FINANCIAL AND COMMERCIAL.

FRIDAY, August 22—6 P. M.

Wall street wears a more cheerful aspect to-day, and people's minds seem vastly relieved. Every one who has money is trying to lend it on call, and in many instances 3 and 3½ are gladly accepted, though 4 is still the standard rate in the street. A large sale of certificates of indebtedness knocked the price down to 99½ this morning. Mr. Chase would render a signal service to the community if he would make known the number of certificates of indebtedness now on the market. Demand notes were quoted this morning at 107⅞ a 108, but fell this afternoon to 107¾. The deposits at 4 per cent in the Sub-Treasury to-day fell short of $200,000. It requires a victory to impart activity to these deposits and to the conversion of currency.

Bills of exchange are very dull. There is, in fact, no demand at all to speak of. Some of the bankers put their rate up this morning to 128, in consequence of the advance in gold, but soon lowered it to 127½. Even at the latter figure there was no business worth mentioning. Gold was run up this morning by the speculators to 116 a ⅛, but at the advance more gold came out than it was convenient to carry, and the prevalence of more cheerful news of the military situation led a general decline. At the second board gold was not worth more than 115¾ a ⅛.

The stock market took an upward turn to-day, as might have been expected after the downward plunge of the past two days. Rumors were set afloat early in the day which produced a cheerful feeling; and speculators, hastily concluding that their fright yesterday and the day before had been premature, rushed into the market to buy the stocks which they had sold. Thus: Central, which was done yesterday at 92, was in demand to-day at 93¾; Erie preferred, which sold down to 67¾, was held this afternoon at 69, and the Western shares in proportion. Comparing the closing prices of the day with those of yesterday, we note an advance of ¼ in United States registered sixes, ⅜ in coupons, ⅛ in 7.30 notes, ⅛ in Virginias, ⅝ in Missouris, 1 in Pacific Mail, ½ in Central, ⅛ in Erie, ¾ in Erie preferred, ⅞ in Hudson River, ⅜ in Harlem, ¾ in Harlem preferred, ⅛ in Reading, 1¾ in Michigan Central, 1 in Southern old, 2 in guaranteed, 1¼ in Illinois Central, ⅝ in Galena, 1¾ in Toledo, 1¼ in Rock Island, 1 in Burlington and Quincy. At the close of the second board there was a disposition to await further news before operating, and the market was called dull, the following being the quotations:—

After the board Central declined ⅞ and Erie ¼; Michigan Southern old advanced ⅛. There was very little business done.

The imports of dry goods for the week amounts to over two millions, against a million same week last year and three and a half millions same week in 1860. People will soon begin to inquire whether foreign dry goods will not bear a somewhat higher duty still.

The business of the Sub-Treasury was as follows to-day:—

Satterthwaite says of American securities:—

The market for American securities has, since our last, been steady, with a moderate amount of business. The reduction in exchange, reported by telegrams from New York, has induced more buying of railroad bonds, those of the New York Central being in especial demand. There has also been a good inquiry for Illinois Central and Atlantic and Great Western bonds, the latter closing buyers at 65¾, and Virginia six per cent are in demand from 45 a 46½. Illinois shares have been freely dealt in from 49½ a 50½ discount, while in Erie shares the transactions have been quite unimportant.

The exchanges at the Bank Clearing House this morning were $23,960,871 34, and the balances $1,788,881 19.

The Lawrence, Tremont and Suffolk Manufacturing companies, of Lowell, have each declared a semi-annual dividend of four per cent to-day, payable the 28th instant; besides which each has set aside two more dividends of the same amount for next year.

The earnings by the Chicago, Burlington and Quincy Railroad line (310 miles) for the second week of August were $53,491 34, against $41,163 22 for corresponding term in 1861, showing a gain in 1862 of $12,328 12.

The Wilwaukee and Prairie du Chien Railroad earned the second week of August:—

SALES OF REAL ESTATE.

A RARE OPPORTUNITY FOR CAPITALISTS OR PERsons seeking Country Residences.

The subscriber offers for sale his Country Residence, recently surveyed and laid out so that it can be divided in to three distinct parcels, each having a water front and most splendid building sites. The property consists of 300 acres, a fine, stylish old mansion in a lawn of fourteen acres of forty shade trees, native and imported, innumerable and of great variety, a garden tastefully designed and stocked with fruits and flowers; outbuildings, including farm house, yachtsman's cottage, "fronting on a fine harbor," and a bowling alley. The situation has unequaled advantages for either a private residence or for speculation, having a bold shore on the Sound a mile in extent, two sides belted by creek and inlet, one side by the main road; the lands tracing the rivers gently slope either way, so that every building site commands fine views of the Sound and surrounding country. Two-thirds of the sites can have water fronts. The place is perfectly healthy, water excellent, and air invigorating. Distance from the city 18 miles by New Haven Railroad; business men can reach the city from this place in less time than from Harlem by the avenue cars.
