Whiskers or Moustaches Forced to Grow in six weeks.—This is the startling announcement I have been making for four years, and in that time I have covered 1,000 cheeks and lips with beards and moustaches, giving a manly look to the before puny, childish face; and I still sell my unguent, and it never fails or can fail to produce the beard, or moustache, or hair, in six weeks from the first application. $1 a bottle, sent to any part of the country.
R. G. GRAHAM, 585 Broadway.

Dr. Gouraud stated, some time since, that he had a magnificently engraved envelope in preparation for his world-renowned Italian medicated soap. He is now happy to announce the completion of this splendid cover, and consequently an additional bar is placed between the genuine soap and its horde of counterfeits. The new wrapper of each cake will henceforth have the words printed in gold, "Prepared by T. FELIX GOURAUD," instead of as heretofore, F. Felix Gouraud—the Judiciary Committee of the Legislature intending to report a bill to convert his name to Trust Felix Gouraud. This to be taken as a special edict, and people to govern themselves accordingly. Dr. G. would further state, as an office to persons representing that his soap can be had below his uniform trade prices, that it would be just "as possible for a camel to pass through the eye of a needle," as it would be for any one to buy his soap except at his original prices, at his original depot, 67 Walker street; and for Pargent complaint, Dr. G. has other invaluable preparations; his poudre subtile extirpates hair from any part of the body; liquid rouge imparts a delicate rose stain to pale cheeks and lips, while his hair dye and hair restorative are unequalled. Found at the old established depot, 67 Walker street, first store from Broadway; Mrs. Hayes, Brooklyn; Bates, 120 Washington street, Boston; Callender, 88 South Third street, Philadelphia, and respectable druggists generally.

Painless Dentistry.—Dr. Johnson Hereby informs his patrons that he has removed from 35 Bond street to 78 East Twelfth street, where he continues to fill teeth with gold foil, sponge gold, and his chemical compound, which has an unrivalled celebrity. All who need artificial teeth are requested, after having examined all other improvements, to call and see those made by Dr. JOHNSON, who has acquired, by purchase, the right of Dr. Hickey's patent, which, together with his own improvements, will enable him to attain the highest perfection of the dental art. Four prominent advantages will be found amid these improvements, viz., cleanliness, durability, perfect enunciation, and the restoration of the original form of the face. All these must be regarded as points of the highest importance, particularly to public speakers. Please remember the address, as this notice will not be continued. We, the undersigned, cheerfully bear testimony to Dr. A. Johnson's method of treating sensitive teeth, and recommend his method of removing the sensitiveness of decayed teeth and filling them without pain, to all those who may need his services.
