FINANCIAL AND COMMERCIAL.

MONDAY, Oct. 26—6 P. M.

To-day's bank statement compares as follows with that of last week:—

Week ending.	Loans.	Specie.	Circul'n.	Deposits.
Oct. 17.....	$206,688,740	28,382,473	5,618,764	178,050,317
Oct. 24.....	204,013,870	28,804,915	5,799,097	172,487,506
Increase..	—	422,442	180,333	—
Decrease..	$2,624,879	—	—	5,562,721

The decrease of loans and deposits reflects the operations of the Sub-Treasury, which has gained what the banks have lost. During the current week it is understood that the disbursements of the government will deplete the Sub-Treasury and swell the bank deposits very materially. The increase of specie is rather unexpected, and indicates that the recent advance in the premium on coin has brought to light some specie which had been hoarded.

There is still an active demand for money, and the rate for call loans remains at seven per cent, although old established houses still have deposits left with them by their customers at a lower figure. The probability is that, for a while, the speculative inquiry for stocks will employ all the money offering at moderate rates, or until the expected disbursements of the Sub-Treasury ease the market.

The gold market continues excited, and the transactions are very large. The opening price this morning was 151 a ¼, from which it fell back to 149¾, and closed at 148¾. The sharp temporary advance was mainly due to the large oversales of the bears, who were buying to cover. Exchange is inactive, and buyers are holding off in the present unsettled state of the gold market. Quotations are nominally 164¼ a 165 for bankers' bills.

The week opens on a stock market exhibiting great strength and a determined upward tendency, based on the general influences which have been so long at work. Speculation this morning seemed pretty generally distributed throughout the list, the greatest advance, however, being in Pittsburg, which rose 3 per cent. The operators who have been selling this stock short are probably not aware that the company will be in a condition to pay an extra 4 per cent dividend in January if it should be deemed advisable. Appearances rather indicate that when the next outburst of speculation takes place the first favorites will be such railway shares as are earning dividends, yet are selling below par; such, for instance, as Southern old, Chicago and Alton, Fort Wayne, Terre Haute, Wabash preferred, &c. Operators in these stocks claim they are worth as much as Galena, Rock Island, &c., which command a substantial premium. At the first board to-day New York Central rose ¼, Erie ¼, Reading 1¼, Michigan Central ¼, Illinois Central ¼, Pittsburg 3, Rock Island ¼, Prairie du Chien 1, Fort Wayne ¾, Chicago and Alton 2¾, Terre Haute 1¾. Between the boards the market was still strong, and in some cases again higher, Pittsburg having touched 112¼. At the second board the indications of an advancing market were quite more plain than in the morning. All the commission houses had orders to buy stocks, and the volume of business done was unusually large. The demand was supplied in part by shorts, and partly by holders who had bought a few days since, and were content with a small profit. Erie rose ½ per cent, Harlem 1¼, and the other active shares ¼ a ¾ per cent. Pittsburg reacted ¾ from the advance of the morning. At the four P. M. call the market was irregular. Erie and Hudson River were better, while New York Central, Pittsburg and Southern old declined somewhat, as might be expected after the sharp advance of the morning. Southern guaranteed was very active, and jumped up to 156¼ a 157. The following are the closing quotations of the day:—

At a meeting of the directors of the New York and New Haven Railroad, held on Saturday, a resolution was adopted to compromise the claims against the company (without admitting any legal liability thereon) on account of the so-called spurious stock, by the issue and exchange for every two shares thereof in the hands of innocent owners of one share of new stock, provided these terms shall be agreed to, in writing, by the holders and owners of such claims on or before the 16th of November. The resolution contemplates increasing the capital stock of the company one million dollars, for the purpose of carrying the proposition into effect.

The Boston *Daily Advertiser* of Saturday remarks:—

The loan market has been well employed, and capital offered on first class commercial paper at 5 per cent, while the rates for stock and bond securities have ruled at 6 per cent and upward, according to the strength of parties negotiating. The business movement has been somewhat disturbed by the violent fluctuations in gold; but, as prices have become more settled, trade is increasing, and in many departments the action is quite lively and prices firm at the recent advance, and tending upward.

The Chicago *Tribune* of Friday thus notices money and exchange matters there:—

The demand for money is good, and the bankers have the means to supply it; but there is no surplus. Indeed some of them report it close, and therefore they are supplying customers only to a limited extent. As a whole matters are moving along smoothly. The abominable weather confines transactions to the actual necessities of commerce. New York exchange is working closer, or perhaps the supply of currency is relatively better. Only favored customers obtain it on par, and only on large drafts. Some of the banks do not sell below ¼ 10. We quote the range par a ¼ discount buying and par a ¼ premium at the selling rate. On collections and small drafts ¼ is the rate at most of the banks.

The North Star, arrived at this port, brings $296,705 in gold from California.

The following sale of stocks was made this day at the stock salesroom by Albert H. Nicolay, auctioneer:—

By Order of the Administrator of the Estate of R. W. Anerez, deceased.

CITY TRADE REPORT.

MONDAY, Oct 26—6 P. M.

ASHES.—Receipts 32 casks. Market quiet but firm, in view of the reduced stock, as previously noticed. Quotations nominally $7 87½ a $8 for pots and $9 12 for pearls. We hear of sales of 25 bbls. at $8 for pots.

BREADSTUFFS.—There was some excitement in the flour market consequent upon the large advance in gold, and a further advance of 10c. a 25c. was established on Western and State brands. The demand is almost exclusively for home consumption, as prices are materially higher than the limits of the very few foreign orders now here. Receipts 27,449 bbls. The sales aggregate 30,000 bbls., on a basis of $5 50 a $5 90 for superfine State (some holders refusing to sell below $6 at the close), $6 10 a $6 80 for extra do., $5 55 a $5 85 for superfine Western, $6 60 a $7 40 for common to good shipping extra Ohio, $7 35 a $9 for trade and family brands of Western, and $7 60 a $11 for St. Louis extra. Southern flour is 10c. a 25c. higher, with sales of 2,800 bbls., while the rise in Canadian is 10c. a 15c., the sales embracing 1,500 bbls. Corn meal has advanced a trifle, with more inquiry; receipts, 407 sacks; sales 500 Brandywine, part to arrive, at $5 50, closing with no sellers at that figure. Of rye flour sales of 250 bbls. were made at $5 50 a $6 40—an advance of 10c. a 15c. Buckwheat flour is selling at $3 a $3 25; receipts, 320 sacks. We quote:—

The wheat market, under a strong speculative demand, advanced 3c. a 5c. The receipts continue light, and the bulk of the purchases, it is understood, are for Western account. Notwithstanding the low rates of freight, shippers were not in the market to-day.
