Brooklyn City News.

BOARD OF EDUCATION.—The Board held a stated meeting last evening, Cyrus P. Smith, President, in the chair.

A resolution was passed, ordering that a portion of the yard of school No. 1 be flagged, at an expense not exceeding $300.

The law committee, to whom had been referred a communication from the executors of the late Graham Polly, respecting a heating apparatus supplied by Mr. Polly during his lifetime to school No. 17, reported verbally, to the effect that the executors had proposed to the Committee to purchase the apparatus. A lengthy discussion ensued, in the course of which it appeared that Mr. Polly, who was very popular for the interest he took in the public schools, had removed an old and dangerous heating apparatus from No. 17, and substituted a new one, costing $2,400, at his own expense. Five years have now elapsed since his death, and now the executors call upon the Board to purchase the property, which it would seem it was Mr. Polly's intention to donate.

The committee were ordered to report on the propriety of purchasing the apparatus—a motion to give them full powers having been lost.

Mr. WHITLOCK moved that the Teachers' and Local Committees of school No. 1 be authorized, to inquire into the propriety of establishing a branch primary, in connection with that school. He gave as a reason the crowded state of the primary school now existing.

Mr. HARRIS admitted that the primary school was inconveniently crowded, but said that was in consequence of the grade being too high for the primaries. Let the grade be lowered and the primaries would be relieved, by the pupils being sooner removed to a higher school, and thus there would be no necessity for a branch primary to No. 1. He was, therefore, opposed to the resolution.

The resolution was then put and carried.

Mr. NORTHUP moved that the several local committees be authorized to cause the coal dust and ashes to be removed from the coal depositories of their various schools, and, after such amendments had been proposed, it was eventually resolved that the principals of the several schools do cause the janitors to effect the removal of all such accumulations, and that the bill of no janitor be certified till that duty has been performed. Adjourned.

PROSPECT PARK—APPLICATIONS FOR THE APPOINTMENT OF COMMISSIONERS.—In the Supreme Court, Special Term, yesterday morning, before Judge Brown, a motion was made by Messrs. Gilbert and Tapler, counsel for Mr. E. W. Blake, for the appointment of Commissioners to estimate the assessment, under the act of 1860, providing for the laying out of Prospect Park. The motion was opposed by Messrs. Van Dolt and Silliman, who represented the taxpayers on whom the assessments would fall. The following are the points chiefly relied on by the objectors:—1. That the act violates section 10 of article 3 of the constitution, which provides that no private or local bill which may be passed by the Legislature shall embrace more than one subject, and that shall be expressed in the bill. The Park act embraces three distinct subjects—a park, a parade ground and an alteration of the Commissioners' map. 2. It violates section 7 of article 1 of the constitution, which provides that "compensation for land taken for public purposes shall be ascertained by not less than three commissioners, to be appointed by a Court of Record." The act in question provides that two commissioners may determine the compensation, and that their award may be valid and of the same effect as if made by three. 3. The act withholds from the Commissioners the exercise of discretion in ascertaining the compensation. 4. It denies a hearing on appeal to parties aggrieved by the action of the Commissioners. The decision on the motion will be reserved until after the General Term shall have received the decision of Judge Lott in the matter of the parade ground, provided for by the same act, and in which substantially the same questions are raised.

CHARGE OF ARSON.—On Sunday night the paint store of Mr. John C. Scott, No. 221 Bridge street, was discovered to be on fire, but the flames were promptly extinguished by a person who lived adjacent, before much damage was done. On Monday morning Mr. Scott, the occupant of the store, went out, leaving a notice on the door that a death had occurred in the family, in consequence of which the store was closed. Last night, about half-past ten o'clock, fire was again discovered on the premises, and on forcing the door a lot of turpentine and other inflammable materials were found to be in a state of combustion in different parts of the store, showing, beyond a doubt, that the building had been purposely set on fire. An officer of the First precinct accordingly arrested Scott on suspicion and locked him up. The premises are insured in the Hamilton Insurance Company for $600. On being questioned as to his reason for closing the store, Scott said he was told that a lady friend of his had died, but that on going to the house he found her alive and well. He further said that he was not aware that there was any fire in his store on Sunday night. When searched at the station house some matches and a cloth saturated with turpentine were found in his pockets. The case remains for examination.

A GAY DECEIVER.—Yesterday morning a young German, named John S. Mayer, who bore the appearance of a gay Lothario and irresistable Don Juan rolled up into one, was brought before Justice Calahan under a charge of seducing a young girl named Catherine Krott. Catherine was in that interesting condition that ladies are said to be "who love their lords," but John was by no means disposed to take on himself the grave character of papa until the little one should be born, when, as he informed the Justice, if it resembled him, he would do the handsome thing—elevate Catherine to the dignity of his wife, and her infant to that of his heir or heiress, as the case may then demand, thus showing himself decidedly averse to buying "a pig in a poke." The Justice, however, did not see matters in that light, and having no sympathy with Mr. Mayer's penchant for bargains on sight, sent him, in default of $500, to durance vile until he makes up his mind to make Catherine Mrs. Mayer.

SCHOOL IMPROVEMENTS.—During the summer vacation the Committee of the Board of Education have taken the opportunity of putting in order, for the fall and winter sessions, the several school buildings under their control. Repairs have been effected where necessary, and what with painting and the introduction of heating apparatus, a great deal has been done to render the buildings pleasant to the eye and comfortable for the teachers and pupils who have to spend so much of their time in them. Two new school houses are in course of erection, and will soon be completed. No. 13 will accommodate 1,250 scholars, at a cost of $50,000 for the building; and No. 27, which will cost $20,000, will hold 1,000 scholars. The furniture and heating apparatus will cost an additional sum. No. 8 will be almost equal to a new building, from the completeness of its repairs, at a cost of between $26,000 and $31,000. It is anticipated that by the 1st of November the three schools will be fit to be occupied.

COMMERCE OF BROOKLYN.—The following shows the extent and character of the commerce of Brooklyn during the month of August in the number of vessels that discharged cargo:—Sugar and molasses, 93; naval stores, 34; cotton, 3; wood and lumber, 13; dry wood, 6; hides and skins, 12; coal, 8; iron, 3; fruit, 1; salt, 3—total, 181.

Surrogate's Office.

Before Edward C. West, Surrogate.

WILL OF SARAH ANN RILEY.

The testatrix was the widow of the late Thomas Riley, the former proprietor of the Fifth Ward Hotel. She died without children, and her next of kin was a nephew, who contested the will of the testatrix, who bequeathed the great bulk of her property to her servants and acquaintances, in sums of $50 and $100 to each. She also made bequests of $100 to each of the following charitable and benevolent institutions:—The Association for the Relief of Respectable and Indigent Females of the City of New York, the Institution for the Blind of the City of New York, the Orphan Asylum of New York, the Trustees of the Five Points Mission, the American Female Guardian Society of New York, the New York Institution for the Instruction of the Deaf and Dumb, the Orphan Asylum of the City of New York, and the Society for the Relief of Half Orphans of New York. She also left to the pastor of the Baptist church in Macdougal street, the sum of $100, and directed that the balance of her property, after the payment of her just debts, be divided into two equal parts, and one part given to each of the two following societies, viz: the American Bible Society and the American Tract Society. Though the will was contested by the niece and next of kin to the deceased, on the grounds that more of the property legally fell to her share than that bequeathed to her by the testatrix, the Surrogate held a different opinion, however, and therefore decided to admit the will to probate, which was accordingly done yesterday.

The following wills have also been admitted within the past two days:—Mary Riley, John F. King, Michael Gill, Robert Fuller, Raphael Bush, Elihu Spencer, Godsfred Segel, John H. Dearmann and Cornelius Smith.

Naval Intelligence.

The verdict of the Court Martial in the case of Commander Benj. F. Totten, late of the United States sloop-of-war Vincennes, was yesterday read to all the officers of the Brooklyn Navy Yard. The court was organized recently in Boston, the following charges having been preferred against him, on all of which he was found guilty:—First, drunkenness; second, oppression, in suspending Lieutenant Geo. P. Turner, of the United States Marine Corps, from duty, placing him in strict confinement for more than forty days, having no just reason to inflict such punishment; third, disobedience of an order of the Secretary of the Navy. The sentence of the Court was that he be suspended from duty for eighteen months, the first six without pay, and to be reprimanded by the Secretary of the Navy, said reprimand to be read to the officers on board all ships in the United States Navy in commission, and at all United States naval stations, the sentence to take effect from and after August 20, 1860.
