ASTROLOGY.

A FACT.—MISS WELLINGTON.—THIS BEAUTIFUL and accomplished lady is the only scientific phrenologist, astrologist and second sight seeress of the present age. Miss W. does not profess to have mastered all the sciences of the nineteenth century, but challenges the world to find her equal as a phrenologist and second sight seeress and has established a reputation which none can claim in revealing the past, present and future events of life. Thousands of the most respectable citizens are ready to testify to these assertions as well as to the many wonderful cures Miss W. has accomplished, when all other power and remedies had failed. Miss W. never resorts to cards, dice, magic wands or veils to deceive the public. She enters at once into the most remote and secretive subjects, and never fails to reveal all the startling facts pertaining to love, courtship, marriage, law and business, by her profound knowledge of the sciences of phrenology, astrology and the second sight mystery. As a phrenologist, astrologist and second sight seeress, she stands confessedly above all others in the known world, and the public should remember that she has no equal, but only sensible imitators. Remember that Miss W. guarantees satisfaction to every one who consults her, either by letter or in person, and also that she does not exact any fees in advance. Residence 101 Sixth avenue, opposite Eighth street.

A BONA FIDE ASTROLOGIST, THAT EVERY ONE CAN depend on is Madame WILSON, who tells the object of your visit as soon as you enter her room. Madame Wilson is the greatest astrologist that ever was known. She will invoke the powers of her wonderful science, and tell all the events of your whole life. Her predictions are so true that they surprise every one that consult her. Some ladies may get a little timid, though they need not fear, for she practises nothing but what is recognizable to philosophers. All should consult this most wonderful and mysterious lady, as it might save them many miseries and give them good luck for life. Madame Wilson's extensive knowledge both of science and human nature, combined with age and experience, renders her abundantly adequate to penetrate the veil that conceals both the past and the future, and with the greatest accuracy divine with regard to distant friends and relatives, travelling by sea or land; friendship and enmity, health and longevity, property lost or mislaid, love and courtship, success in any undertaking, &c. All this will be told correctly from the second house of the Celestial Constellations. Madame Wilson is also assisted by spirits of a high order. Ancient astrologers and astrologist, of whom I am a descendant. Madame Wilson's powers were inherited from her grandsires in the science of astrology. Madame Wilson stands unrivalled as to her powers of adaptation and gifts of illustrations, even by Combe, or the immortal Spurzheim. Her advice has never been known to fail. N. B.—Madame Wilson is in possession of the celebrated magic charms, which are ever certain in their effect. Truly may she be called a most wonderful woman. Residence 199 Allen street, between Houston and Stanton streets over the bakery. Fee in full, for ladies and gentlemen, 50 cents.
