POLITICAL.

A DEMOCRATIC APPEAL TO THE TAXPAYERS and voters of the Eighth Aldermanic district:—

Whereas, in the administration of the political affairs of the district during a series of years the field has been monopolized by a class of sordid, selfish and dishonest political wirepullers and shysters, who, acting in concert with a similar class of men claiming to be the sole directors and managers of the democratic party, have succeeded in controlling the political affairs of the district in a manner to suit their own sordid, selfish and hypocritical interests, to the entire neglect of the vital and important interests which affect the prosperity of the district, and the total ignoring of the interests and wishes of the great masses of the taxpayers, mechanics and workingmen; and, whereas, the alarming annual increase in our city taxation, without any equivalent being rendered in any manner which is calculated to confer the slightest benefit on the working classes, or to remedy the alarming insecurity of life and property within the municipal limits of this great city, and, whereas, the total neglect of cause which has produced this corrupt, dangerous and demoralizing state of political affairs is to be traced to the fact that bad men, by the exercise of falsehood, deception and fraud, have usurped political power, and have winked it to prolong and encourage lying, peculation, falsehood and fraud, for the purpose of appropriating the people's money to their own use; and, whereas, the conduct of this class of men having reached a point where patience or further tolerance, on the part of their plundered constituency cease to be virtues; be it therefore,

Resolved, That we, the members of the Young Men's Democratic Club of the Eighth aldermanic district, shall make it a sacred duty to oppose, by any legitimate means the election to political position or place no matter how trivial men whose character for honor, truth and honesty is not capable of bearing the test of public investigation.

Resolved, That while we acknowledge our individual allegiance to the manly, independent, honest action of the properly constituted heads of the democratic party—national, State and local—we shall nevertheless reserve to ourselves that inherent right of freemen—to oppose the election of any man or any set of men, come from what source they may, who may be displeasing to a majority of the honest, independent electors of the district, or who lack the ability necessary to the honest and proper discharge of the duties of the position.

Resolved, That the manner in which candidates for popular favor have of late years been manufactured and forced upon the people by a class of men claiming to represent the wishes and interests of the people, and the unprincipled, dishonest selfishness and shystering which mark the proceedings of this unpopular assemblage of place hunters and tricksters have earned for themselves the most unqualified contempt amongst the great masses of intelligent democrats.

Resolved, That the manner in which the public affairs of this city have been conducted during a series of years past; the falsehood, peculation and fraud which have marked the conduct of the men who claim to popularly represent the interests of the city, the total neglect on their part to push forward all the essential works of public improvement, so necessary both for the public benefit as well as for the benefit of that great and useful class of citizens who comprise the mechanical and working classes, such flagrant neglect has earned from this class of men as well as from the community at large, the most unqualified condemnation.

Resolved, That old fogyism has done much to produce the evils complained of, and as this class of men have heretofore successfully labored to hold possession of the reins of power, to the almost entire exclusion of the young democracy, thereby depriving their constituency of the benefit of the talent and ability so largely existing among the young men, it shall, therefore, be a duty of ours to see that a little of the talent, fire and enthusiasm of youth shall be infused into the deliberations of the city.

Resolved, That we will strenuously labor to eradicate the foregoing glaring abuses, and we invite to our aid all the honest entrusted tax payers and democrats in the district, in order to accomplish the good work which we have undertaken.

By order of Committee on Resolutions.
