POLITICAL.

3D DISTRICT CONGRESSIONAL RATIFICATION meeting.—A mass meeting of the democracy of the above district was held last evening in front of Lent's Hotel, corner of Franklin street and West Broadway, for the purpose of receiving the report of the Congressional Nominating Convention.

The meeting was called to order by the Hon. E. B. Hart, on whose motion Joel Wolfe, Esq., was elected President, and Messrs. Joseph Blackburn, Addison Bligh, Wm. Miner, Bernard Meyer, James Hackett, Thomas Arrowsmith, Lyman Caudee, Joseph A. Jackson, Wm Wainwright and Jas Armstrong, Vice Presidents, and Henry Bick, J. D. Burchard, S. D. Chambers and John Moore, Secretaries.

The President on being conducted to the chair, addressed the meeting as follows:—

Fellow citizens—I thank you most cordially for your kind preference in selecting me to preside over this large and important assemblage of democrats. We have met here to-night to respond to the nomination of the Hon. Daniel E. Sickles for Congress, and in doing so, to commence the campaign with a determination to elect him. You all know him, and all know that for many years past he has been a reliable and consistent democrat, a national democrat. We have tried him in the Senate of New York and have found his course while there so true, so patriotic and so democratic that we intend to give him an increased mark of our confidence by sending him to represent us in the halls of the national Congress. I venture to say he will actively oppose, both here and there, in every form and shape, abolitionism, fanaticism and sectionalism. He is the regular democratic nominee for Congress for this district, and as such, I will support him from now until the day after the election with all my influence and ability. Let us then, gentlemen, give an earnest support to our nominee, in opposition to black republicans. I know Fellings, and bogus or sham nominations; and by doing so, we will be able to triumphantly elect him. You will be addressed this evening by able and eloquent speakers, who will lay down to you the true democratic doctrines. I thank you again gentlemen, for your preference, and now tell you that I will do all that a democrat can do to aid the election of the democratic national, state and city nominees, along with our present nominee for Congress—Hon. Daniel E. Sickles.

G. G. BARNARD, Esq., in behalf of the Nominating Convention submitted the following address and resolutions:—

TO THE DEMOCRACY OF THE THIRD CONGRESSIONAL DISTRICT.—The Convention to which the democracy of the Third district delegated the duty of selecting a candidate for Congress has fulfilled that duty by nominating Daniel E. Sickles. The Convention believes that this nomination will command the approbation of the democracy of the district, and that it will be ratified at the polls by a decided majority of the electors. We need hardly say, that in making its choice the Convention was influenced by the highest motives of policy and expediency. Without going into any superfluous explanations, it is only necessary to recall the peculiar position and requirements of this Congressional district, and the exigencies which, at the present moment have imposed on our party the necessity of everywhere selecting its best and ablest men as its representatives in the Councils of the nation. At any time the vast, and annually augmenting interests of the greatest commercial district of the Union would seem to require in its representative, ability of the highest order; but now, when a crisis is pending which threatens the Union with disruption, and these vast interests with destruction, every consideration of patriotism, as well as policy, imperiously dictates the selection of a representative capable of discharging those duties, now become more than ever difficult and responsible. These considerations have induced the Convention to select the Hon. D. E. Sickles as the regular candidate of the democracy to represent this district in Congress. The Convention has not come to a decision hastily. On the contrary, it has taken ample time for deliberation and discussion. Its final choice was made with direct reference to the interests and requirements of the district, as well as to the important nature of the political crisis in which the country is now involved. The Convention is satisfied that no man in the district so well fulfils the conditions now required in a candidate for Congress as the Hon. D. E. Sickles. It is for this reason that he has been nominated. It would be superfluous here to enter into the details of the political history of our candidate. They are well known, especially to the constituency of this district, which he in part so ably represented in the State Senate. It is unnecessary for us to eulogize the abilities for which Mr. Sickles has become so widely known and so honorably distinguished, still less would it be required to advert to that constancy of attachment to the democratic faith, that constancy of principle, and that untiring energy in the democratic cause which have been conspicuous throughout his political career. The Convention is confident that these things are as well appreciated by its constituents as by itself, and that in conferring the nomination on Mr. Sickles it only expressed and confirmed the wishes of the democracy of the district.

Resolved, That the democracy of the Third Congressional district while they recognize the imminence of the crisis which threatens to involve the country in perils of the gravest magnitude, at the same time confide in the sagacity and the patriotism of the people to baffle the designs of the sectional party which is now attempting to subvert our institutions and destroy our prosperity, by grasping at the control of the government.

Resolved, That standing upon the broad, national and conservative, as well as progressive principles, enunciated in the resolutions of the Cincinnati Convention, we recognize in the democracy the only party having any claim to nationality, and in James Buchanan, of Pennsylvania, and John C. Breckinridge, of Kentucky, the only candidates for the Presidency and Vice Presidency who "follow the flag and keep step to the music of the Union."

Resolved, That the people of the Third Congressional district of the State of New York, a district which surpasses any other in the whole country in the magnitude of its commercial interests and associations, will be peculiarly affected for good or evil by the result of the present contest and that they view with the greatest alarm the unpatriotic and treasonable designs of the black "republican" party, and find in the democratic cause the only hope of safety for that Union with which all their interests are so inseparably involved.

Resolved, That the interests of the people of this district and the importance of the impending political crisis, demand that we secure the services of the best and ablest man among us as our representative in the Congress of the United States.

Resolved, That we recognize such a man in Daniel E. Sickles, the regularly nominated candidate of the Democratic Convention; that his abilities have been abundantly demonstrated, and are acknowledged as well throughout the country as by the people of New York, and that his long and faithful service in the ranks of the party, and his consistent and unswerving attachment to democratic principles are a guarantee of continued fidelity, and constitute a binding claim upon the suffrages of the democracy.

Resolved, That we pledge to Daniel E. Sickles—the regularly nominated candidate for Congress of the democratic party of this district—our zealous and effectual support.

The question on the adoption of the address and resolutions was then put to the meeting and adopted by acclamation, with nine hearty cheers for the nominee, the Hon. D. E. Sickles.

The following gentlemen most ably and eloquently addressed the meeting with great enthusiasm:—

Hon. Josiah Sutherland, Hon. C. A. Gaunt,
Hon. Wm. McMurray, John D. Macgregor,
Hon. Daniel Ma[illegible], Isaiah Synders, and
Hon. Daniel E. Sickles, Col. Michael Doheny.

16TH WARD UNITED.—AT A MEETING OF THE "United" Ward Committee of this ward, held on Thursday evening, Oct. 9, at the Homestead, 202 Eighth avenue, the following proceedings were unanimously adopted. On motion, Saml. Osgood, Esq., was chosen chairman; Chas. J. Jones and Joseph Lamb, Secretaries; Michael Halpin, Treasurer.

On motion, a committee of three were appointed to draft resolutions expressive of the sense of the meeting, who, having retired for a brief time returned and reported the following:—

Resolved, That the two democratic republican ward committees of the Sixteenth ward, now happily united, as representing one solid and harmonious democracy, heartily endorse and respond to the nominations of James Buchanan and John C. Breckinridge, and the principles of the Cincinnati platform.

Resolved, That the state ticket headed by Parker and Vanderbilt is also entitled to and shall receive our most cordial and energetic support; we recognize in the long tried and faithful services of those champions of our cause, a sure guaranty of their continued fidelity to the principles of the democratic party.

Resolved, That we hail with more than ordinary satisfaction the re-nomination of the Hon. Fernando Wood, the present faithful chief magistrate of this city. In the judgment of this committee the democratic party would have been recreant to its duty in the support of a long tried and ever faithful adherent, as well as neglectful of its own interests at this crisis, if it had failed in presenting the name of Mr. Wood to the people for their suffrages. We heartily endorse his re nomination, and expect every democrat who values the success of the party and his own party position to come up manfully to the polls.

Resolved, That in the nominations of Richard Busteed as Counsel to the Corporation, Abraham D. Russell, as City Judge, P. G. Malony, as Governor of the Almshouse, as the regular nominees of the democratic republican party of this county, meets the approval, and shall receive the undivided support of the electors of the Sixteenth ward.

Resolved, That in the nomination of Gen. Elijah Ward as the candidate for Congress we recognize a sure harbinger of success. Mr. Ward is a gentleman of integrity and high attainments, well tried and reliable, as a supporter of democratic principles, of sound ability and warm genial personal qualities, and in all respects the very man to represent us as our delegate to Congress.

Resolved, That the parties which have put forth the names of J. S. Libby for Mayor, and James H. Smith, Jr., for Congress, were an irregular and unauthorized body, not elected by the people, nor sanctioned by the organization of the democratic party, that their proceedings were calculated to defeat the regular nominations, and to destroy the union which now happily has been restored to our ranks.

Resolved, We fully endorse all the candidates for ward officers who are regularly nominated, and who recognize the organization of Tammany Hall, of which Wilson Small is chairman, and the county ticket headed by Fernando Wood for Mayor; all others are irregular and bogus and should not receive our approval or support.

Resolved, That the proceedings of this meeting be published in the Day Book, Journal of Commerce, Herald and Daily News.

On motion adjourned. SAMUEL OSGOOD, Chairman.
