A STRIKE FOR WAGES.—PIERS 31, 33 AND 36 North river, New York and Erie Railroad Company.—The object of this is of great consequence. Times are so that no man of family can maintain himself without higher wages. We strike for $1 50 cents per day and 25 cents per hour over time; in case of Sunday, two days. We demand that and we will support it. If any man comes to work under these wages he will walk overboard. Times now are not to be compared to past times; provisions are so high and everything belonging to housekeeping that it is impossible to purchase them. We had a great excitement down there this morning. Niggers are the object. Every man supporting the above lines is loyal and united. We remain, yours and truly. MANY MEN.

THE REBELLION.

ARMY AND NAVY SUPPLIES.
[From the Evening Post.]
AN EXCELLENT SYSTEM.—One of our most indefatigable of business men, Mr. M. S. Friend, has inaugurated a new system of business that cannot fail to meet the approbation of our merchants and citizens generally, besides the officers of the naval and military services. At Mr. Friend's establishment, situated at No. 4 Dey street, country merchants, families, ships, stewards, army and navy officers can be supplied with stores, wines, teas, cigars, or in fact anything that may be necessary for family purposes or persons about to undertake a journey. Mr. Friend's plan of business is promptness and fidelity. A steward of a ship upon leaving his order need not trouble himself to select the goods, but can leave it to the admirable judgment of Mr. Genet, a gentleman long connected with the navy, who will send them on board the vessel carefully packed, as good, if not better in quality, than if the steward had chosen them himself. A reading room is attached to the building, writing materials furnished, and a registry of military and naval officers is kept. We cheerfully call attention to the above facts, as the proprietor is most responsible, and the want of such a place has long been felt by the community.
