POLITICAL.

APPEAL TO THE WHOLE DEMOCRACY OF THE CITY of New York.—Fellow Democrats—Union is our strength, and the triumph of the democracy has ever been the welfare of the people. The weighty responsibility of maintaining the union and securing the triumph of the democratic party now rests upon you. We also have a duty to perform, and therefore address you.

Our enemies are strong, active, unfling and unscrupulous. Not satisfied with possession of the State government at Albany, they seek a wider range for more wasteful expenditure of the public money. They hope to impose heavier taxes upon this devoted city. They have destroyed her sacred franchises; they now dare even assail her public treasury. Are you blind to this? Will you listlessly yield to enemies the control of your city, and consent, without a manly struggle, to surrender this stronghold of democracy into the hands of the party which has used its power for the destruction of our municipal independence by oppressive and unwarrantable acts framed in the spirit of tyranny and for purposes of plunder? For such men and their candidates you, fellow democrats, can have no sympathy, and cannot, will not, vote.

But they are not alone in their hostility to the democracy of this unhappy city. A reckless band of disappointed demagogues have deluded certain unstable and thoughtless men to organize a hasty and unreasonable opposition to the democracy of New York. Proud of their power to do mischief, they already claim the right to control the future policy of our party, insolently demanding a right to dictate the terms whereon they shall be admitted to the possession of Tammany Hall. With almost the same breath they decry Tammany Hall, and tell us that certain men stand ready to subscribe fifty thousand dollars to build a new Tammany Hall. These reckless disorganizers know what they say to be false. They betray their treacherous designs in the madness of their ambition. They wish to rule or ruin. They dare not hope for any honorable place among true democrats while the party is united. Therefore they have split from us, and labor day and night to give victory to our enemies.

These very men who now lead the so-called anti-Tammany crusade, were until recently members of the Tammany organization. Some of them are still in our camp, presuming upon our forbearance and spirit of conciliation. The arch conspirator himself is the man who, one year ago, entered into a solemn agreement for the union and consolidation of the democracy under the ægis of Old Tammany. He helped to draft the plan of union; he signed it, and he forced some of his less satisfied partisans to accept it. And during this year, while hatching his conspiracy, he sat in our councils, claiming to be ardently and unalterably devoted to Tammany; but when he found that he was suspected, despised and powerless in the very organization he had so influential a part in making, he went out proclaiming his treason.

Do not be deluded by him and his followers, fellow democrats. Their names are known to you; their deeds are recorded in many judicial tribunals; individually they have no strength, and can only be dangerous to the democracy while acting with our enemies. Stand aloof from treachery, stand firm by the time-honored organization of the democratic party. For this purpose, we make this earnest appeal, and ask for your full and hearty support throughout the city of the candidates put in nomination by your own authorized Conventions. It is a false issue which these disorganizers raise. You will not vote on Tuesday next for or against Tammany Hall, but you will have it in your power by your ballots to decide whether the government of this city shall be in democratic hands or in the hands of your old and desperate enemies.

All of you know that the real contest for Comptroller is between George H. Purser and Robert T. Haws.

Those who have put up Stephen P. Russell as a third candidate do not hope to elect him, but seek, by circulating the basest slanders, creating confusion in men's minds, and dividing the democracy, to defeat the democratic party and gratify their own personal revenge.

We do not deem it necessary again to refute the stale calumnies which are disseminated through an irresponsible sheet by reckless defamers. But we simply ask you to take a calm and unprejudiced view of the matter, and we are certain that you will decide that it is both unjust and despicable to subject Mr. Purser again to libels which were refuted years ago, and have never been supported by one particle of evidence. It is easy to raise a cry or invent a falsehood, but facts are stubborn things, and the facts that George H. Purser has been for years a devoted member of the democratic party—that he has filled public offices with ability and fidelity, and that no snot rests on his reputation as a public officer or as a private citizen, should silence the voice of detraction.

And now, fellow democrats, we ask you in plain, earnest terms, Do you wish to triumph over the combined motley opposition of scheming republicans, proscriptive Know Nothings and malignant traitors to the democratic cause? Each of you ask himself this question—Shall I follow the base deserters from the democratic camp who are endeavoring to destroy the old citadel of democracy? Shall I take part with the traitors and disorganizers who, outside of a most important election, are working with malicious zeal to divide and distract the great democratic army of New York, so that the enemy may win the victory?

Why did they not make the issue against Tammany Hall at the election in November? Because, with the cunning of unscrupulous conspirators, knowing their own weakness, they resolved to wait for the time when the local difficulties and strifes, which always occur at the charter election, might give them. Will you, fellow democrats, allow the scheme of these conspirators to succeed? Will you not rather heal your divisions, close up your ranks, and go united into the battle, resolved that New York shall not become the prey and the spoil of the enemy? A month ago you had a glorious victory. Do not cloud its glory now. Then Tammany gave you men worthy and fit for the positions to which they aspired. Now she does the same. She gives you Mr. George H. Purser and Isaac Townsend, men of capacity, integrity and sound democracy. To you, democrats, she leaves the issue, as yours will be the shame and the loss if you fail in doing your duty, and yours the honor and the advantage if you again conquer the enemy.
PETER B. SWEENY,
Chairman of General Committee of Tammany Hall.
SAMUEL D. VANDERHEYDEN, JOHN H. WILLIAMS, } Secretaries.

AT A REGULAR MEETING OF THE YOUNG MEN'S Democratic Club of the Eighth Aldermanic district held at Hastings Hall, corner of Pitt and Broome streets, on Thursday evening, Dec. 2, the question of endorsement of the regular democratic ticket, emanating from Tammany Hall, being called up in regular order, and a full and impartial investigation of their character socially and practically, the following resolutions were unanimously concurred in:—
Resolved, That the county ticket bearing the names of Geo. H. Purser and Isaac Townsend is eminently entitled to the undivided support of the democratic party of this city and county, said nominees being gentlemen of character and standing, socially and morally, whose past public services fully entitle them to the unlimited confidence of the great masses of the community of every political stamp.
Resolved, That the Councilmanic ticket bearing the names of John McConnel and John Tipper, is worthy the undivided confidence and support of the district.
Resolved, That the school ticket in the Thirteenth ward bearing the name of Peter Mitchell for Commissioner, and the same in the Seventh ward, with the name of Wm. M. Tweed, is worthy of the undivided confidence and firm support of the democratic party of the district; recognizing as we do in said nominees the requisite intelligence and capability of faithfully and worthily discharging the important public interests connected with the position to which the people have nominated them.

AT A MEETING OF THE EIGHTH AND NINTH WARD Citizens' Club, held at Spring street Hall, on Friday evening, Dec. 3, the following resolutions were adopted:—
Resolved, That the Club will endorse the following candidates for our support at the next election:—For Comptroller—Stephen P. Russell; for Governor of the Almshouse—James Lynch; for Alderman of the Fifth Aldermanic district—Peter Duffy; for Alderman of the Third Aldermanic district—Jeremiah Benson; for Councilmen of the Fourth Senatorial district—Anthony T. McCarty, William H. Bulteel, Francis C. Gilmore, Harris Bogart, William Walsh, William O'Shea; for School Commissioner—William F. Walker; for School Inspector—D. G. Ferguson; for School Trustees—John Arkin, Jr., Benjamin F. Miller; for Constables—Robert Reid, Abraham Moses.
Resolved, That the School ticket headed "Walker and Ferguson" we have the greatest confidence in, and recommend our fellow citizens of the Eighth ward to vote that ticket, for they are men of integrity and honesty, and if elected will give satisfaction to their constituency in the Board of Education.
Resolved, That we democrats of the Eighth ward would advise those twelve men of Tammany Hall that it will be impossible for them any longer to dictate to forty-three thousand voters of the city and county of New York; and that the manner in which they have conducted the primary election means with the condemnation of every honest man, by giving the control to men in whom the citizens of the Eighth ward place no confidence.

CITIZENS' SCHOOL TICKET.
TENTH WARD.
For School Commissioner.....DR. MARCUS C. TULLY.
For School Inspector.....EDWARD R. HOLSWORTH.
For School Trustees.....GUSTAVUS I. JEWECK, JOSEPH M. ITSELL.
TO THE ELECTORS OF THE TENTH WARD.
We earnestly solicit your attention, without political bias, to the importance of electing as the school officers of the Tenth ward, men who are capable of filling the office with credit to themselves and satisfaction to the electors of the ward. The interests of our schools are dear to all. The cause of education is of paramount importance. Vast sums of money are annually expended in this city for the purpose of education. Are you not personally interested in the school system? Are you willing that the trustees entrusted in disbursing the funds placed at their disposal so that all the children in the ward can be thoroughly educated? We have in this ward over 3,500 children who daily attend the public schools. The number of teachers employed is 106. The amount annually expended for salaries, &c., is about $45,000. We are desirous of securing as school officers of the Tenth ward men whom we can confide for men of character—men who themselves are parents and therefore who are personally interested in our schools. We present you the names of gentlemen, all old residents of the ward, whom we believe are worthy of your suffrages at the ensuing election. We know them to be men to whom we would cheerfully commit the training of our children, and ask you to support them. What better proof do you want that these gentlemen will perform the duties of their respective offices in a manner to suit your approbation, than when you are assured that their children, with yours, are attending the schools over which their supervision extends? We ask the citizens of this ward, no matter what your politics may be, to vote the above ticket next Tuesday. Yours very truly,
