FINANCIAL AND COMMERCIAL.

MONEY MARKET.

THURSDAY, Jan. 19—P. M.

We have no change of the slightest importance to report in the stock market to-day. The tendency was slightly upward, but the transactions continue so limited in extent that operators on both sides hardly work out a moderate commission. The fancies were only kept moving at all by the efforts of brokers, very few of the sales being real. Day after day the same prices rule, and a few hundred shares of each stock are reported as having changed hands. Cumberland coal is particularly heavy, on account of the strike among the miners. Business in the Cumberland coal region has come to a complete standstill. All the coal stock of this section are therefore, for the time, unfavorably affected. Erie Railroad stock is undoubtedly depressed by the difficulties at Harbor Creek, and the probability that some time must elapse before the question will be satisfactorily adjusted. The guage troubles, no doubt, seriously cut into the receipts of the Erie Railroad Company. Reading, Hudson line, Harlem, and the other leading railroad stocks on the market, are much neglected, and hardly fluctuate the smallest fraction from one day to another. Fortunately, they rest in strong hands, and holders exhibit no disposition to realize. The transactions in Mining stocks at the regular board, at prices which compare favorably with those realized at the Mining board. Compared with prices current at the close of the market yesterday, the variations at the first board to-day were as follows:—Erie Bonds, 1883, advanced ¼ per cent; New York Central Bonds, ¼; New York Central Railroad, ¼; Erie Railroad ¼; Cumberland Coal, ¼. There were no sales of Parker Vein to-day.

At the second board the market was firm at a slight improvement in prices. The coal stocks were sold at an advance of ¼ per cent. Gold Hill is steadily working up. It closed at 3½ per cent. Erie, N. Y. Central, Reading and Nicaragua went up a fraction.

The steamship Canada, from Boston for Liverpool yesterday carried out $233,168 in specie, of which $220,988 was in gold ingots, $1,500 in American gold coin, and $1,870 in English gold.

After the adjournment of the board the following sales of stock were made at auction, by A. H. Nicolay:—

The receipts at the office of the Assistant Treasurer of this port to-day, were $244,085 86; paid, $155,480 17; balance, $8,317,473 41.

The committee appointed by the Board of Brokers have reported that the first issue of bonds by the New York Central Railroad Company, given for the premium on the stock of companies forming the constitution, shall hereafter be known as the New York Central Railroad bonds. The issue given for subscription to the stock of the Lake Shore and Great Western Railroad companies shall hereafter be known as New York Central Railroad subscription bonds. The bonds are all of the same date, and mature in 1880.

The Albany *Atlas* of last evening says:—

The Board of Directors of the New York Central Railroad Company will meet here on Friday next to declare their dividend from the earnings of the road from the 1st of May to the 1st of February, last. The earnings of the road will amount to a net sum sufficient to declare six per cent, and leave a handsome sum after paying interest on the debt, and laying aside the sinking fund of 1½ per cent. What the dividend will be is of course unknown, though it will certainly not be less than four per cent, which will probably be the measure of the semi annual dividends. It will be paid in cash on the 1st of February proximo.

The report of the New Jersey bank commissioners to the Legislature furnishes the following information relative to the banks under the general laws of the State:—

The City Bank at Cape Island has closed its business, and the Bank of Cape May Company has been started in its place. Its stock is generally owned in the county, and it is doing a *bona fide* business.

A new bank called the Mechanics' and Traders' Bank has been established in Jersey City since the last report, which is also *bona fide*, and apparently sound and healthy.

The Hudson County Bank, Newark City Bank, Bordentown Banking Company, and Central Bank, at Hightown, conduct a legitimate business, and deserve the confidence of the community. The Hudson Company, the Bordentown Banking Company, and the Central, have applied for and obtained an increased amount of stock.

The Ocean Bank at Bergen Iron Works, the Delaware and Hudson at Tom's river, the Merchants' Bank at May's landing, the Atlantic at Cape May Court House, the Farmers' at Freehold, and the Tradesmen's at Flemington, are in process of liquidation.

Legal proceedings have been commenced since the last report against the American Exchange Bank, Cape May Court House, the Bank of America do., and the Traders' do. The American Exchange Bank has been closed by law. The proceedings against the other banks have been suspended, they having complied with the law. The case of the Merchants' Bank at Bridgeton is still before the Chancellor.

The Commissioners cannot say as to the character of the Public Stock Bank, Belvidere, the Passaic County Bank at Paterson, the Wheat Growers' at Newton, the Bank of North America at Flemington, and the American Bank at Trenton; but no legal complaint has been made concerning them.

The Commissioners recommend the enactment of a supplement to the general law, with the following features:—

1. No bank to have notes from the Treasurer till a certificate is given that their capital stock is paid in, in specie.

2. No bank to organize till $30,000 is placed with the State Treasurer.

3. No bank to receive notes till the Bank Commissioners certify to their possessing a *bona fide* banking house.

4. Three directors to be residents of the place where the bank is located.

5. Annual statements hereafter to be made to the Bank Commissioners.

6. Stockholders to file certificates that they are *bona fide* owners of the stock registered in their names.

7. The Commissioners' approval of the location of a bank to be necessary to its going into operation.

The eighth annual report of the Macon and Western (Ga.,) Railroad Company gives the following statement of receipts and disbursements for the year 1853:—

MACON AND WESTERN (GEO.) RAILROAD.

Balance on hand as per last report	$92,579 53
Receipts for the year	280,515 66
Received for old iron	10,233 46
Received for new scrip stock	14,370 00
Total receipts	$397,698 94
General expenditures	128,779 14
Balance	$263,919 80

Out of this disbursements have been made amounting to $188,590 76, leaving a balance of $80,329 04, to be appropriated to dividends. The gross receipts of the road exceed those of the previous year $16,560 20. On the first of last May the capital stock of the company was increased $1,500,000, to provide means to liquidate the entire bonded indebtedness of the company, and to pay for the erection of new buildings, freight cars, &c. A committee of nine has been appointed to confer with a corresponding committee from the Central Railroad Company, to agree on terms for managing and consolidating the two roads, so as to form one line from Savannah to Atalanta.

The annexed statement exhibits the gross earnings and current expenditures, the capital, cost, &c., of the Sixth Avenue Railroad, during and at the close of the year ending December 31, 1853:—

SIXTH AVENUE RAILROAD.

Balance, cash on hand	$688 86

This road is now in uniform operation from Forty-fourth street to Barclay, with a branch along Canal street to Broadway. As soon as the breaking up of winter will permit, the few rods of track from 64 Vesey to Church street will be laid, when the lower terminus will be at St. Paul's Church and St. Park. The cost of the road, with a double track, and of equipping with 43 cars and 400 horses and harness, together with the real estate of the road to date, amounts to $765,000 44, being $15,000 44 in excess of the capital stock, of which excess $2,309 44 has been borne from the surplus earnings, after paying a total of $53,734 50 existing at the time of our last annual report, having been paid, and the funded debt of $17,000 having been reduced to $12,700. This last named amount consists of unmatured mortgages on the real estate purchased. The debt is not likely to become a charge upon the earnings of the road, as we have ten surplus lots on the Sixth avenue and Forty-fourth and Forty-fifth streets, which, at a fair valuation, may be sold for $26,000. The real estate owned by the company consists of the above named ten lots, of fourteen lots with the depot, stables and blacksmith's shop upon them, and of one-half the fee of property 64 Vesey street, and one half interest in the seven years lease of property 56 Barclay street. The full complement of forty-three cars was not placed upon the road until June last. This was owing to the difficulty of getting them through the over-crowded workshops. In the same month, owing to excavations made in the progress of building in Church street, our track in that street fell in, and was not restored until October last. Owing to these causes the business of the road was materially less than it would otherwise have been. The business for the past year has been as follows:—during the year over five and a half millions of passengers have ridden over the road. The receipts from passengers have amounted to $264,832 36. The expenses of working the road were $170,940 28. The rate of working expenses has not been as low as was hoped, owing to the extraordinary high price of horse-feed, which prevailed last season, having been maintained during the present. Nevertheless, the profits of the year's business, after paying into the city treasury $8,273 49 taxes, amount to $78,412 35. Of this amount $75,000 have been paid to stockholders in dividends, leaving a surplus fund of $3,412 35 to the credit of earnings. This surplus would have been larger equal to one per cent on the capital stock, but for the great falling off in the December receipts, owing mainly to the obstruction of the track by snow, and to the consequent increased expenses of keeping up with double teams and extra labor the public accommodation along the line of road. Besides paying the large sum of over $8,000 taxes into the city treasury, the company has been under an expenditure at the annual rate of about $6,000 for cleaning and sprinkling the public streets through which the cars are run.

Two important facts are presented in this report which may be opportunely commented on in connection with the project shadowed forth by a recent resolution of the Board of Aldermen, calling for information as to the cost of the Sixth and Eighth Avenue Railroads. The cost of the Sixth Avenue Railroad, with its equipments and real estate, appears to be $765,000. To purchase it at ten per cent advance, according to the terms of the agreement with the Common Council, would require over $800,000 to be levied upon our citizens in addition to their present heavy taxes. To carry 5½ millions of passengers cost $190,000, an average of about 3½ cents per passenger riding any distance. The 1½ cent profit on each passenger has enabled the company to pay ten per cent dividend to the stockholders. This is with the energetic and economical administration that individual enterprise has brought to bear. Under city management, where other motives than their business would obtain in the appointment of the officers and subordinates managing the road, it is more than likely that the 1½ cents now made off of each passenger would be materially diminished before its fractional representative reached the city treasury. The present rate of expense, 3½ cents per passenger, would probably be enlarged to a point leaving a small margin on the five cents fare collected. Perhaps less net gain would then result to the city treasury than the $14,000 taxes and street cleaning now paid and saved the city by the company working the road. The increase of officers and the new recruits it would bring to the army of placemen now swarming the City Hall, would be of no advantage to the public morals. No cheaper riding than the five cents now paid could be achieved as a salve for those citizens who would feel the above enumerated evils. To purchase the two roads—the Sixth and Eighth avenue—would involve an expenditure of over one and a half millions. It is not likely that citizens would be willing to subject themselves to a tax of nearly two millions, to be expended in a purchase fraught with such results of doubtful good and positive evil. Nor would the mischief stop here. If these two roads were purchased, why not all the city railroads? and this at an expenditure of four or five millions. It were a wiser policy to encourage the construction and operation of avenue city railroads in the hands of individual enterprise, which only can make it a paying business. Let them take a hint from the report of the company now before us, and strive like Brooklyn to promote the developement of the outer wards by encouraging the operation of this most effective means of transit to and from the working and sleeping portions of the city. We commend the report to their attention, with the suggestion that a grant to the company of the Mercer street and University place branch, parallel to Broadway, heretofore petitioned for by its officers, would aid in such developement, and furnish all the accommodation, without being loaded with the objections that attach to a rail road in Broadway itself.

Mines and Mining.

THURSDAY, Jan. 19—6 P. M.

Considerable activity was manifested in this morning's bids, though the sales were small. Ulster and Lindsay sold at former prices; Gold Hill reached 3¾, the figure at which it sold at yesterday afternoon's Stock Exchange. The favorable change in this concern is due to the fact that the arrangements with regard to the debt on the mine have been finally and satisfactorily concluded. The creditors, whose claim for $100,000 fell due on the 1st proximo, offered the company either to take stock at 3¾, or to grant two years' delay for the whole. The latter proposition was accepted, and the company has now two years to pay the $100,000, the interest on which is only 6 per cent. The manager has arrived in town with money to pay the second dividend. He states that the future dividends will be even more than 2 per cent every sixty days. Turning from this company to the Minnesota, we find another and still more striking instance of judicious mining rewarded. The Minnesota company was organized here with three thousand shares, on each of which $22 were paid up. With this sum the mine was opened, and the profits have been so great that the shares sell from $190 to $210, dividends of $30 per share are declared every few months, and besides this the company has already sold portions of its land at very large prices. Such is successful mining. Were all our mines like these, insurance stocks, real estate, and other investments would soon fall in public estimation.

At the Mining Board to-day, for Cumberland, 33¾; for Parker Vein, 6¾; for North Carolina, 5¾; for Copper Falls, 52; for Forrest, 8¾; for Feltoe, 12; for Winthrop, 2¾; for Fulton, 1½; for Isle Royale, 18¾; for Mineral, 30c.; for Dolly Hide, 5¾; for Deep River, 35c.; for Ripley, 3¾; for Phenix Gold, 80; Lehigh Zinc is held at 27¾; American White Zinc at 8; Potomac at 1¾; Manassas at 1; Algomah at 4¾; McCulloch at 8¾; Lake Superior Silver at 1¾; Conrad Hill at 80c. We understand that the Springfield company, for whose stock ¾ were offered at this day's Board, have sold out to some parties at Baltimore, who will henceforth work the mine. An evening paper states that Mr. Savage, and not Mr. Mitchell, has been elected President of the Ulster company.

CITY TRADE REPORT.

THURSDAY, Jan 19—6 P. M.

ASHES.—Some 60 bbls. brought $6 75 for pots, and $6 25 for pearls, per 100 lbs.

BREADSTUFFS.—Flour was less active and rather easier in price. The city sales included 15,000 bbls. ordinary to choice State, at $8 a $8 12½; mixed to fancy Western, at $8 06¼ a $8 18¾; and other grades at proportionate rates. Nothing new occurred in Canadian. There were 1,600 bbls. Southern disposed of at previous quotations. Rye flour was unaltered. Some 900 bbls. Jersey corn meal brought $4. Wheat was more freely dealt in; the day's transactions consisted of 5,300 bushels common to prime Genesee white, at $2 03 a $2 25; 7,600 bushels Ohio do., at $2 20; 2,200 Canadian, fair to choice white, at $2 a $2 15; and 5,150 prime Southern do., at $2 05. Sales of 7,500 bushels rye transpired at $1 21 delivered. State and Western oats were in better request, at 55c. a 55½c. Corn tended downwards; the day's movements embraced 26,500 bushels, at 88c. a 87c. for damp New Jersey; 89c. a 91c. for new Southern white and yellow Ohio, a 90c. for old mixed Western, and 92c. a 93c. for do. round yellow, per bushel.

BOSTON.—The day's sales reached 1,856 bales, as follows: For export; 1,400; home use, 44; on speculation, 212; and to arrive, 200. Market steady.

FREIGHTS.—Rates to Liverpool were somewhat easier, as shippers were waiting the receipt of the Canadia's news. 600 bbls rosin were engaged at 4s.; about 20,000 a 30,000 bushels grain were engaged in bulk and ships' bags, at 10½c. a 11c. About 1,000 bbls. flour, at 3s. 6d., and 400 bales of cotton, compressed, at ⅜d. To Havre rates were without alteration flour was 90c. and grain at 24c. To California, loading clippers were getting 60c. a 65c., and full ships, 40c. a 45c.; coal was nominal at $15; lumber, at $40 per M., and flour at $3 a $3 50.

FRUIT.—There were sold 200 boxes layer raisins, on private terms; 1,500 boxes wet dried bunch do., part at $2 85, and 100 bbls. currants, in lots, at 19c.

HAY.—Shippers were purchasing river, slowly, at 85c. a 90c. per 100 lbs.

IRON.—Sales of 500 tons Scotch pig were effected to day, at $29 50 a $40, six months, per ton.

LIME.—Rockland continued scarce and somewhat nominal in price.

MOLASSES.—There were 250 bbls. New Orleans disposed of, at 28½c. per gallon.

NAVAL STORES.—Rosin and crude turpentine were unaltered. There have been 1,000 bbls. spirits turpentine disposed of, at 64c. a 65c per gallon.

OILS.—Holders continued to ask 64c. a 65c. for whale, and $1 50 a $1 21 for sperm, per gallon. Olive was inanimate. We heard that 4,000 gallons linseed changed hands, at 69c. a 70c. per gallon.

PROVISIONS.—Pork was not so brisk. The day's business consisted of 700 bbls., chiefly at $14 25 for new mess; $13 12½ a $13 25 for old do.; and $12 75 for new prime, per bbl. Lard meats were unchanged. Sales have been made of 200 bbls good to prime lard at 9¾ a 10c.; and 200 kegs prime do. at 11c. per lb. Beef was dull and heavy; the day's transactions not exceeding 230 bbls, at $5 a $5 50 for country prime; $6 a $6 50 for city do.; $8 50 a $11 for country mess; and $13 a $13 50 for city do. per bbl. Butter and cheese were unaltered.

RICE.—About 200 tcs. good to prime realized $4 25 a $4 50 per 100 lbs.

REAL ESTATE.—Sales at auction—By E. H. Ludlow.—1 lot on Forty sixth street, between Tenth and Eleventh avenues, $1,170; 1 do. adjoining, $1,140; 1 do, $1,070; 2 do. on Forty fifth street, between Tenth and Eleventh avenues, $940; 3 do on Forty-second street, do., $840; 1 do. corner Forty first street and Tenth avenue, 24.8 by 100, $2,220; 1 do adjoining, on Tenth avenue, do., $1,610; 1 do., $1,510; 1 do., $1,500; 1 do, $1,500; 1 do. on Forty first street, $1,310; 1 do., $1,290; 1 do, $1,290; 1 do., $1,290; 1 do, $1,286; 1 do. on Forty-second street, $1,800; 1 do., $1,800.
