FINANCIAL AND COMMERCIAL.

FRIDAY, Oct. 26—6 P. M.

The railway share market continues buoyant and excited, and the tendency of prices is strongly upward. The speculative feeling is becoming more decidedly "bullish" every day, and the number of outside operators is rapidly on the increase. The fact that a large "short" interest of long standing exists among the old conservative houses contributes materially to the strength of the bull movement, which is evidently far from its culminating point. The remainder of the present year promises to eclipse the speculative period of 1863-4, and prices will not improbably rise higher than they did then. Yet on referring to the highest prices in 1864, and comparing them with those now current, we find that they are considerably below that point, as the following statement shows:—

	Highest 1864.	*Oct. 26, 1866.*
New York Central	145	119¾
Erie	126¼	83¼
Hudson	164	125
Reading	165	115⅞
Michigan Central	157	92¾
Michigan Southern	118¾	92¼
Illinois Central	138	125¼
Cleveland and Pittsburg	132	92¾
Northwestern	88	57¼
Northwestern preferred	97	80¼
Rock Island	149¾	109¾
Fort Wayne	152¾	109¾

To-day the most active and buoyant of the railway shares have been Erie and Northwestern, and there has been a very strong demand for both, under which the former rose to 84¾, and the latter to 57¾. At the same time there was a well distributed business in all the leading stocks, attended with more than ordinary excitement. The bulls are sanguine; because real values and the condition of the money market are equally favorable to the success of their ventures, and are likely to remain so for an indefinite period to come. Loans were made freely to-day at four per cent on miscellaneous securities to first class stock houses, and at 3 a 3½ to a few of the leading dealers in governments; but there were a number of exceptions to highly speculative and weak houses at 5 per cent. Owing to the supply of the best grade of commercial paper, which is discounted at 5 a 6 per cent, being extremely light, the banks and other large lenders have to rely almost entirely upon the Stock Exchange for the employment of their funds and the increased activity of business thereon affords them the desired opportunity. There is no probability, however, of any other than an easy money market at this centre during the remainder of the year, at least. The Western centres are experiencing increased monetary ease, and Chicago is the only city that fails to report a superabundance of currency, although even there it is admitted that the supply is equal to the demand. The Cincinnati *Gazette* of yesterday remarks:—

At this time there is a superabundance of money, with a very moderate demand for discounts, and no inquiry of consequence for call loans. Bankers are not anxious, however, to invest in long paper, and rates of interest are maintained at 8 a 10 per cent. On call, money is obtainable on first class collaterals at 5 per cent. There is a full supply of exchange, but, money being plenty, dealers prefer to keep their balances in New York, where they receive interest, and there is, therefore, no disposition to sell except to customers. The buying rates are par to 50c. premium, and selling 1-10th premium. In one case we heard of currency being shipped to New York. The present condition of the market, as in that of money, is easy.

The banks here report that there is no perceptible drain either Westward or Southward, and that the probabilities are favorable to prolonged ease. The second 50 per cent of the Clearing House certificates matured yesterday, and as the banks of this city hold twenty five of the forty five millions of these they have a ready means of replenishing their coffers should the demands of the Stock Exchange require it, while in the event of the necessity arising, the Secretary of the Treasury is empowered by act of Congress to make a special issue of fifty millions of new greenbacks to meet the emergency. It may be well to remark that all the Atlantic cities are equally well supplied with currency, and that the statement of the condition of the Boston banks for the week ending October 22 showed an increase of $993,000 in deposits, leaving an aggregate of $44,323,513 at their disposal, and for the whole of which they confess themselves unable to find borrowers.

At the open board at ten o'clock there was a very active demand for Erie at 82¼ a 83 and Northwestern at 57 a ⅜. The preferred stock sold at 80½ a ⅜, and Michigan Southern at 92¾ a ⅝, the chief interest of the market being confined to these. At the first regular board there was a large business transacted, at advancing prices. Northwestern sold at 57¼ a ⅜, and Erie at 83 a ⅜, the latter showing a very strong undertone, with some disposition on the part of a few of the "shorts" to cover. New York Central closed ⅝ higher than at the same time yesterday, Erie 1⅜, Cleveland and Toledo 1⅜, Rock Island ⅜, Northwestern 2⅜—preferred ⅛, Cleveland and Pittsburg ⅝, Toledo, Wabash and Western 1⅜, Atlantic Mail 1⅜, Cumberland ⅝, Mariposa mining ⅝—preferred 2⅜. Erie preferred was ⅝ lower, Fort Wayne ⅜, Western Union Telegraph ⅜. Chicago and Northwestern convertible bonds were ⅜ higher. North Carolina sixes were ⅜ lower. Government securities were neglected. Coupon five twenties of 1862 were ⅛ lower, seven-thirty notes of the first series ⅜. At the one o'clock sessions the market was very firm, with a further improvement in prices on a portion of the list, Erie selling up to 84¼. At the half-past two board there was no material change either in prices or the speculative temper. New York Central closed ⅜ higher than at the first board, Erie ⅞, Rock Island ⅜, Pacific Mail 2, Quicksilver ⅛, Cumberland ⅜, Mariposa ⅛—preferred ⅜. Michigan Southern was ⅛ lower, Cleveland and Pittsburg ⅛, Northwestern preferred ⅛, Toledo, Wabash and Western ⅛, Ohio and Mississippi certificates ⅛; Western Union Telegraph ⅜. There was a solitary transaction in governments, namely, five-twenties of 1865, at 111.

At the last open board the market was steady in tone, but with a decline of 48 a 48¾ upon a portion of the list. New York Central closed at 119¾, Erie 83¾, Reading 116, Michigan Southern 92¾, Cleveland and Pittsburg 92¾, Cleveland and Toledo 120, Rock Island 109¾, Northwestern 56¾—preferred 80, Ohio and Mississippi certificates 33¾, Quicksilver 55¾. Subsequently the market became a shade firmer, the speculative interest still being mainly confined to Erie, Northwestern and Michigan Southern. At half-past five the following quotations were current:—Ohio and Mississippi certificates 33¼ a ⅜, Cumberland 61 a ¼, Quicksilver 55¾ a ⅜, Mariposa preferred 31¾ a 32, New York Central 119¾ a 120, Erie 83⅞ a 84, Michigan Southern 92¼ a ⅜, Cleveland and Pittsburg 92¼ a ⅜, Rock Island 109½ a ⅜, Northwestern 57⅛—preferred 80 a 80¼, Fort Wayne 109¾ a ¼. Compound interest notes were quoted thus by the buyers:—June, 1864, 116¾ a 117; July, 116¼ a ⅜; August, 115¾ a 116; October, 114¼ a 115; December, 113¾ a 114; May, 1865, 111¾ a 112; August, 110¾ a ⅝; September, 110 a ¼; October, 109¾ a 110¼.

The gold market was rather heavy and without animation. The opening price was 148, followed by a decline of ⅝ and an advance to 148⅝, from which point there was a steady recession to 147¾, succeeded by a reaction to 148. After this it gradually drooped to 147, the closing quotation. There was a moderately brisk borrowing demand, and loans were made at 1-16 a 3-16 early in the day, but the rate subsequently fell off to 1-32, while after the close of delivery hours two per cent was paid for having coin carried.

There was a large business transacted in foreign exchange, although the supply of bills in the market is very limited. Rates, consequently, showed an upward tendency, and this firmness operates of necessity against the decline of the gold premium. Bankers' bills on England, at sixty days, were quoted at the close at 109¼ a 109¾; at three days, 110 a 110¾; commercial, 108 a 109; France, long date, 5f. 15c. a 5f. 17½c.; short sight, 5f. 12½c. a 5f. 13¾c. Continental bills were nominally as under:—On Berlin 72¼ a ⅞, on Bremen 78¾ a 79¼; on Frankfort 41¼ a 41¾, on Amsterdam 40¾ a 41¼, on Hamburg 36¼ a 36¾, on Antwerp 5 20 a 5 15. The latest quotations for American securities and consols in London were as under:—

	Oct. 23.	*Oct. 24.*	*Oct. 26.*
Consols	89⅞	89⅞	89½
United States five-twenties	69	68¾	68⅝
Erie	50¼	50½	50¼
Illinois Central	78¼	78	77½

The Colorado gold stocks show continued activity, although the market for them during the last few days has been irregular under the hammering of the bears, assisted, doubtless, by sales to realize profits. The chief activity to-day has been confined to Corydon, the transactions in which were enormous, while La Crosse was next in point of interest, and prices generally showed a sharp tendency towards recovery from the previous slight depression.

At the first board Nye gold closed 12c. higher than at the same time yesterday; Corydon 30c., Ophir 16c., La Crosse gold 40c., Atlantic and Pacific 10c., Quartz Hill 65c. At the second board Nye gold closed 3c. higher than at the first board, selling at 65c; Quartz Hill 40c., solitaire at $6 40; La Crosse gold was 15c. lower, selling at $3 75 (a. 3); Ophir gold 5c., selling at $7 25. Corydon was steady, with large transactions at $6 50, and Montauk at 66c.

The business at the Sub-Treasury in this city to-day was as follows:—

Total receipts	$3,108,319
Customs	321,000
Payments	823,808
Balance	98,656,284
Gold notes	1,144,000

COMMERCIAL REPORT.

FRIDAY, Oct. 26—6 P. M.

ASHES.—Receipts 14 packages. The market was unchanged in every respect.

BREADSTUFFS.—Receipts, 13,964 bbls. flour; 1,800 bags corn meal; 15,100 bushels wheat; 700 do. oats; 4,120 do. malt, and 34,763 do. barley. The market for State and Western flour was steady and firm to-day, under a fair demand from the local trade and for shipment to constwise ports—the British Provinces, West Indies, &c.—and a fair business was transacted at about yesterday's prices, the sales comprising 15,000 bbls. at the appended quotations:—Southern flour was in fairly active demand and prices were well maintained. The sales comprised 400 bbls. For rye flour the inquiry was fair, but on account of the limited offerings only a small amount of business was done. Sales 400 bbls., mainly at from $7 a $8. Corn meal was quiet but steady, with sales of 500 bbls. Brandywine at $5 75. We quote:—

—The wheat market ruled steady and firm though the demand was moderate. The supply being mainly in small lots, however, holders were enabled to realize full if not improved prices. In some cases quotations are advanced 1c. a 2c. per bushel, but the advance was not universal. The continued small receipts favor the belief that the speculators maintain control of the West as well as here. The business done to-day was light, comprising about 36,000 bushels at $2 35 a $2 40 for No. 2 Milwaukee, and $2 40 for new white Michigan, $2 40 a $2 42 for mixed spring, and $3 10 for fair amber State, the last to arrive. The corn market opened quiet, but subsequently ruled more active, and in the absence of receipts prices advanced 1c. a 2c. per bushel sound Western mixed being sold at $1 15 in store and $1 16½ afloat, closing $1 16. The sales comprised about 260,000 bushels, at $1 13 for inferior, $1 15 a $1 15½ for shipping mixed Western in store, $1 16 a $1 16½ for do. afloat, and $1 16 a $1 18 for yellow Western and $1 18 a $1 19 for white Western. Oats were in moderately active demand at previous prices, with further sales of 56,000 bushels, including Chicago and Milwaukee at 65c. a 68c., and State at 70c. a 71c. Rye was in moderately active demand, but, owing to the limited offerings, there was no business of consequence, and prices were nominal. Barley continued in active demand, and prices were again in seller's favor. The sales were 135,000 bushels, including Canada West at $1 13 a $1 14 in bond, $1 22 a $1 24 for do., duty paid, $1 22 for State and $1 18 for Western. Malt was steady but quiet.

COTTON.—The market for all kinds was moderately active at full prices. The stock of Rio embraces 39,633 bags, including the Parlen's cargo, which still remains in stock. We were misinformed yesterday in regard to its having been sold. In Maracaibo there was a considerable movement yesterday, the sales—not previously reported—reaching 8,000 bags, at from 17½c. a 19½c., gold, duty paid; 350 bags Laguayra were sold to-day on private terms.

COTTON.—Further reports from certain localities of the South, received here to-day, go to substantiate the accounts of a blighting frost, previously received, and a more active demand, based on the probabilities of a reduced crop, was developed. Prices ruled firmer, closing at the improvement shown in the quotations below. The sales were mainly to speculators, and comprised 3,700 bales. Receipts, 2,662 bales. We quote:—

	Upland.	*Florida.*	*Mobile. N.O.& T.*
Ordinary	34	34	35 35
Low middling	37	37	38 38
Middling	38	39	40 41
Good middling	41	41	42 43

FREIGHTS continued quiet to Liverpool, and rates were nearly nominal. To London a fair trade was done, the shipments of barley during the past two or three days imparting greater firmness. The engagements were—To Liverpool, per steamer, 9,000 bushels barley, at 4d. per 48 lbs.; 3,500 boxes cheese, at 20s. To London, 9,600 bushels corn, at 5½d. a 6d., and per steamer 20,000 do. barley, at 6d.; 50 ¾ boxes tobacco, at 2s. 6d., and 88 bbls. apples, at 5s. To Bremen, 200 bales cotton, at ⅝c., and to Glasgow, per steamer, 9,000 bus. barley at 4d. The charters were:—A vessel with 2,200 bbls. petroleum, to Gibraltar for orders, at 5s.

FISH.—The market for dry cod has been more active, but a slight decline has been submitted to, the sales comprising 6 50 quintals at $3 12½ a $3 25 for St. Georges, closing firm at the outside price, and $7 37½ a $7 50 for Grand Bank. Mackerel have been in moderate request, with sales of 2,300 bbls. No. 1 bay at $18 50 a $19. Other kinds, particularly No. 3, ruled very firm, in view of the small supply. Box herring were steady at 60c. a 50c. for scaled and No. 1. Of barreled herring sales were effected of two cargoes Labrador on private terms.

HEMP.—For Manila a fair demand has prevailed, and full prices have been realized, the market closing firm at 11c., gold, on the spot. The stock of this description is quite reduced, and concentrated in a few hands. Sisal was held at 13c. The sales were 4,000 bales Manila, to arrive, at 10½c., gold.

HOPS.—Selections commanded better prices, but other kinds were without particular change. The stock of prime and choice qualities is very low. We note sales of 200 bales, partly at from 29c. a 29½c., all for consumption.

MOLASSES.—A more active demand prevailed—largely for grades best suited to the requirements of distillers—and prices continued very firm, with a rising tendency on the most desirable grades. The sales are mainly to arrive from Portland, Boston and other ports, though partly on the spot—three cargoes of centrifugal, chiefly at 43c., two cargoes stayed on private terms and a cargo of muscovado, comprising 500 hhds., 16 tierces and 195 bbls., strong 35c. a 40c. We quote:—Centrifugal and refined, 38c. a 42c.; clayed, 44c. a 48c.; muscovado, 45c. a 48c.; Porto Rico, 50c. a 70c.; New Orleans, 80c. a 90c.

NAVAL STORES.—Crude turpentine was quiet—last sale was made at $6 75. The market for spirits turpentine continued unsettled and irregular, and at the close either buyer or seller manifested but little disposition to operate largely. Moderate sales were effected at 80c., but higher prices were generally demanded. The market for rosins also continued quiet, but all grades remained firm, excepting common, which sold at a slight advance. The business was confined to 850 bbls. common at $5 50 a $5 62½; 600 do., No. 1, at $9 50 a $10 25, chiefly at $9 50 a $10, and including 100 bbls. extra pale, reported at $15, and 500 do., strained, at $5 75 a $6 12½, chiefly at the outside price. Tar was steady at our last quotations.

OILS.—Linseed continued quiet, and we heard of no important transactions. Crushers quote $1 53 a $1 55. For fish oils, the market has ruled very quiet, but firm at $2 75 for crude sperm, $2 80 for unbleached winter do., and $1 45 for bleached winter whale. Lard oil was steady at $1 70 a $1 80. City distilled was steady at $1 a $1 05.

OILCAKE.—We heard of no sales, but prices were without decided change.

PROVISIONS.—Receipts, 436 bbls. pork, 79 do. beef, 120 packages cut meats, and 191 do. lard. The pork market was buoyant and firmer under an active demand, and prices for cash pork advanced 50c. a 62½c. per bbl., with a probability of another rise before the "corner" is turned. The advance, be it understood, is purely the result of speculation, there being a difference of about $1 50 in the price of cash and regular pork. The sales were tolerably heavy, comprising upwards of 15,000 bbls. at $26 12 a $26 cash for new mess; $32 85 a $33 regular for new mess, $32 for old mess, and $28 25 a $28 50 for prime; also, for future delivery, nearly 10,000 bbls new mess at $32 62½ a $32 75, seller ten days; $32 25, seller fifteen days; $33 for the first half of next month; $29 50 a $29 75, seller for all of next month; and $26 87 a $26 95, seller all of January. The beef market was quiet but steady; sales 250 bbls. at $12 50 a $18 50 for new plain mess, $18 a $25 for new extra mess. Beef hams were dull at $35 a $36, with no sales of consequence. Bacon was neglected, but being scarce was held with firmness. Cut meats were in limited request only, and sellers were anxious to realize; the sales were 200 packages, at 14c. a 14½c. for shoulders and 16½c. a 18½c. for hams. The lard market continued dull and nominal; 16c. may be regarded as the nominal outside price for round lots of kettle rendered Western, though trifling lots were sold at 16½c. a 16¾c. The sales were 300 packages, mainly at from 15½c. a 16c. Butter and cheese were without particular change, with small trade sales at full prices.

SUGAR was moderately active on a basis of 10½c. a 10¾c. for fair to good refining Cuba, the market closing firm but quiet. Sales of 1,000 hhds., at 10½c. a 12½c. for Cuba; 12c. a 12½c. for Porto Rico and 300 boxes Havana, partly at 11½c. The estimated stock of sugar is 47,000 hhds., 47,500 boxes, 57,000 bags and 26 melado. The closing quotations are nominally as follows:—Inferior to common refining, 9½c. a 10¼c.; fair to good refining, 10½c. a 10¾c.; fair to good grocery, 11c. a 11½c.; prime grocery, 12c. a 12½c.; Porto Rico, 10½c. a 14½c.; Nos. 6 a 11, 9¾c. a 11½c.; No. 12, 11½c.; Nos. 13 a 15, 12¼c. a 12½c.; Nos. 16 a 20, 14¾c. a 15¼c.

TOBACCO was fairly active at about previous prices, with further sales of 350 hhds. Kentucky at from 5c. a 20c.; 164 cases old Ohio at 9c., 92 cases new do. at 6c., 98 cases new Connecticut at 12½c., 175 cases State at from 10½c. a 12½c., 168 cases miscellaneous seed leaf at from 5c. a 16c., 50 bales Havana and Yara at 85c. a $1 10, and a small parcel fine Havana wrappers at $2.
