INDIA RUBBER GLOVES AND MITTENS.
INDIA RUBBER GLOVES AND MITTENS.
INDIA RUBBER GLOVES AND MITTENS.
Great improvements have been made in the manufacture of these goods of late, and we can now recommend them for general use. The heavy gloves and mittens are unrivalled as a protection in all kinds of acid work of the chemist, druggist and photographist, manufacturing and handling of potashes and other strong alkalies; for oystermen, drivers in storms, and hose companies in the fire department. We would particularly call the attention of FARMERS, MECHANICS, HATTERS, TANNERS, MILKMEN and LUMBERMEN to these gloves and mittens as being well adapted to their use. They are superior to the buck mitten, especially in wet work. The LIGHT GLOVES are used for softening and bleaching the hands. As a speedy and effectual cure for chapped or rough hands, salt rheum, &c., they have no equal; are very useful while engaged in domestic affairs, such as sweeping, dusting, HOUSE CLEANING, and are invaluable in attending to coal fires; a requisite in every family for washing, coloring, all roughening and dirty kinds of work, and particularly useful in GARDENING and care of SHRUBS and FLOWERS. For sale by rubber dealers generally.
GOODYEAR'S INDIA RUBBER GLOVE MANUFACTURING COMPANY,
36 JOHN STREET.
Exclusive manufacturers under Goodyear's patents of every description of ladies' and gentlemen's INDIA RUBBER GLOVES AND MITTS; ALSO, RUBBER FINGER COTS AND LADIES' DRESS SHIELDS.
SUBSTANTIALLY USEFUL.
"The improvements in the manufacture of India rubber are now so great that almost every article of wear can be formed out of waterproof gum. Of late, still greater improvements have been introduced into the glove and mitten department, which occupies the Goodyear Rubber Glove Manufacturing Company, at their depot, 36 John street, New York. They have every variety of India rubber covering for the hands, from the light glove that rivals the finest kid, to the heavy farmers' and lumbermens' mitten, that threatens to supersede the time honored buckskin and woollen knit."—New York Express.
