DAILY RECURRING FACTS.
In a twelve years' riding practice, and in more than fifteen of hospital practice, mainly restricted to the cure of chronic diseases—prominence given to those incident to woman—have led to the forming of the simple, rational and now well known reliable system of therapeutics—motorpathy. The cure is speedy and sure, being almost without the possibility of failure. The system has been thoroughly tested, in a home institution, on more than five thousand persons. Ladies who from organic trouble have been confined for years, under this special treatment are immediately put upon their feet, and, if they have the strength, enabled to walk and go up and down stairs without obstruct. A want of charity is manifested by physicians and friends in many of these cases; but so soon as the organ is made to assume its natural self poising position, the patient feels thrilling through her system the inspiring sense of relief, and she is not only willing but happy to do whatever is required for her restoration. Let none be discouraged. We have on register hundreds of names of living witnesses to cures after lying for years helpless.
Caustic relieves pain only by paralyzing the parts. By its absorption it poisons the blood, darkens the skin, and injures the memory and nervous system. Its use cannot be too strongly deprecated.
This treatment, with other auxiliaries used in the institution, gives vitality and force to the functional powers of all the organs, increasing the mental force and constitutional strength. In short, it makes the enfeebled and delicate into healthy and vigorous men and women. It obviates spinal weakness and irritation, in which many organic diseases originate, and takes a firm, curative hold on most chronic diseases. Cold weather is favorable for a more speedy recovery. Institution open winter and summer. Circulars sent gratis. Treatise on treatment for 25 cents.
