Alleged Murder on Board the Ship Francis B. Cutting—Cruelty at Sea.

SUPREME COURT—CIRCUIT.
Before Hon. Judge Leonard.

JAN. 22.—*The People* vs. *Oliver.*—Mr. Edwin James, on behalf of the prisoner, dwelt with much force upon the cruelties perpetrated upon the crews of the commercial marine of this country. He depicted the horrors of a voyage where the man were under the irresponsible tyranny of uneducated and violent men. There was a law higher than all human law—the law of nature and of the natural instincts of self-defence. The deceased had violated that law and the prisoner had obeyed it. The jury having been in deliberation all night were unable to agree upon a verdict, and were discharged by the Court.

Police Intelligence.

SACRILEGIOUS JUVENILES.—Francis McManus, Paul Turner, Michael Cody, James H. McLaughlin, John Friat, Robert Smart, Charles Cowan and Patrick H. O'Brien were taken into custody by the Fourth precinct police on charge of breaking into the Oliver street Baptist church, and stealing therefrom forty-five Bibles. The accused, it is alleged, tore off the covers of the books, and sold the leaves to a junk dealer for waste paper. Alderman Hall committed the entire batch for trial.

FINANCIAL AND COMMERCIAL.

THURSDAY, Jan. 22—6 P. M.

Money is more abundant to-day, and the brokers have been very fully supplied at 6 per cent. In the course of a day or two, if the supply continues as large as it is, the market will relax, so that lenders will be glad to advance money on the old margins. At present it is still usual to exact margins of 20 a 25 per cent. Commercial paper sells at 5 a 7; debt certificates at 95¾ a 96.

Gold continues to fluctuate between 147 and 148; it sold to-day at 147⅞, ¾ and 148, closing 148 bid. The volume of speculation in gold has been considerably reduced of late. Exchange is not very active, and rates are lower. Bankers' bills are offered at 163, and we hear of sales of first class bills at 162½.

The stock market continues greatly excited; but the movement in prices was not uniform to-day. Operators are beginning to discriminate somewhat, and the fancies fluctuate sharply in consequence. Thus at the morning board to-day, while Pacific Mail rose 11 per cent, Harlem old fell 4, and Harlem preferred 10. The decline in the Harlem stocks was net unexpected, and can have taken no judicious operator by surprise. The movement in the general railway list was quite irregular. Erie old rose 1, Hudson 2, Michigan Central ⅛, Panama 5, Terre Haute and Alton 5, Terre Haute preferred 2⅞; while on the other hand, besides the Harlems above mentioned, Southern old fell 2, Pittsburg 1⅛, Galena 1, Toledo 1½, and Rock Island 2. At one moment, after the decline in Harlem, the market presented quite a panicky appearance; but the news of the decline very quickly brought in new buyers, and prices rallied. If all the world begins to use their means in speculating in stocks—as seems to be the case—it is clear that there will be developed a scarcity of stocks, as well as of stock brokers, and no reaction can be counted upon for more than a few hours. At the public board the market again presented a strong appearance, the principal favorites being the Erie, Terre Haute and Alton, Galena and Rock Island stocks. There was likewise a movement in Missouris, which rose 2⅛ per cent. At the second board the market was irregular. Erie preferred, the Harlems and Toledo were ⅛ and 1 per cent lower; other stocks were steady at the prices of the one P. M. board. At the four P. M. session of the public board the market was greatly excited; but prices were uniformly lower. There seemed to be a general desire on the part of holders to realize profits, and the heavy speculators, who are waiting to buy, have no objection to letting the market fall 1 or 2 per cent, Harlem old fell 4 per cent, making 10 per cent since last evening, Erie 2, Erie preferred 1, Southern old 2⅛, guaranteed 1, Galena 1, Toledo 1½, Rock Island 1½. At the close there were indications that bottom had been reached, the buyers at the decline being in excess of the sellers. The following were the quotations at half-past five:—

At the Erie Railroad Company's meeting, held to-day, a dividend of five per cent was declared on the preferred stock, and the President was directed to prepare a statement of the business of the year for publication. Some of the street speculators are dissatisfied with this dividend, and think it ought to have been larger. But *bona fide* stockholders will think all the more of their property because it appears to be administered in a conservative spirit, and not in view of Wall street. In the course of six months another 3½ per cent will be declared on the preferred, and very probably, if business continues fair, 3½ on the old stock at the same time. This is all that reasonable men can expect. An effort is being made by influential parties, who sold out their Erie stocks some time since, to bear the market by inuendo, in the hope of getting them back at a decline from present prices. In the present temper of the public, and with the present prospects of the road, they are likely to find the enterprise more exciting than profitable.

The business of the Sub-Treasury was as follows to-day:—

Receipts	$491,072 90
—For customs	158,000 00

The Chicago and Alton stock has been placed on the board list. Under the new organization the debt is $8,200,000. The earnings in 1862 were nearly $1,250,000, which will give nearly seven per cent on the whole debt and stock. The receipts for the first two weeks of January were $40,000 against $32,000 same period last year.

The Hartford and New Haven Railroad has declared a semi-annual dividend of three dollars per share, free of government tax, payable February 2; the Greenwich Insurance Company, a semi-annual dividend of six per cent, free from government tax, payable on February 2.
