JANEWAY'S SPECIFIC.—THIS MEDICINE, FOR THE cure of diarrhœa, cholera infantum, dysentery, cholera morbus and all summer complaints and disorders of the stomach and bowels, is now offered for the first time to the public, with the assurance that when administered according to the directions accompanying each bottle of the specific, its curative powers has never failed during twenty years' experience, in which the inventor has been using and testing its qualities in private among his numerous relatives and acquaintances. A multitude of sufferers who have been cured by its agency will read it attest to its unexampled virtues in the cure of the above mentioned diseases. As certain as the medicine is administered so certain will the cure follow in all cases, except those in which the disease has reached a fatal point. May a mother as she drops the grateful tear upon the rosy cheek of her smiling infant points to the specific as the only remedy that saved the child from that most fatal malady cholera infantum. All ages, from infancy to the extreme of years, are alike benefitted by it, and the certainty of its curative effects has established its virtues. To be had at the depot, No. 23 Grand street, New York. LEON OLIVIER, Agent. Price $1 per pint bottle.

LADIES, PLEASE ATTENTION!—THE VESTRIS bloom—The Vestris bloom is only sold at 258 Elizabeth street. There is an article sold, and the name of my bloom stolen and pirated on the bottle. Beware, and use only the bloom discovered by and sold only by ANGELO BARTOLOZZIE. The only depot for the Vestris bloom is at 258 Elizabeth street. All other Vestris blooms are counterfeit and injurious.

OPERA GLASSES, TELESCOPES, &c.—SPORTSMEN and gentlemen of the army and navy.—S. & B. SOLOMONS, Opticians, 34 Albemarle street, Piccadilly W., London, Engrand. Observe, opposite the York Hotel. Portability, combined with great power, in field, race course, opera and general outdoor day and night powerful waistcoat pocket perspective glasses, weighing only four ounces each containing 12 and 18 lenses, constructed of German glass, will show distinctly a person's countenance at two and a half and three miles. They serve every purpose on the race course and at the opera houses. Country scenery and ships are clearly seen at eight to ten miles. They are also invaluable for shooting, deer stalking and yachting. Her Majesty's coast guards are making use of them as day and night glasses in preference to all others; they have also become in general use by gentlemen of the army and navy, and by sportsmen, for deer stalking and fowling. The most powerful and brilliant telescopes, possessing such extraordinary power that some, three and a half inches, with an extra astronomical eyepiece, will show distinctly Jupiter's moons, Saturn's ring, and the double stars; with the same telescope can be seen a person's countenance three miles and a half miles distant, and as distant from four to six miles in the sea; and the sun, moon and stars appear as large and as distinct as if they were only a few miles off. Also other telescopes, from one inch to three inches in diameter, of 30 to 40 inches focal length, and of 30 to 40 miles range, with a variety of other optical and philosophical instruments, of the first quality, and at very moderate prices, for sale by the sole manufacturers, S. & B. SOLOMONS, 39 Cornhill, Boston, Mass. Also, at their branch establishment, 42 Nassau street, New York, for a short time only.
