BOARD OF COUNCILMEN.

Condition of Broadway—More Nicolson Pavement Vetoes.

The Board met yesterday afternoon, and, in the absence of the President, Mr. Webber was called upon to preside.

The following preamble and resolution were presented:—

Whereas the present condition of the streets is almost caused by the great quantity of snow and ice encumbering the same; and whereas the present contractor for the cleaning of the streets claims that it is no portion of his contract to remove snow and ice; therefore be it

Resolved That the Street Commissioner be and he is hereby authorized and directed to take such steps as he may deem practicable in order to cause the main thoroughfare of the city to be made passable by the removal of the snow and ice encumbering the same.

Mr. GILMORE said that there was no use in pressing such a resolution until the Board found out whether the members of the Street Commission endorsed the movements of the contractor.

The Chairman decided that the resolution would have to lie over.

Mr. W. B. ROBERTS did not see the utility of the adoption of the resolution. The street Contractor and the railroad companies were the authorities which should be compelled to remove the ice and snow from the streets.

The resolution was laid over.

A communication was received from the Mayor vetoing resolutions adopted by both branches of the Common Council directing that Sixteenth street, from Fourth avenue to Rutherford place, and Irving place, from Fourteenth to Twentieth street, shall be paved with Nicolson pavement. His Honor stated that his objections to the passage of the resolutions were given in a previous communication, to which he referred their attention. The veto was laid over.

A resolution was presented and referred to the Committee on Printing and Advertising requesting the Comptroller to report what amount of balance remains on hand of the appropriation of $70,000 appropriated by the Legislature in the tax levy of 1867 for the printing and binding of the proceedings of the Common Council, together with preparing and compiling the "Corporation Manual" for 1867, no expenditure having been incurred on account of the "Manual." The Board adjourned till Saturday, at two o'clock.

OBITUARY.

Daniel Lord.

Mr. Lord died of paralysis at his residence in this city on Wednesday last, at the age of seventy-three years. He was a native of this city and began the study of law in the office of George Griffin, while Mr. James W. Gerard and F. A. Talmadge were students there. For many years he has been one of the most prominent lawyers in the city and enjoyed a large and lucrative practice. He frequently met the most celebrated lawyers of the country in legal contests, and always displayed the highest professional skill and knowledge. His line of practice was mostly in commercial and insurance litigations. He was a prominent counsel in the Schuyler fraud affair, the great Harlem bridge case, the New Haven Railroad case and the Parish will case, besides in many prize cases during the war, in which he gained great celebrity. Mr. Lord was a trustee of the John Jacob Astor estate, and treasurer of the Astor Library. He leaves a wife, five sons and two daughters and a large circle of friends to mourn his death. He was a courteous, high toned gentleman in every walk of life, and the bar as well as a host of friends will miss his presence in the courts and in his social circles.

NAVIGATION ON LONG ISLAND SOUND.

[From the New Haven Journal, March 5.]

The propeller Northampton, which left New York at four P. M. Tuesday, arrived at half-past eleven Wednesday morning. She reports the ice very heavy—never before so bad. It is with the greatest difficulty that any steamer can get through. The whole sound is frozen over from New York to New Haven. At Ferry Point a schooner loaded with coal is ashore, the ice having crowded her clear up on the rocks; a brig is ashore at Hart, Island. The steamer Bridgeport, which arrived off her pier at one o'clock, was caught by the floating ice and carried up to Blackwell's Island, and perhaps to Hell Gate, being on her backward voyage when last seen. None of the Eastern boats left New York yesterday afternoon. The NorthaRpton will leave for New York again to-night.
