Dr. Morse's Invigorating Cordial Forces its way into popularity by its marvellous cures. It needs no bolstering with the pen, fine writing, or elaborate prices. All that the proprietor has to say to the world is to try it. He defies any one who has tried it to question its value, or deny its all powerful properties. The preservation of countless lives, the health and vigor of thousands depends upon the extent of its use. It is fearlessly pronounced an unerring remedy for every disease—not organic—of the stomach, the liver, the nerves, and the other organs which make up the machinery of life. As a preventive or preservative a permanent stay and support to all who are weak by nature, debilitated by sickness, it stands alone and unapproached. We have cured many hundreds of cholera cases with the Ready Relief, and we are positive that there is no remedy known that will act so quick and effectively in curing cholera. We have never yet known it fail, and we have seen it raise to life persons who were pronounced beyond hope. RADWAY & CO, 162 Fulton street, up stairs.

The One Price System.—Twelve Years Ago. ALFRED MUNROE & CO., the proprietors of the fashionable clothing store No. 441 Broadway, established the one price system in New Orleans, and on opening their establishment in this city, several years since, they adopted the same rule, which proved so successful in their New Orleans business. If any dissatisfaction arises after the purchase of an article it may be returned, and the money will be cheerfully refunded. MR. ELLIOTT WISHES TO EXPRESS HIS EVERlasting thanks to the many benevolent ladies and gentlemen of this city, whom he has had the pleasure of calling on and conversing with respecting (some say) his visionary project; but he has a clear conscience and the approval of a respectable community, to say the least. My plan is, to take all the boys, as far as I am able to provide for, who have no homes, and wish to be obedient and learn my humble trade, and become useful in the world. I will take them from twelve years of age and upwards, feed, clothe, and school them—attend to their moral culture, and provide good teachers (as far as possible,) to instruct them in relation to that "happy land" said to be far, far away," but which is no doubt, very near to some of us. I would request L. M. P., if he wishes to injure my reputation for truth and veracity, to come out like a man and explain himself, and not send his salaried men up town, with a plea to gather statistics for his magazine, and scatter his insinuations derogatory to my character. I take this opportunity to inform the public that I have taken the store 62 East Broadway and intend to keep a complete assortment of ladies' and gentlemen's boots, shoes, and rubbers, from the best manufacturers in the country, in addition to our own work, and my success depends entirely upon my sales. I would further say I have not received the first penny as a gift, and hope I shall not be obliged to ask it of any one, for begging was never heard of where I was born, for there was nothing to beg, and we were taught that need time and harvest never failed; neither have I any treasury to draw two thousand dollars a year from to pay a man to go begging, although he may be good looking.
LEWIS ELLIOTT.

NOW-A-DAYS.—ALL PERSONS ARE HEREBY NOtified that Captain Terence O'Troth, Esq., will have due, at 480 Broadway, this evening, any kind of spirits they wish for, through his medium, Surgeon Muggins. Public circles this evening. Pillar of salt will dance "Hie for Babylon." Come all, come one.

Each proposal to be accompanied with the names of two securities, and to be addressed to the Commissioners of Emigration.

OFFICE OF THE CHICAGO AND ROCK ISLAND Railroad Company, No. 13 William street, New York, July 10th, 1854.—The holders of stock on this company are informed that the contracts have this day surrendered the road to the company which has been accepted by the Directors. This being the time fixed by resolution of the Board for adjusting the interest on the stock heretofore issued, all persons holding certificates of stock, or scrip certificates for interest, are desired to surrender them, and secure new certificates covering the amount of the original stock and the interest accrued thereon, to the 10th of July, 1854. In cases where the interest is less than $100, the amount of a share, interest scrip will be issued for the fractional part, or a full share of stock will be issued, on receiving from the stockholder the fractional part in cash. The stock issued to the 10th July amounts to $2,330,000. The increasing business of the road has made it necessary to add seven first class locomotive engines to the eighteen provided for in the original contract, with a corresponding number of cars, which must be paid for by an additional issue of two hundred and fifty thousand dollars of stock. This with the amount required for closing the original contract, will carry the issues of stock to the limit of the charter, three millions of dollars; and the Board of Directors have passed a resolution declaring that the construction amount of the road shall be closed at five millions of dollars, consisting of three millions of stock, and two millions of mortgage bonds.
A. C. FLAGG, Treasurer.
