FINANCIAL AND COMMERCIAL.

MONDAY, Jan. 13—6 P. M.

This has been a day of great excitement in the gold room. The market opened at 138⅞, and after touching 138⅝ advanced steadily to 140, the closing price prior to the adjourning of the board, following which it advanced to 141, and the latest quotation was 140⅝ a 140⅞. The speculative transactions were very heavy and mainly in favor of a rise. There was a moderately active borrowing demand for coin, and loans were made at rates ranging from three to seven per cent for carrying and without interest. The gross clearings amounted to $99,040,000, the gold balances to $2,819,618 and the currency balances to $3,687,430. The Reconstruction bill, a copy of which was telegraphed from Washington on Saturday evening, was the principal cause of the advance early in the day, and afterwards the proceedings in Congress this afternoon led to the further rise above 140. Men who received private telegrams from Washington, reporting what had transpired in the House of Representatives, immediately gave orders to buy gold. The vote to suspend the rules in order to allow of action upon the Senate bill relating to the Supreme Court was regarded as a sure sign that it would pass, as well as the new Reconstruction bill suspending civil government in the South, and both are looked upon as revolutionary in their character, while the restoration of Stanton by the Senate is regarded as certain, and the possible consequences are difficult to foresee. Meanwhile the distrust thus occasioned is reflected in the course of gold, the tendency of which is still upward.

The stock market has been irregular, and at intervals excited, during the day. Its tendency was slightly downward early in the forenoon, and the announcement of a heavy defalcation on the part of James Leverich, the second teller of the City Bank, somewhat unsettled it. The amount was stated as high as $350,000, but the officers of the bank have not yet ascertained the full extent of the fraud. Money was in good demand from the Stock Exchange, owing to the increased activity of speculative business, but the supply was superabundant at 5 a 7 per cent, with most of the transactions at six. The leading dealers in government securities were enabled to borrow nearly all they required at five per cent; but this rate was exceptional among borrowers in general. First class commercial paper passed freely at the legal rate, and the amount offering is limited.

The statement of the associated banks of this city for the week ending on Saturday last differs in no particular from the figures already published, the legal tender notes having increased $1,641,915, the specie $6,498,242, the deposits $7,764,739 and the loans $3,429,426, the only item which has decreased being the circulation, to the amount of $40,257. The banks are now in a stronger position than they have been for many months past, and at this time last year their condition was as understated, the differences appended being those between the two returns dated respectively January 12, 1867, and January 11, 1868:—

	Jan. 12, 1867.	Jan. 11, 1868.
Loans	$238,935,488	Dec., $5,764,765
Specie	14,613,477	Inc... 4,609,379
Circulation	32,825,103	Inc... 1,269,034
Deposits	292,517,608	Dec... 7,682,083
Legal tenders	63,246,370	Inc... 506,746

There was a strong and excited market for government securities on the street all day, and the investment demand at the counters of the leading dealers was very active. Considerable purchases of five-twenties of 1862 and 1865 were made for shipment by the foreign bankers, and the advance in these was most marked, in consequence of their sympathy with gold. The entire list improved to the extent of ½ a 1⅛ per cent, and at the close the tendency was strongly upward under a brisk demand, which was stimulated by the further advance in gold after the adjournment of the board.

At the commencement of business the stock market developed a reactionary tendency, and at the early session of the open board it was dropping but active. Erie declined to 75½ and Rock Island to 97½. At the first regular board, Erie having meanwhile sold down to 75¼, there was diminished pressure to sell, and prices experienced a partial recovery, while the market gained strength as the call progressed. New York Central closed ⅜ lower than at the same time on Saturday, Erie 1¼, Reading ⅝, Cleveland and Pittsburg ⅜, Rock Island ⅜, Northwestern ⅜, do. preferred ⅝, Fort Wayne ⅜, Pacific Mail ⅜, Quicksilver 2⅛, Michigan Central was ¼ higher, Cleveland and Toledo ⅜, Milwaukee and St. Paul 1, Cumberland Coal ⅜, Western Union Telegraph ⅜. Government securities were buoyant. Sixes of 1881 closed ¼ higher, coupon five-twenties of 1862 ⅜, issue of 1864 ⅜, issue of 1865 ⅝, new issue of 1865 ⅜, new issue of 1867 ⅜, seven-thirties, second series, ⅜.

At the open board at one o'clock the market was strong, and Erie sold at 76¼, Michigan Southern at 87⅜ and Northwestern common, which was active, at 62⅜. Afterwards Erie advanced to 76⅝ a 76¾, but at the second regular board the improvement was not fully sustained, although the market had a firm undertone. New York Central closed 1⅛ higher than at the first regular board, Erie ⅜, Hudson River 2⅛, Michigan Central ⅜, Cleveland and Pittsburg 1⅛, Northwestern 1⅛, Fort Wayne ⅜, Milwaukee and St. Paul 1, Pacific Mail ⅜, Western Union Telegraph ⅜. Rock Island was ⅛ lower. Northwestern preferred ⅛, Cumberland Coal ⅜. Government securities continued buoyant. Sixes of 1881 closed ¼ higher, coupon five-twenties of 1862 ⅜, issues of 1864 ⅜, issues of 1865 ⅜, new issue of 1865 ⅜, seven-thirties, second series, ⅜. At the open board at half-past three prices declined slightly. Erie sold at 75⅞, Rock Island at 97⅜ and Northwestern at 61⅞ a 62⅜. Subsequently the market remained rather heavy, but at the close it was steady at the following quotations, the indications being that the reaction had spent its force:—New York Central, 124⅞ a 124¾; Erie, 73⅝ a 73⅞; Reading, 93⅝ a 93¾; Michigan Southern, 86⅝ a 86⅞; Cleveland and Pittsburg, 93⅞ a 94; Rock Island, 97⅜ a 97½; Fort Wayne, 101⅛ a 101⅜; Northwestern, 61⅞ a 62; do. preferred, 73⅝ a 73¾; Pacific Mail, 115⅛ a 115⅜; Western Union Telegraph, 37⅞ a 37⅞.

The foreign exchange market was dull and heavy, and although the leading drawers asked 109⅞ for their sixty days' sterling bills, sales second hand were made ⅛ a ¼ below this rate in some instances. The advance in gold was checked the demand from importers, and at the same time stimulated shipments of produce and securities.

COMMERCIAL REPORT.

MONDAY, Jan. 13—5 P. M.

COTTON.—On account of the advance in gold and the favorable cable advices from Liverpool, the market was again firmer, prices being fully ⅛c. per lb. higher. At the improvement the demand was moderately active, and the offerings were quite liberal. The sales comprised 4,459 bales, including 3,700 for speculation and export. We quote:—

COFFEE.—The market for Rio was unusually active and prices were very firm. The sales were 543 bags ex Astrea (to arrive), at 11¾d. gold, in bond; 1,800 do., ex Alliance; 1,000 do., ex Little Troop; 880 do., ex Catharina; 3,300 do., ex Nautilus; 1,100 do., ex Brave, and 2,000 do., ex Abbie Clifford, on private terms. Of other kinds we heard of no sales.

FLOUR AND GRAIN.—Receipts, 7,189 bbls. flour, 300 do. and 2,495 bags corn meal, 1,270 bushels wheat, 42,892 do. corn, 5,090 do. oats, 400 do. rye and 1,830 do. barley. The market for State and Western flour continued dull, and though prices were not generally lower some sales were made at a reduction of from 10c. to 20c., and in order to sell to any extent a corresponding reduction would have had to be made on all grades. Extra State was heavy and quotations lower. California was dull and heavy and lower; the sales were 4,900 bbls. Southern flour was also dull, but in prices there was no change of moment; sales 450 bbls. at our quotations. Rye flour was quiet, with sales of only 375 bbls. at $7 50 a $9 40. Corn meal was dull and prices were nominal. We quote:—

Superfine State and Western	$8 80 a $9 50

—The market for wheat, though exceedingly quiet, was more steady, and the few sales were at very full prices. Choice lots of Nos. 1 and 2 spring were offered very sparingly, holders generally anticipating a more remunerative market in the future. The sales were about 18,000 bushels at $2 45 for straight No. 2 spring delivered, and $3 00 for white California. The corn market was firmer, but the firmness and the firmer tone of freights occasioned almost a deadlock. The scarcity of freight room and the extreme rates demanded caused buyers to withdraw from the market, and the sales were small and confined mostly to small lots of new. About 60,000 bushels were disposed of at $1 22 a $1 35 for new Western mixed, $1 35 a $1 38 for old do. in store, $1 39 a $1 31 for white Southern, $1 20 a $1 35 for yellow do., and $1 35 for yellow Jersey. Oats were a trifle firmer and in fair demand, the sales being 60,000 bushels, at 87c. a 87½c. for Western in store, and 88c. afloat. Barley, though quiet, was firm; sales 7,000 bushels, at $1 80 a $1 85 for State and $2 10 for Canada West. Barley malt was in some demand and firm. The sales were about 12,000 bushels, at $1 85 a $2. Of rye we heard of no sales; prices were nominal.

FREIGHTS.—The market was not so active, but higher rates were asked. The engagements were:—To Liverpool, 500 bales of cotton at ⅝d. a 7-16d.; 1,700 bbls. flour at 3s. 6d.; 250 boxes bacon at 27s. 6d.; and per steamer, 7,500 bushels grain at 8½d. a 9d.; 390 bales cotton at ⅝d. a ¾d. and 300 boxes bacon at 40s. We heard of no charters not previously reported.

GUNNY BAGS.—A sale of 100 bales was made at 18½c.

GUNNY CLOTH was dull and nominal at our last quotations.

HEMP.—We heard of no transactions; 11c., gold, was the nominal price for Manila.

HAY ruled firm, with a moderate demand, at $1 20 for shipping and $1 30 a $1 60 for retail lots.

HOPS were only in moderate demand. Prices were unchanged. Sales 35 bales, at 50c. a 65c., according to quality.

MOLASSES.—There was a good demand from refiners for Cuba, prices for which were a trifle better. The sales comprised 1,125 hhds., including 535 Cuba muscovado and 390 do. clayed on private terms.

NAVAL STORES.—There was a fair demand for spirits turpentine, but sales were restricted by the increased firmness of holders, who demanded 54c. a 55c. for merchantable and shipping lots. We heard of no important sales. Rosin closed firm at $2 87½ a $3 for common and strained, $3 12½ for No. 2, $3 25 a $3 75 for No. 1, and $4 25 a $4 75 for pale. Sales, 1,325 bbls. strained at $3, and 200 do. No. 1 at $3 75. Tar was quiet, but steady, at $3 a $3 25 for Wilmington.

OILS.—Linseed was firmly held at $1 10 a $1 13 in casks and bbls., with sales of 4,000 gallons at the inside price, and 20,000 do. in Boston, for March and April delivery, reported at $1 15. Lard was steady, with a moderate jobbing demand at $1 15 a $1 20 for prime city. Other kinds were steady.

PROVISIONS.—Receipts, 266 bbls. pork, 66 do. beef, 499 do. and 100 kegs lard, 184 pkgs. cut meats and 2,079 dressed hogs. The market for pork was much more active, there being a fair speculative demand, but there was no particular change in prices at the extreme close, while old Mess was held at $21 12½, with $21 offered. New was held at $22 18, the sales, "cash and regular," were about 1,500 bbls. at $21 10 a $21 12 for old mess, $22 18 a $22 25 for new do., and $19 25 a $19 50 for prime mess. The sales for forward delivery were 2,500 bbls. new mess for March at $22 50, 250 do., last half do., at $22 62½, and 250 do. for February at $22 25, sellers' option. Dressed hogs were comparatively steady at 9¾c. a 9¾c. for Western and 10c. a 10¼c. for city. For beef a fair demand prevailed, and prices were quite steady. About 550 bbls. were disposed of at $12 50 a $18 50 for plain mess, and $17 a $20 for extra do. Tierce beef, at former prices, was in moderate demand the sales being 250 tierces prime mess, part at $24. Beef hams were sparingly dealt in, the sales being 150 bbls. at $28 a $29 for common to prime. Cut meats were steady at the quotations in our last. We heard of no important sales. Bacon was in fair demand at steady prices. The sales comprised 250 boxes at 11½c. for short rib, 12¾c. for short clear, 10¾c. a 10¾c. for Cumberland cut, and 12¾c. for long cut hams. Lard was less active in the market for tierces, previous prices for which were maintained, however. The sales were 1,100 bbls., at 12¾c. a 13¼c. for No. 1 to kettle rendered. The market for butter and cheese was without change of moment.

PETROLEUM.—Crude in bulk was moderately active and steady at 10½c., though a few small lots sold at 10¾c. Sales 760 bbls. at 10½c. a 10¾c. A lot of 1,500 bbls. for shipping order sold at 10c. For refined there was an active demand, mainly for export, and prices advanced fully ⅛c. per gallon, the market closing strong at 25c. for standard white. The sales comprised 13,500 bbls. standard white on the spot and for the month at 25c. a 25½c., and 25½c. for prime bbls. and tierces in the afternoon. In Philadelphia the market, though quiet, was firmer. Sales 1,000 bbls. standard white at 25c., 500 do. prime light straw to white on the spot and 1,000 do. standard white for February seller's option, on private terms.

RICE.—Carolina was firmly held at 9c. a 10c., owing to the small supply. We heard of no sales of consequence.

SUGAR.—There was a better demand for raw, prices for which were unchanged, fair to good refining Cuba being quoted 11½c. a 11¾c. The sales were 500 hhds. Cuba on private terms, and 500 boxes at from 10¾c. to 15c. Refined was selling more freely at former prices—viz.: 14½c. for hard, 15½c. a 15¾c. for soft white, and 14½c. a 15c. for yellow.

TALLOW was moderately active, with sales of 90,000 lbs. at 10¾c. a 11⅛c.

WHISKEY.—Receipts 344 bbls. There was no business of importance transacted; prices remained nominal.

PROCESSION OF BRICKLAYERS AND MASONS.

The various societies of bricklayers and masons of New York, Brooklyn, Jersey City, Yonkers, and delegations of similar bodies of operatives from several towns along the Hudson, met yesterday morning, by previous arrangement, at Abingdon square, at the junction of Eighth avenue and Hudson street, to suitably receive by procession the members of the Workingmen's National Union, now in this city. Many of the societies gathered at the hour appointed, but they were compelled to wait in the disagreeable, chilling blasts of the morning for several hours for the Unions from a distance intending to participate. At length they arrived, and the line, forming under the direction of Marshals Griffin and Fogarty, with a detachment of police under Sergeant Bessham leading, commenced upon the line of their route. It embraced Eighth avenue to Fourteenth street to Broadway; thence to Canal street and the Bowery, to Fourteenth street and east to Second avenue; thence to Twenty-third street and Sixth avenue, to Twenty-sixth street and Eighth avenue; thence to Convention Hall, at the intersection of Bleecker and Morton streets.

The number in the procession was four thousand, and were seemingly of the most respectable and thrifty class of our mechanics. Bands and banners, with flags of many nationalities, and marshals on foot, carrying their staves of office, gave the procession the picturesque appearance of a holiday parade. This demonstration of the bricklayers and masons and the presence of the distinct organizations are caused by a call of these artisans to meet in convention this week to adopt measures for their more perfect unity and mutual benefit.
