.

A Friend.
