COLLISION ON THE HOBOKEN FERRY—SEVERAL PERSONS INJURED.

As the five o'clock boat (the Paterson), was making her trip yesterday evening from the Hoboken ferry, she came in violent collision about midway with the Chancellor Livingston. The shock was a most alarming one, the Paterson having her side completely stove in. Several ladies on board the Paterson were flung violently down by the concussion, sustaining more or less injury. We are happy to be able to state, however, that no vital injury was sustained, the greatest being that of a lady who had her arm broken. A young gentleman connected with a Hoboken newspaper sustained a slight injury in the side, having been struck by the bow of the Chancellor. The catastrophe was purely one of accident, as, in consequence of the snow storm, it was very difficult for the pilots to steer clear of each other. At the time of the collision the captain of the Chancellor was steering for Jersey City, having completely lost his track. The Chancellor sustained but very little damage. Damage to the Paterson about $200.

THE VOYAGE OF GENERAL PAEZ TO ST. THOMAS.

General Paez, it appears from reliable information, was on board the Atlanta, which arrived at St. Thomas on the 12th of December. Up to that time he had a very pleasant passage, and was rapidly recovering from the injuries which he received in this city at the celebration on the 25th of November. On the 14th of December he would leave St. Thomas for Laguayra, Venezuela. The people of St. Thomas treated the distinguished gentleman with the greatest attention, his way, whithersoever he went, being literally strewed with flowers.

General Sam. Houston arrived in the city yesterday, and is stopping at the Metropolitan Hotel.

Senator Broderick, of California, left the Metropolitan yesterday for Washington.

The Recent Election.

INDIGNATION MEETING OF THE FOURTH COUNCIL DISTRICT—MR. M'ADAM'S CONTESTED ELECTION—THE METROPOLITANS IN FULL FORCE.

Pursuant to advertisement calling upon the electors of the Twelfth, Nineteenth, Twentieth, Twenty-first and Twenty-second wards, about eighteen gentlemen met last evening at the Manhattan Hall, corner of Thirty-second street and Broadway, for the purpose of reviewing the proceedings of the late Board of City Canvassers, and to take such measures as should be deemed advisable to protect the people in their lawful rights.

The meeting was called for half past seven o'clock, and at that hour some thirty policemen entered the hall and quietly took their seats, in which they remained until nine o'clock, much, no doubt, to their satisfaction, at being protected from the inclement weather, and the bore of an impromptu sleigh ride. Near eight o'clock half a dozen gentlemen made their appearance, and the meeting was organized by moving Mr. H. White to the chair. The gentleman stated the object of the meeting, after which

Mr. McAdam read an elaborate report detailing the recent action of the Board of City Canvassers in relation to the votes in his ward, and also the decision of the Supreme Court in the matter. From his statement it would appear that he polled a plurality of seventy votes ver Mr. Frear, and that if the contested votes were counted he would have a majority of ninety-one.

A series of resolutions was then presented endorsing the report, and calling upon all electors to take measures "in view of the dangers that beset free institutions in this country," and interpose to stay this defeating power.

Mr. Gomez, of the Twentieth ward, moved that the delegates from each ward should take a recess and report to the meeting. The motion was carried, and after a few moments' consultation the committee returned, when, upon motion, they were empowered to call a meeting at a future day and take such steps as they might deem advisable in the premises.

The assemblage separated at nine o'clock, and the "police force" were awakened, and quickly marched to their stations. Preparations are being made to hold a mass meeting in the ward on the recent action of the city canvassers.

PRESENTATION OF MEDALS.—The Life Saving Benevolent Association of New York, an organization which has been in existence since 1811, yesterday presented medals to four seamen belonging to the Dutch bark Sophie Elizabeth, for saving the lives of fifteen persons from the British bark Jessie Johnston, under circumstances of great peril on the 31st of October last, and a detailed account of which has recently been published in the HERALD. It will be remembered that the captain of the Jessie Johnston, his wife, child and twelve men were in the rigging for nine days, with but little food and no water, save that which they had obtained from the rain and snow. The inscription on the medal of the captain of the Sophie Elizabeth, which is of gold, is—

Presented to Captain Schelte Folkert Vander Hoef, master of the Dutch bark Sophie Elizabeth, for rescuing fifteen lives from the British bark Jessie Johnston, water logged, at sea on the 31st October, 1858.

A gold medal was also presented to the mate, Frederick Vroom, and silver medals were presented to Peter Visser and Edward Thune, seamen, who had done perilous duty on the occasion.

Daniel Lord, Vice President of the Association, made the presentation on behalf of the society, in which he alluded to the good effect their example would have on other seamen, in teaching them their duty to vessels in distress. The Life Saving Benevolent Society have also two other gold medals in readiness, to forward to the parties for whom they are intended, for services in the cause of humanity. One is designed for Edward Renaud, master of the French bark Maurice, for taking off part of the passengers from the Austria, and the other is for Edward Fonnemark, of the Norwegian bark Catalina, will also distinguished himself on the same occasion.

A THOUSAND DOLLAR DRAFT LOST.—Mrs. Joseph Pentland, wife of the well known circus man, yesterday morning lost a draft of George Peabody on Duncan, Sherman & Co., for one thousand dollars, endorsed and certified. The draft was No. 446; there was also about $48 in the portemonnaie containing the draft. Mrs. Pentland thinks she dropped the draft and money in the ladies' room of the Fulton ferry, on the New York side.

ALLEGED BRUTALITY TO A WIFE.—Coroner Hills was called upon yesterday to hold an inquest at No. 643 Washington street, upon the body of a woman named Mary Kirby, who, it was supposed, had died from the effects of ill treatment alleged to have been received at the hands of her husband. A post mortem examination of the body, however, showed that death was caused by delirium tremens. The husband admitted that he beat his wife in the most cruel manner, but denied that he had laid hands on her for several days previous to her death. The jury rendered a verdict of death from delirium tremens, at the same time censuring the husband for his ill treatment of deceased.

FREE MASONRY.—At the regular communication of New York Lodge No. 330, F. and A. M., on Tuesday, the following named persons were elected officers for the ensuing year:—W. M., C. D. Brown, M. D.; S. W., George Enoch; J. W., J. D. Ross; Secretary, — Desmond; Treasurer, W. B. Smith; Trustees, Avery Smith, N. B. Clarke, N. Jones, Tiler, Charles Gagler.

The Union Francaise Lodge, No. 17, held its annual banquet at No. 50 White street on the evening of the 27th December.

ACCIDENT TO A LADY.—As Miss A. Van Zant, of No. 21 President street, Brooklyn, was coming to the city with some lady friends at dusk on Tuesday evening, by the Hamilton avenue boat, she met with a very serious accident. The ladies, it appears, were going to a party, and in their eagerness imprudently attempted to leave the boat before it was made fast to the bridge. The young lady slipped and fell between the bridge and boat. In falling, she extended her arms and got hold with both. While thus suspended, the boat, still moving forward, jammed her body severely. She was immediately conveyed home in a carriage, and the best medical attendance procured. Her life is not despaired of, but she is, notwithstanding, severely injured, and had a miraculous escape from instant death.

Sensation in Fifth Avenue.—On the Evening of the Mount Vernon ball at the academy, numerous persons were observed up town running in all directions, with hat boxes in their arms. Some nervous old lady insisted that they were "infernal machines," and called the police, but inspection proved that the boxes contained KNOX'S winter hats ordered at No. 212 Broadway, by numerous fashionable gentlemen, and sent to their purchasers in time for the ball. Knox is now quoted as the leader of modes, and his low prices defiant of all that is from the prestige. His hats are on every head, and the New Yorker who has not heard of him must be related to that family of sch hars who think that Andrew Jackson is still President of these United states.

A LARGE LOT OF NEW YEAR'S PRESENTS, AT FOUNTAIN'S INDIA STORE, 653 Broadway.

A TESTIMONIAL FROM A LEGAL GENTLEMAN, well known in this city, as well as in many Southern States, will be read by all with interest:—
47 Walker Street, New York, Dec. 20, 1858.
Gentlemen:—Your note of the 15th inst. has been received, saying that you have heard that I have been benefitted by the use of Wood's hair restorative, and requesting my certificate of the fact if I had no objection to give it. I award it to you cheerfully, because I think it due. My age is about fifty years, the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeable things increased with time, and about four months since a fright was added to them by my hair falling off the top of my head and threatening to make me bald. In this unpleasant predicament I was induced to try Wood's hair restorative, mainly to arrest the falling off of my hair, for I had little or no expectation that gray hair could well be restored to its original color, except from dyes. I was, however, greatly surprised to find, after the use of two bottles of the stuff, not only was the falling off arrested, but the color was restored to my gray hairs, and sensibility to the scalp, and dandruff ceased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it. And this, among the many obligations I owe to her sex, I always cheerfully pay, by the earnest solicitation of their sisters to profit by my example, and use it if growing gray or coming bald. S. A. LAVENDER.

A NOTICE TO DRUGGISTS.
NEW YORK, December, 1858.
Messrs. Burnett & Co. having issued circulars and advertisements reflecting upon our Cocoine, we submit the following statement of facts in refutation of their false pretensions:—
Their circular estimates the extent of our knowledge of Cocoine by their own limited experience of our recently acquired information, whereas Cocoine is no novelty with us, for we have prepared and sold our popular preparation for the hair upwards of twenty years ago, and long before the firm in question had an existence. It therefore remains for these slanderous pretenders to prove their claims to originality. Even inventors are expected to have some hand in producing their evidence; in the mean time, their fate, we appeal to your judgment for the purpose of testing their unfounded assertion. The practical knowledge and experience obtained during the twenty years since our first preparation was made, results in our now producing the most perfect Cocoine that ever received public approbation. Satisfied that we could safely rely upon the superior and intrinsic merits of our cocoine and claims to popular patronage, we placed it before the public in a shape and appearance that it could not possibly be mistaken for any other preparation. The word Cocoine (koko een) which we selected and copyrighted as the name for our popular preparation for the hair, is simply the French word signifying the purest part of cocoanut oil. Their piracy had no taste, no originality, no invention, and displays their ignorance alike of cocoine and its name. Doubtless they will endeavor to secure the entire monopoly of their own meaningless compound. Our labels afford undeniable evidence that no imitation was ever contemplated. They are finished in the first style of art, and entirely different in shape, color and design, and distinctly declare the contents of every bottle to be "Phalon & Son's Cocoine for the Hair." We, however, afford the public a still further guarantee that they receive genuine but our genuine article, by having our name and address stamped in the glass of every bottle issued from our establishment.
These external distinctions, we apprehend, sufficiently prove that no imitation was intended. Beyond all these, however, we confidently rely upon the unapproachable and delicate qualities of our Cocoine, which effectually prevent the possibility of being mistaken for any other compound. We take this opportunity of reminding you that, unlike Cocoine or other compounds, our Cocoine is perfectly free from the strong and offensive odor of imperfectly purified cocoanut oil, and is not readily distinguished by its fragrant and popular perfume. Nor can we conclude this communication without soliciting your assistance in defending our thirty years' spotless name from the unscrupulous calumnies made and aspersions of jealous and disappointed competitors.
Very respectfully, your obedient servants,
EDWARD PHALON & SON.
