FINANCIAL AND COMMERCIAL.

TUESDAY, March 29—6 P. M.

The share market was feverish and unsettled this morning, and a large number of operators and outsiders seemed to be holding off until some further developments are made by Secretary Chase in regard to his determination on the gold question. Whatever the Secretary may do in the matter, the prices of stocks cannot be influenced to any great extent by his action. As long as money remains easy their course will be upward, and nothing now can check their advance but the work of contraction, which does not seem likely soon to begin, particularly when we take into consideration the fact that the issues of the new national banks, which are gushing out of the fountain at Washington will in a short time be counted by tens of millions a month. Compared with the highest cash sales at the first meeting of the Board of Brokers yesterday, Erie preferred advanced 1¾, Reading 1¾, Milwaukee and Prairie du Chien 2¾, Galena and Chicago ¾, Pacific Mail 1, and Quicksilver Mining 2. New York Central declined 2 per cent, Erie ¾, Hudson River 1, Harlem ¾, Michigan Central 4¾, Michigan Southern 1, Illinois Central ¾, Cleveland and Pittsburg ¾, Cleveland and Toledo 2¾, Chicago and Rock Island 2, Cumberland Coal 2, Canton Company 1½, and Mariposa Mining ½.

In the afternoon the market was strong, and a general advance in prices took place. New York Central closed at 144¾, Erie 125¼, Erie preferred 114¾, Reading 148¾, Hudson River 157¾, Harlem, which commenced to go up after the morning session, 127¼—an advance of 19 per cent over the morning sales; Milwaukee and Prairie du Chien 84¾, Michigan Southern 140¾, Michigan Central 140¾, Illinois Central 140¾, Chicago and Alton 96, Northwestern 67¾, Cleveland and Pittsburg 125¾, Galena and Chicago 126¼, Rock Island 125, Fort Wayne 144, Pacific Mail 233, Cumberland Coal 83½, Quicksilver Mining 78½, and Canton Company 70.

Gold opened at 166¾; but that price could not be maintained, and under the influence of the demand for gold certificates the quotations for coin settled down to 164¾. The speculators were in a high state of excitement, owing to their inability to trace out the future course of the market with any degree of satisfaction to themselves

We feel constrained by a sense of duty to continue to caution the public in regard to the numerous bubbles that are now being inflated and taking the name of mining companies. Probably not one in a hundred will ever be anything more than a shadow, and many of them are simply intended by those who have become instrumental in their formation as stock-gambling cards, to be thrown away as soon as the game of swindling the people is played out. Operations similar to these mining companies have at various times in years past been spread out before the public as a bait to catch small capitalists and relieve them of a portion of their money, and the lesson which was thus taught should now be turned to profitable account.

The transactions at the office of the Assistant Treasurer to-day are thus reported:—

Amount on hand	$33,775,553
Receipts from customs	251,000
From other sources	3,697,290
Total	$37,729,843
Payments	5,025,259
Balance	$32,704,384

The amount of the government ten-forty loan subscribed for at the Sub-Treasury was $202,700.

The First and Second National Banks of this city have been authorized by the Secretary of the Treasury to receive subscriptions to the new ten-forty five per cent loan, and notice is also given that a commission will be allowed to all banks, bankers and dealers for the disposal of the bonds. It was at first stated that no commission would be allowed in negotiating the loan; but we presume that Mr. Chase has had misgivings in regard to its success at the low rate of interest at which it has been offered, which prompted him to change his determination in this respect, and to offer a percentage to all who would interest themselves in procuring subscriptions.

Since the commencement of the present month the stock of the Milwaukee and Prairie du Chien Railroad has run up from 66½ to 85. The cause for this large advance may be found, no doubt, in the satisfactory exhibit of its affairs. The road runs from Milwaukee, through the city of Madison, the capital of the State of Wisconsin, to Prairie du Chien, on the Mississippi river, and from Milton, on the main line, through Janesville to Monroe, embracing two hundred and thirty-five miles of main track and twenty-five miles of side rail. The liabilities of the company are as follows:—

Bonded debt	$2,014,500
Eight per cent first preferred stock	1,456,500
Seven per cent second preferred stock	1,014,000
Common stock	2,761,800
Total stock and debt	$7,246,800

—The gross earnings of the road during the year 1863 were $1,247,257, from which the following items of expenses are to be deducted:—

Operating, &c., 63½ per cent	$793,747
Reconstructions	31,615
Instalment due sinking fund	204,480
Dividends on preferred stock	159,000
Total	$1,184,902

—And there remains a surplus due the common stock from the receipts of the year of $62,355. From the 1st of January to the 14th of March, the present year, the earnings were $254,806
Same time last year 162,986
Increase 92,019

—It is estimated, upon a lesser rate of increase than the above presents, that the gross receipts of the present year will amount to at least one million eight hundred thousand dollars, which, after deducting the ordinary expenses for operating the road, the dividends on the preferred stock, and the usual instalment to the sinking fund, will leave for the holders of the common stock over two hundred and thirty-eight thousand dollars, or about eight and a half per cent.

The following comparative statement shows the average condition of the leading items of the Philadelphia banks for the past and previous week:—

	This Week.	Last Week.
Loans	$36,695,415	36,412,923
Specie	4,096,401	4,099,664
Legal tender	11,972,045	12,144,994
Deposits	33,156,496	32,835,098
Circulation	2,357,168	2,349,132

—The exhibit shows a further increase of $282,492 in loans, $321,398 in deposits and $17,636 in circulation. The legal tender notes declined $172,949 and the specie $5,263.

Counterfeit five dollar bills on the Canton Bank, of Bangor, Me., are in circulation in Boston. They will probably soon make their appearance in this city.

A semi-annual dividend of three per cent on the capital stock of the Chicago and Rock Island Railroad Company has been declared, payable at the office of the company in this city on and after the 11th of April. The transfer books will be closed on Friday next, and reopen on the 9th.

The earnings of the Ohio and Mississippi Railroad during the month of March were over two hundred thousand dollars, against one hundred and forty-six thousand in the same month last year.

The subscription lists for the loan of $1,100,000 first mortgage bonds of the Chicago and Great Eastern Railway Company, which were opened with Messrs. Schuchardt & Gebhard and M. Morgan's Sons, have been closed, the loan having been filled.

The flour market was 5c. a 10c. lower, with a moderate demand at the decline The absence of any export demand worth mentioning, and the prospect of increased receipts under the lower freight tariff by lake and canal transportation, soon to be resumed, cause increased pressure to sell, notwithstanding the assumption that flour is relatively much cheaper than other staple commodities. Sales 7,500 bbls. State and Western, 600 Southern, 750 Canadian and 200 rye flour within our range. Of corn meal 250 bbls Jersey sold, chiefly at $5 50. We quote:—

Other kinds, in the absence of sales, were entirely nominal, and we omit quotations. In rye we heard of sales of 8,000 bushels North river, to arrive, at $1 28. Barley was quiet, with sales of 1,500 bushels State at $1 31, and of barley malt 4,500 bushels sold at $1 50. Oats were a trifle off, and less active. We quote Canadian at 89c. a 90c., and State and Western at 89½c. a 90½c. Corn ruled quiet, and prices were without decided change. Sales of 27,000 bushels at $1 33 for old Western mixed, in store, and $1 29 a $1 29½ for new crop Jersey and Southern yellow.

PROVISIONS.—Receipts, 75 bbls. pork, 2,451 packages cut meats, 1,986 do. lard. The fall in gold, though without marked effect on the market for provisions, nevertheless had the effect to render the market depressed, and holders were obliged to accept of rather lower prices. The demand for pork was moderate, and sales at yesterday's prices could not be effected to any extent. A reduction of 25c. a 50c. a barrel induced some buyers to come forward, and a fair business was consummated at the concession noted. Beef was in moderate demand at yesterday's prices. A concession was nevertheless granted by anxious sellers. The sales were about 2,500 bbls. crude at 32½c. for 40 a 47 gravity, on the spot, and 33c. a 33½c. for April; 1,500 bbls. refined, in bond, at 50c. a 51c.; 1,200 do., free, 58c. a 62c., including straw to prime light straw to white, on the spot, and 500 do standard, for April, understood at 66c. SPELTER.—We have only to note sales of 25 tons Belgium at 7½c. in gold.

SUGAR.—The demand continued active, and the sales were 1,200 hhds. at 14¾c. a 17c. for New Orleans, 16c. a 16½c. for Cuba muscovado and Porto Rico, and 180 do. New Orleans by auction at 14¾c. a 16½c.

TEAS.—The market ruled buoyant, and large sales were again reported, comprising about 10,000 packages from first and second hands on private terms, but at full previous prices.

TOBACCO.—The demand remains quite limited; prices are firm. Sales 91 hhds Kentucky at 9½c. a 24c.; 68 bales. Havana, p. t.

WHALEBONE was active. Some 25,000 lbs. Arctic and Ochotsk sold at $1 45 a $1 42.
