DR. STERLING'S AMBROSIA

will cause the hair to grow in the most luxuriant manner. It is a sure preventive against baldness, prevents the hair falling out or turning prematurely gray. Will restore gray hair to its original color by curing the disease of the scalp. Put up in boxes containing two bottles. Price $1.

CERTIFICATES.

This is to certify that about eighteen months ago I commenced using Sterling's Ambrosia. My hair was short, thin, and rapidly falling out. I had tried many hair tonics, invigorators, &c., without receiving any benefit. Soon after using the Ambrosia my hair ceased falling out, and commenced growing so rapidly as to astonish me. Now my hair is thick, soft and glossy, and is five feet four inches in length, when let down, reaching to the floor. This wonderful result I attribute solely to the use of Sterling's Ambrosia, as since I commenced using it I have applied nothing else to my hair. MRS. LUCY A. BROWN, 493 Broadway.

LIVER COMPLAINT AND DYSPEPSIA.

It is estimated that seven tenths of all adult ailments proceed from a diseased and torpid liver. The biliary secretions of the liver overflowing into the stomach poison the entire system and exhibit the above symptoms.

After a long research, we are able to present the most remarkable cure for those horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge.

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The reports that it relies upon mineral substances for its active properties are wholly false. For the public satisfaction, and that patients may consult their physicians, we append a list of its components.

CALISAYA BARK—Celebrated for over two hundred year in the treatment of Fever and Ague, Dyspepsia, Weakness, &c. It was introduced into Europe by the Countess, wife of the Viceroy of Peru, in 1640, and afterwards sold by the Jesuits for the enormous price of its own weight in silver, under the name of Jesuits' Powders, and was finally made public by Louis XVI., King of France. Humboldt makes especial reference to its febrifuge qualities during his South American travels.

CASCARILLA BARK—For diarrhœa, colic and diseases of the stomach and bowels.

DANDELION—For inflammation of the loins and dropsical affections.

CHAMOMILE FLOWERS—For enfeebled digestion.

LAVENDER FLOWERS—Aromatic, stimulant and tonic—highly invigorating in nervous debility.

WINTERGREEN—For scrofula, rheumatism, &c.

ANISE—An aromatic carminative; creating flesh, muscle and milk; much used by mothers nursing.

Also, clove buds, orange, carraway, coriander, snake root, &c.

S. T.—1860—K.

Another wonderful ingredient of Spanish origin, imparting beauty to the complexion and brilliancy to the mind, is yet unknown to the commerce of the world, and we withhold its name for the present.

IMPORTANT CERTIFICATES.

ROCHESTER, N. Y., Dec. 28, 1861.

Messrs. P. H. DRAKE & Co.—I have been a great sufferer from dyspepsia for three or four years and had to abandon my profession. About three months ago I tried the Plantation Bitters, and to my great joy, I am now nearly a well man. I have recommended them in several cases, and, as far as I know, always with signal benefit.

I am, respectfully, yours, REV. J. S. CATHORN.
