FINANCIAL AND COMMERCIAL.

MONDAY, March 9—6 P. M.

To-day's bank statement compares as follows with that of last Monday:—

Week end'g.	Loans.	Specie.	Circulation.	Deposits.
Feb. 28	$179,958,842	39,517,256	8,739,969	173,912,695
March 7	181,098,322	39,705,089	8,693,175	174,689,212
Increase	$1,139,480	192,833	—	776,578
Decrease	—	—	46,794	—

The movement thus continues steadily onward towards increased expansion. The bank deposits increase, and their loans naturally follow. Even the specie rises week by week. The city banks now hold nearly forty millions of gold—a sum twice as large as they would hold if they were specie paying institutions, and large enough, if distributed among the public, to knock the premium on gold to 25. We have seen a draft of a brief but very thorough bill which is to be introduced into the Legislature, prohibiting loans on gold, pronouncing them void, and forfeiting the charter of any bank which lends on gold. Other similar measures are being prepared in other quarters. The democratic and republican members of the Legislature appear to be unanimous on this subject, and the prospect is fair that before another fortnight elapses every loan on gold in the city will be called in. The following are Senator Connolly's resolutions, to which allusion has been made in this column:—

Resolved, That the Bank Superintendent be, and is hereby directed to ascertain, under oath, of the president, cashier or secretary of each banking or trust company in each of said cities, and report without delay to the Legislature—

First—The amount of gold and silver held by each of said banks, savings banks or trust companies at the date of such report, as its own property, and the amount held on deposit, the names of the depositors and the amount of loans on gold and silver, certificates of deposit of gold or silver or checks payable in gold or silver, outstanding at that date, and to whom made.

Second—The amounts which each bank, savings bank or trust company in said cities have loaned on deposits of gold or silver, the amount of certificates of deposit issued on deposits of gold and silver, and the amount of checks payable in gold or silver, certified since the 1st day of July, 1862, the dates of such loans, certificates or certified checks, and the names of the parties to whom such loans were made, such certificates issued, or in whose favor the checks were certified.

Third—The amount loaned by each of said banks, savings banks or trust companies on certificates of deposit of gold or silver issued by other banks, saving banks or trust companies, or on checks payable in gold drawn by individuals on other banks, savings banks or trust companies, since July 1, 1862, the names of the banks, savings banks or trust companies issuing such certificates, or of the individuals drawing such checks, the date, to whom issued and the amount.

Fourth—The amount of gold or silver bought or sold by each of said banks, savings banks or trust companies since July 1, 1862.

Fifth—The amount of United States bonds or other government securities, besides legal-tender notes, which they now hold or have held since the 1st day of July, 1862, the amount that they have sold and the amount of profit or loss realized on such sales since July 1, 1862.

Resolved, That the superintendent of Insurance Companies be, and is hereby authorized and directed to ascertain, under the oath of the President and Secretary of each insurance company in said cities, and report without delay to this Legislature, the same facts required in the five preceding sections, as fully and particularly as though such insurance companies were named therein; and,

Resolved, That said banks, savings banks and trust companies be, and they are hereby directed to file reports under oath as aforesaid, containing all the information herein called for, with the Superintendent herein specified for each, within fifteen days from the date of the passage of these resolutions.

The money market is very easy. Call loans are freely offered on good stock collateral at 6 per cent. Mercantile paper is very scarce, and sells at 5 a 6 per cent. Debt certificates—interest payable in gold—are approaching par; those on which the interest is payable in currency are only one per cent less.

Gold was steadier to-day, mainly in consequence of the demand from the bears for delivery. The Wall street operators have actually cornered the market. Of course this difficulty will be but temporary, and the belief in a further decline is universal. It opened this morning at 155¼, rose to 157, sold at 157⅛ a 158 in the afternoon, and closed 158¼ bid. Exchange sold in small amounts at 173½, and closed 173 a ½. Many of the leading houses prefer to sell at 110¼ for gold, thus relieving themselves from the duty of watching the gold market.

The stock market was quite buoyant to-day, mainly, as it appeared, in consequence of the diversion of speculation from gold to stocks. Pacific Mail, which closed at 170 on Saturday, rose this morning to 177, 178, 177½, and closed in the afternoon at 179¾ bid. The prevailing belief is that the new bull party in this stock are going to buy all the stock that can be bought in this market under 200, and the famous Washington short sellers are in a bad way if they have not covered. The railway list was all better this morning. Erie rose 1¼, Erie preferred 1, Harlem 1, Harlem preferred 2½, Michigan Central 1¼, Southern old 1, Cleveland and Pittsburg 2⅝, Galena ¾, Toledo 1¼, Rock Island 1¾, Fort Wayne 1, &c., &c. Governments were hardly so firm. At the one P. M. session of the public board the market was strong, and the public appeared to be free buyers. At the afternoon board the market was strong. Pacific Mail rose to 180, and the railway shares were in lively demand. At the four P. M. session of the public board the market continued strong and active. Quicksilver rose from 53 to 58. At the close the following were the quotations:—

Mr. H. Tracy Arnold, of the firm of Satterlee & Co., was unanimously admitted to the board on Saturday; on the previous day Mr. Alexander Taylor, of Taylor Bros., was admitted.

The exchanges at the Bank Clearing House this morning were $65,134,546 22, and the balances $2,707,756 63.

The Lawrence Manufacturing Company will pay a dividend of $100 per share on the 12th inst.

PROPOSALS.

PROPOSALS FOR $400,000.—"VOLUNTEER SOLDIER Family Aid Fund Bonds, Number Five."—Sealed proposals will be received at the Comptroller's office, until Saturday, March 28, 1863, at two o'clock P. M., when the same will be publicly opened for the whole or any part of the sum of four hundred thousand dollars of the "Volunteer Soldier Family Aid Fund Bonds, No. 5," authorized by an ordinance of the Common Council, approved by the Mayor, February 28, 1863, and an act of the Legislature of the State of New York, passed March 6, 1863.

The said Bonds will bear interest at the rate of five per cent per annum, payable semi-annually on the first day of May and November in each year, and the principal will be redeemed November 1, 1887.

The proposals will state the amount of bonds desired and the price per one hundred dollars thereof, and the persons whose proposals are accepted will be required to deposit with the Chamberlain of the city, within five days after the opening of the bids, the sums awarded to them respectively.

On presenting to the Comptroller the receipts of the Chamberlain for such deposits, the parties will be entitled to receive bonds for equal amounts of the par value thereof, bearing interest from the dates of payments.

Each proposition should be sealed, and endorsed, "Proposals for Volunteer Soldier Family Aid Fund Bonds, No. 5," and enclosed in a second envelope addressed to the Comptroller.

The right is reserved to reject any or all of the bids if the interest of the Corporation require it.

MATTHEW T. BRENNAN, Comptroller.
