The work must be commenced within sixty days after the signing of the contract, and be finished within the term of two years—the contractor to lay 2,100 metres of said block per month, and 2,100 metres of sidewalk. The price of the 50,000 metres of paving is set down at $1 65 per metre, payable by the City Council in municipal bonds, who seven per cent interest per annum, amortizable in ten years, and paid when due to the holder. For this purpose these bonds will be delivered to the contractor as the acceptance of the works executed, which will be done monthly, the coupons thereof being received in payment of the municipal taxes, and the City Council will devote yearly in their budget, as obligatory expenses, the sum requisite for the payment of the interests and amortization of the capital. The payment of the 50,000 metres concrete sidewalk is set down at $1 20 per square metre, and will be made to the contractors one-half in six months after the work is executed and accepted, and the other half at the end of the succeeding six months. If bids be offered for the performance of the above work at lower figures than those fixed by the corporation, the contractor will have the right to execute the amount of square metres of pavement and sidewalk necessary to cover the sum of $50,000, to which the two contracts combined will be extended in such case.

To be a bidder, parties must deposit in the City Council offices, in cash or in shares of the Spanish Bank of Havana, the sum of $25,000, which sum the contractor will lose if he should not fulfil strictly all the conditions of the contract.

THE FIREMEN.

AT A MEETING OF WASHINGTON ENGINE COMPAny No. 4, held at the engine house Sept. 16, 1862, and the company having received intelligence of the death of our brother member, Charles J. Boon, who fell nobly at the battle of Manassas, the following resolutions were unanimously adopted:—

Whereas, in the death of our late brother member, Charles J. Boon, this company has lost one of its most useful members, who has endeared himself to us by his sterling qualities as a man and his noble devotion as a fireman, a soldier and a patriot.

Resolved, That, while we bow in submission to the Divine will, we should be admonished that in the midst of life we are in death.

Resolved, That we tender to the family of our deceased brother our heartfelt sympathy for the sad and melancholy bereavement they are called upon to endure; tempered, however, with the consolation that he nobly did his duty, and that he fell in a good cause, a true and noble patriot; and we assure them that this their grief is our grief, their loss is our loss.

Resolved, That, as a token of respect to his memory, the engine house be draped in mourning for thirty days, and that a copy of the above resolutions be sent to the family of the deceased, and that they be published in the Jersey City Standard, New York Herald and Sunday Mercury.
